Hawk calls the G.I. Joe Team together for an important meeting.

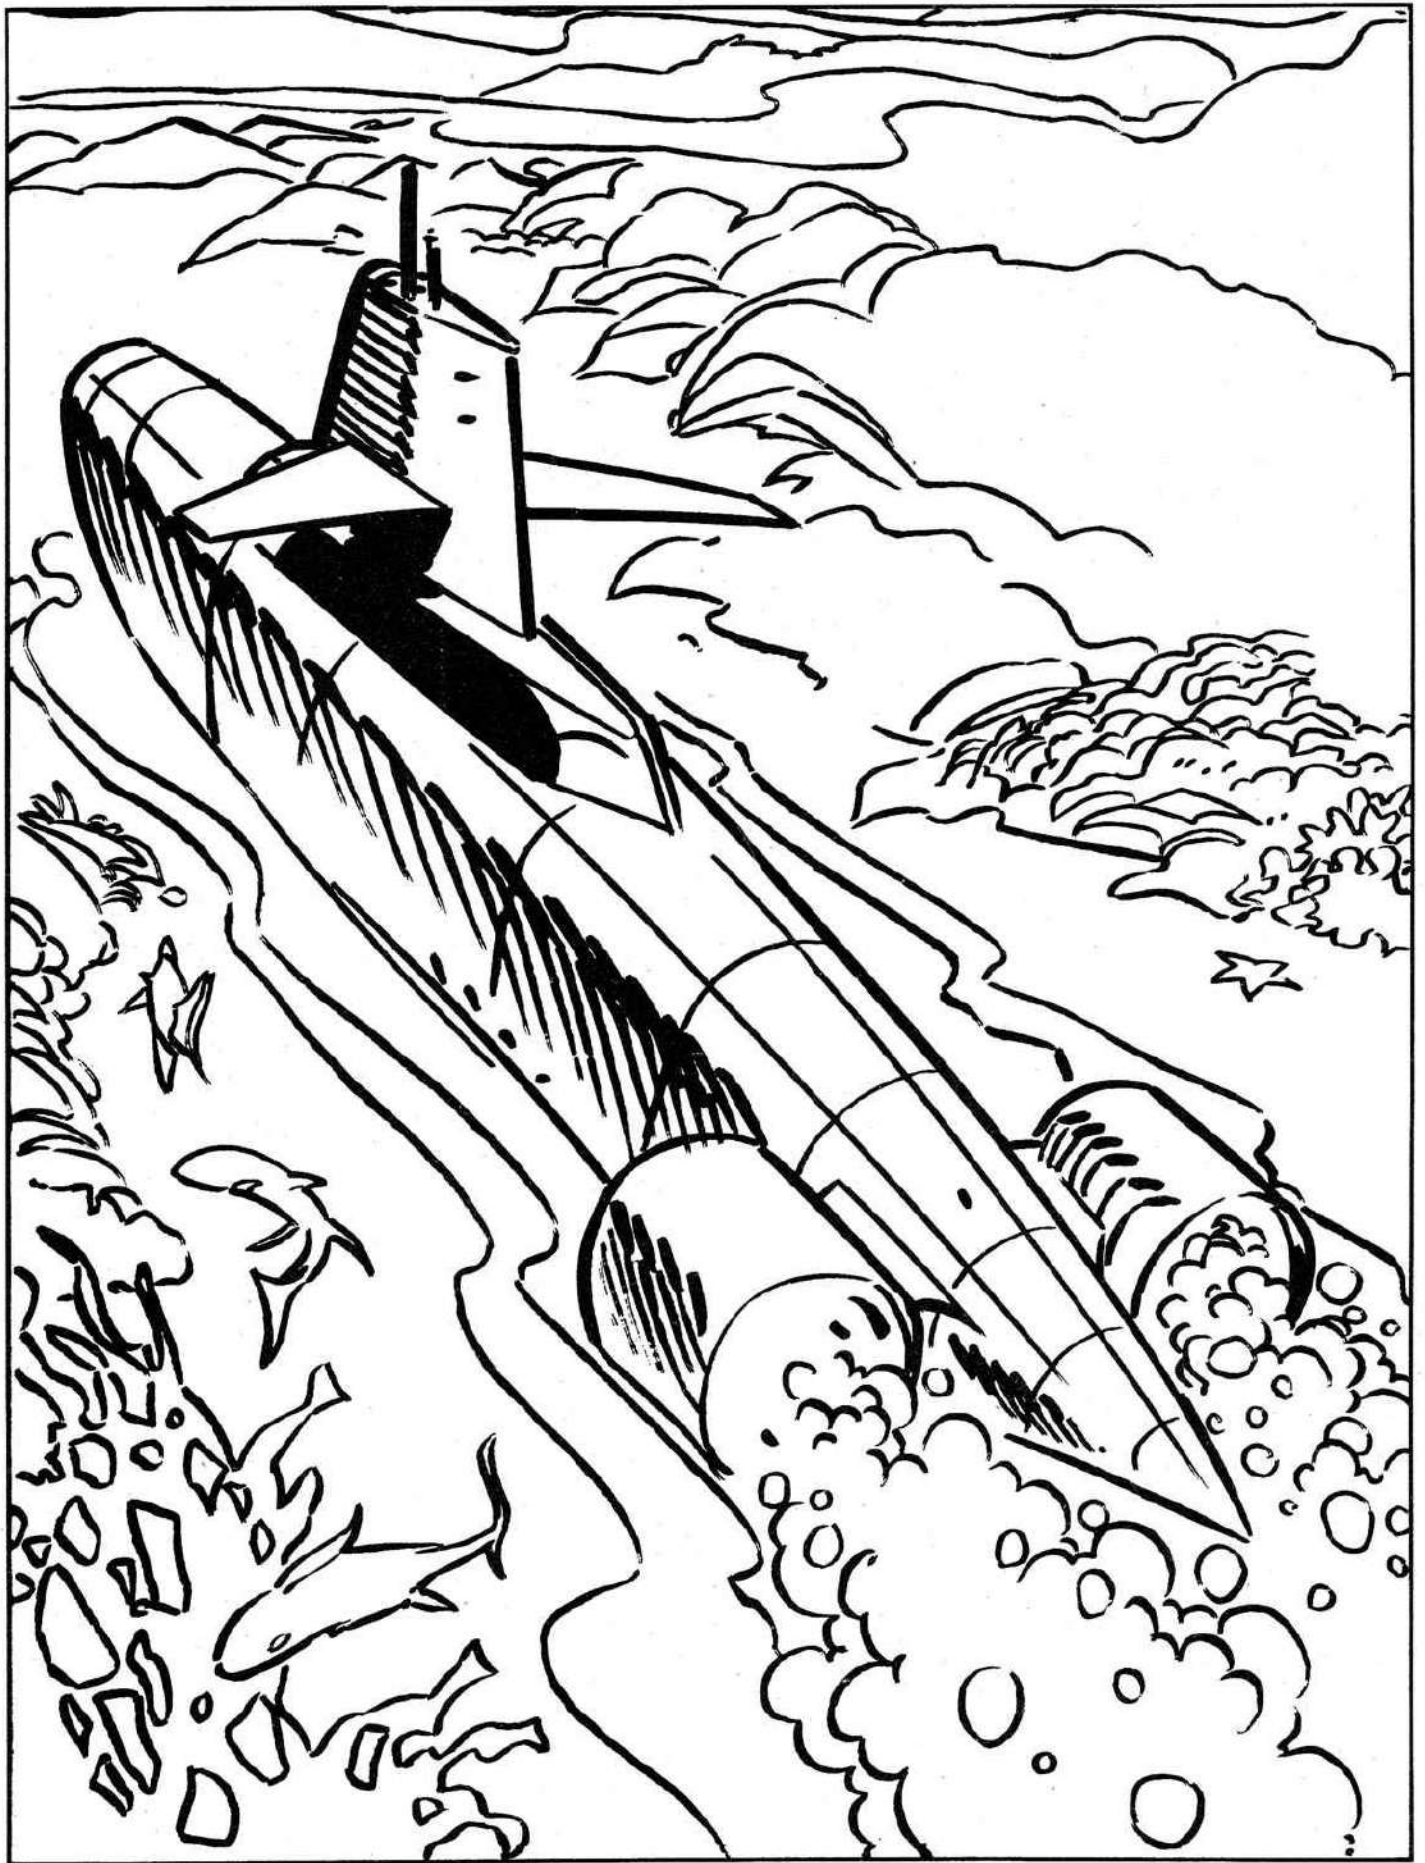

"COBRA has a secret base on Starfish Island," says Hawk.

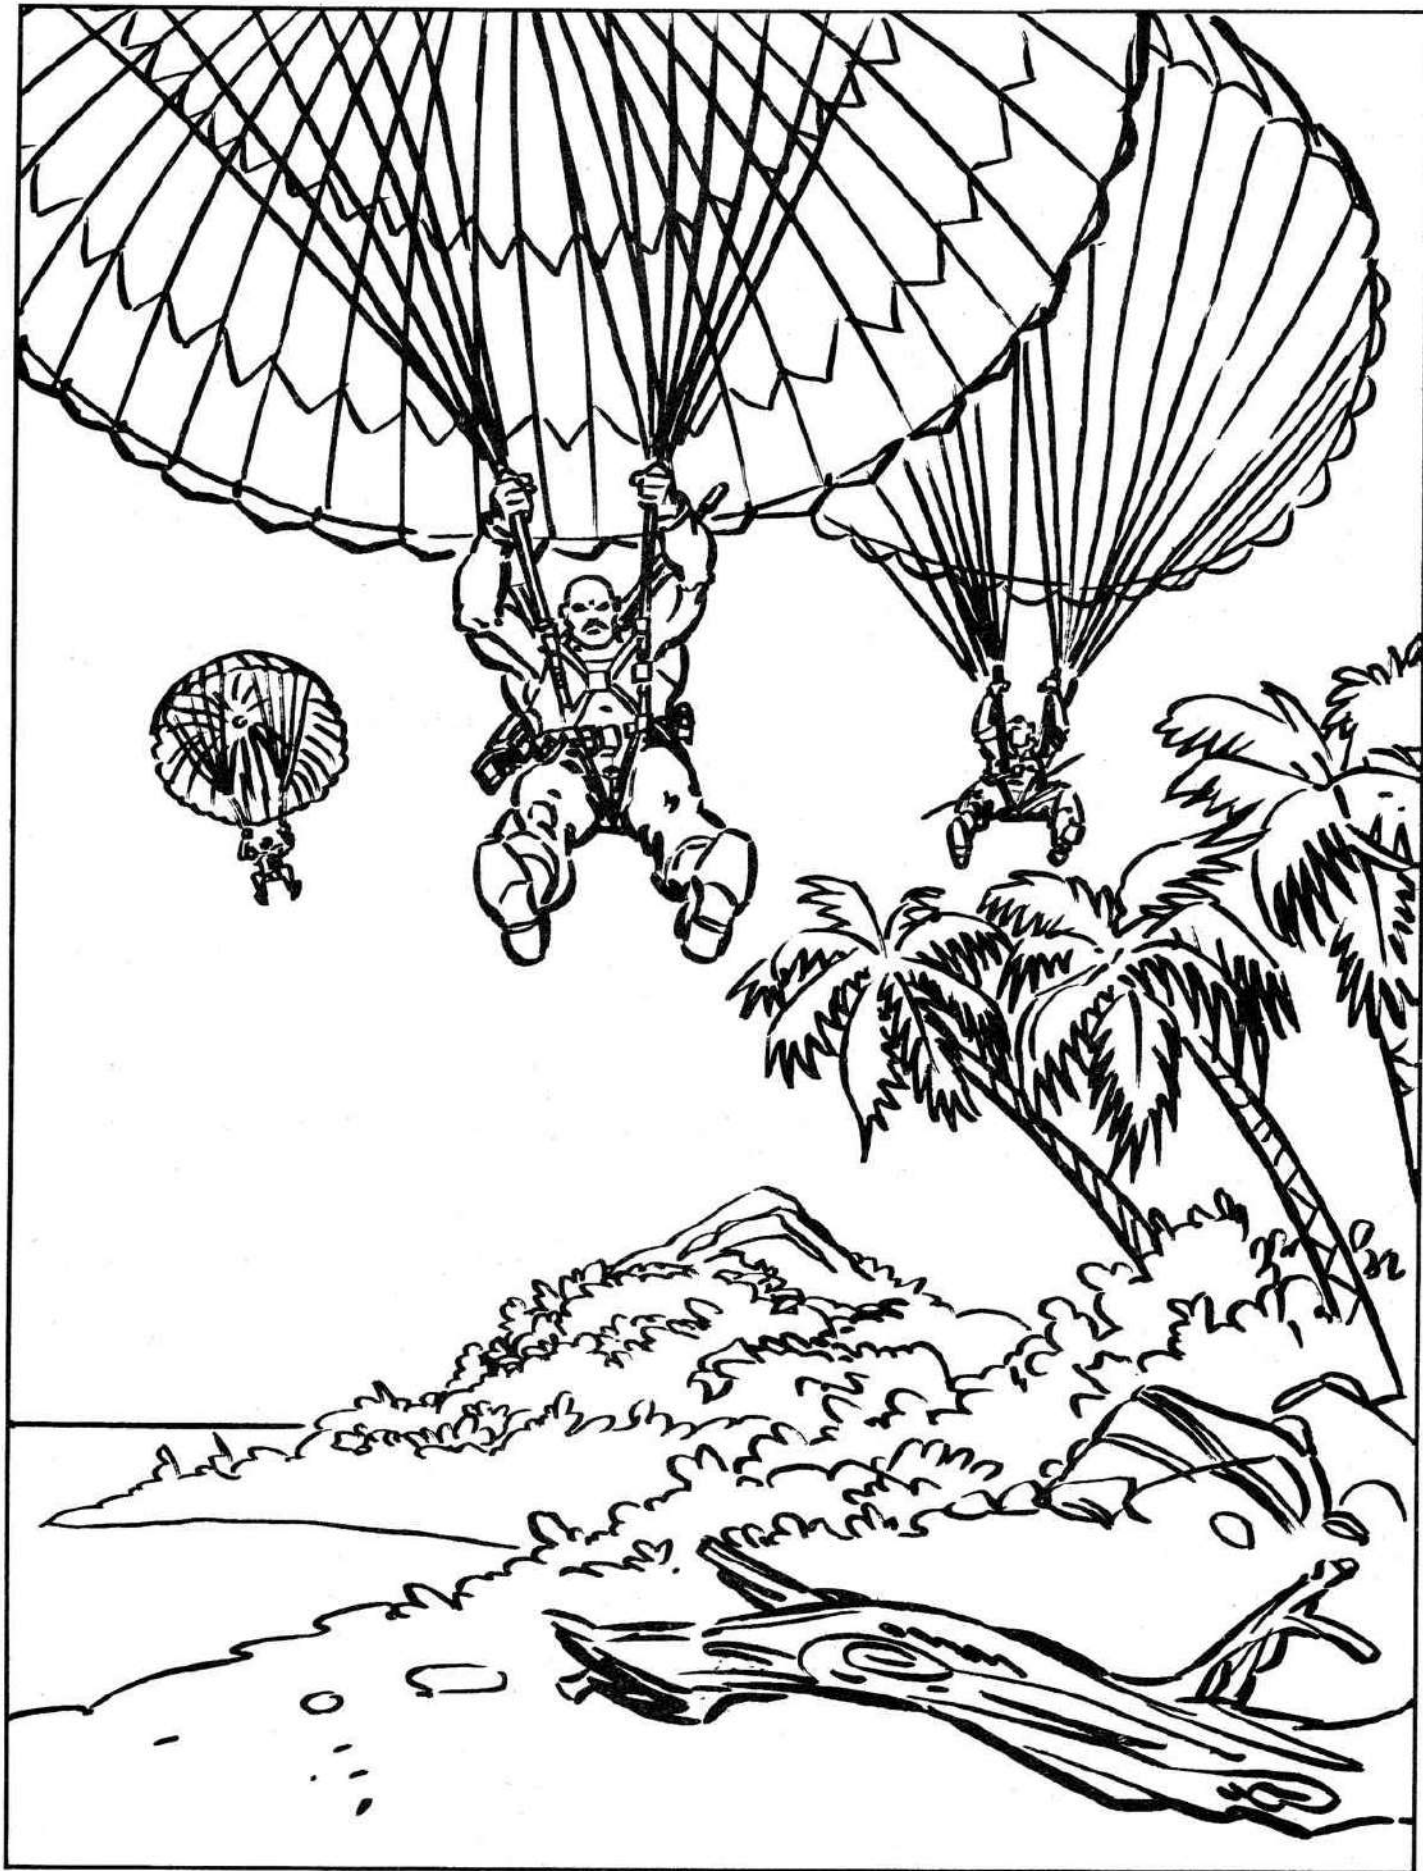

"Our mission is to find out what COBRA is up to."

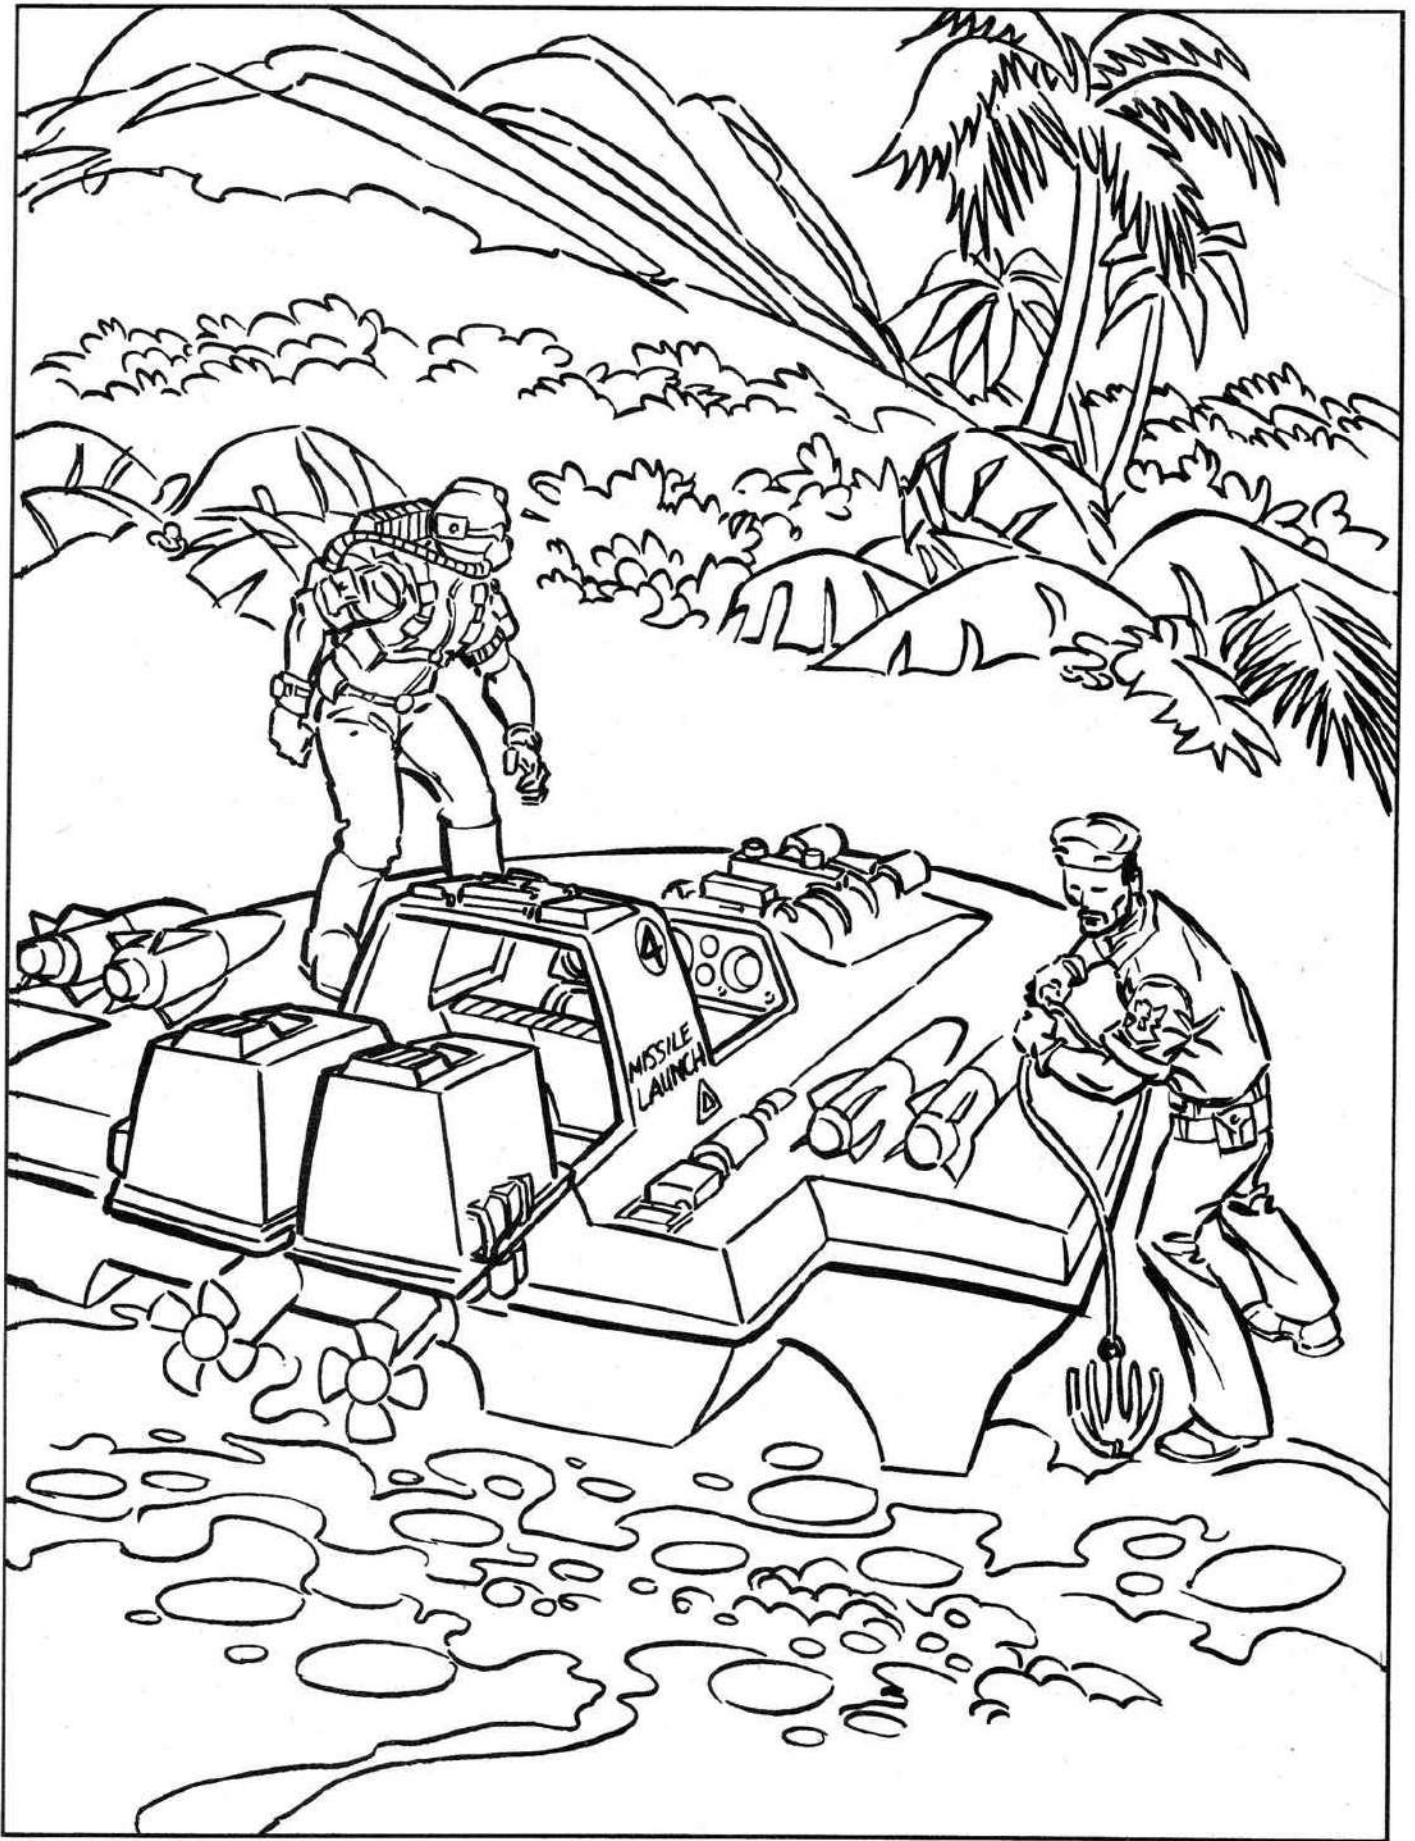

One G.I. Joe Team speeds to the island by submarine.

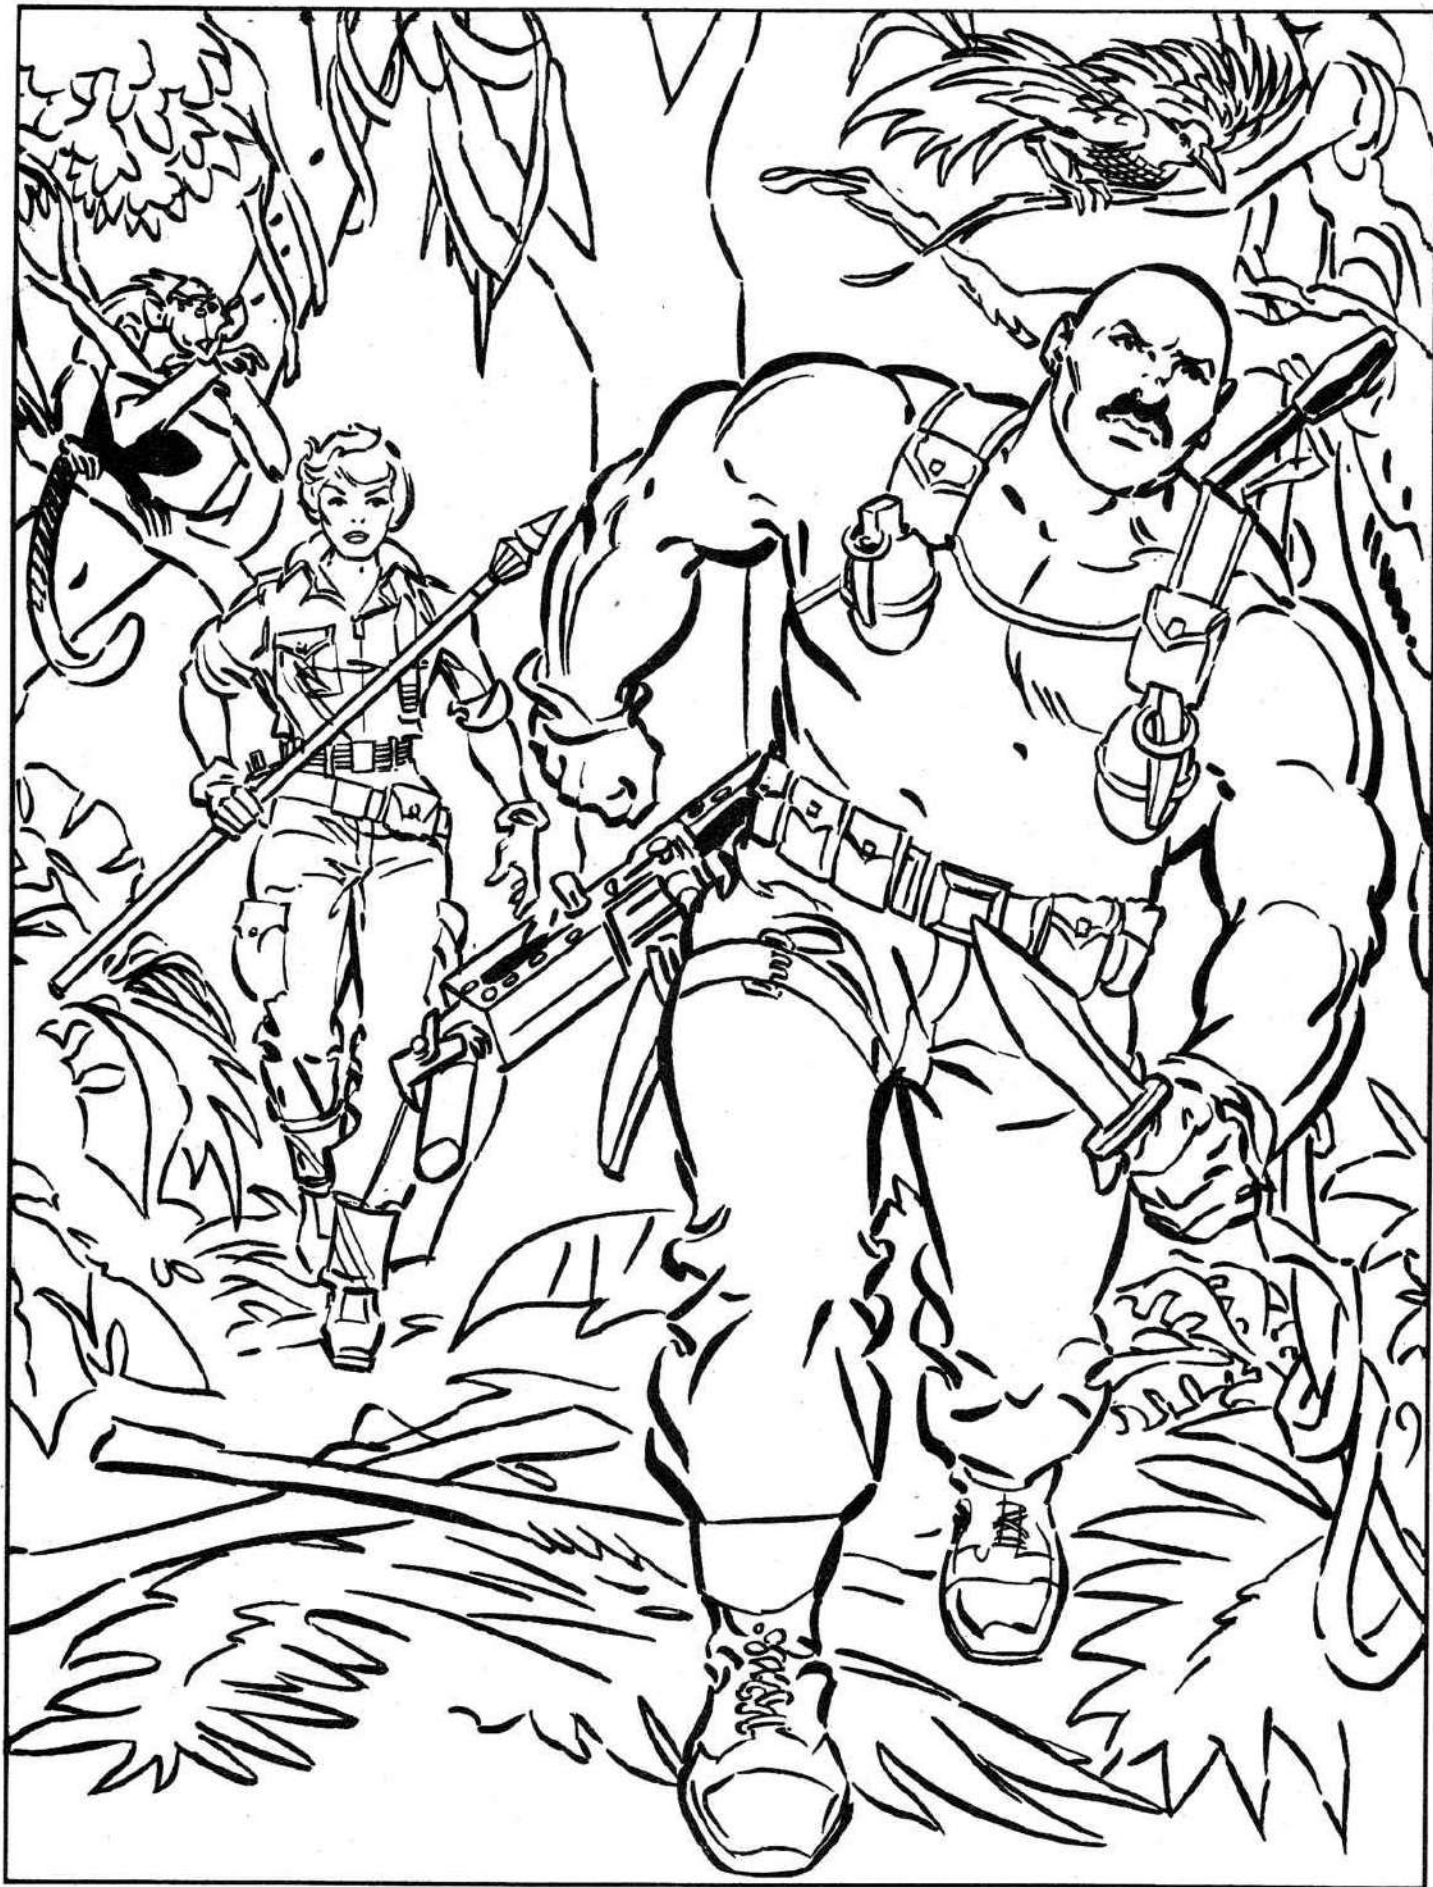

Another team parachutes onto the island.

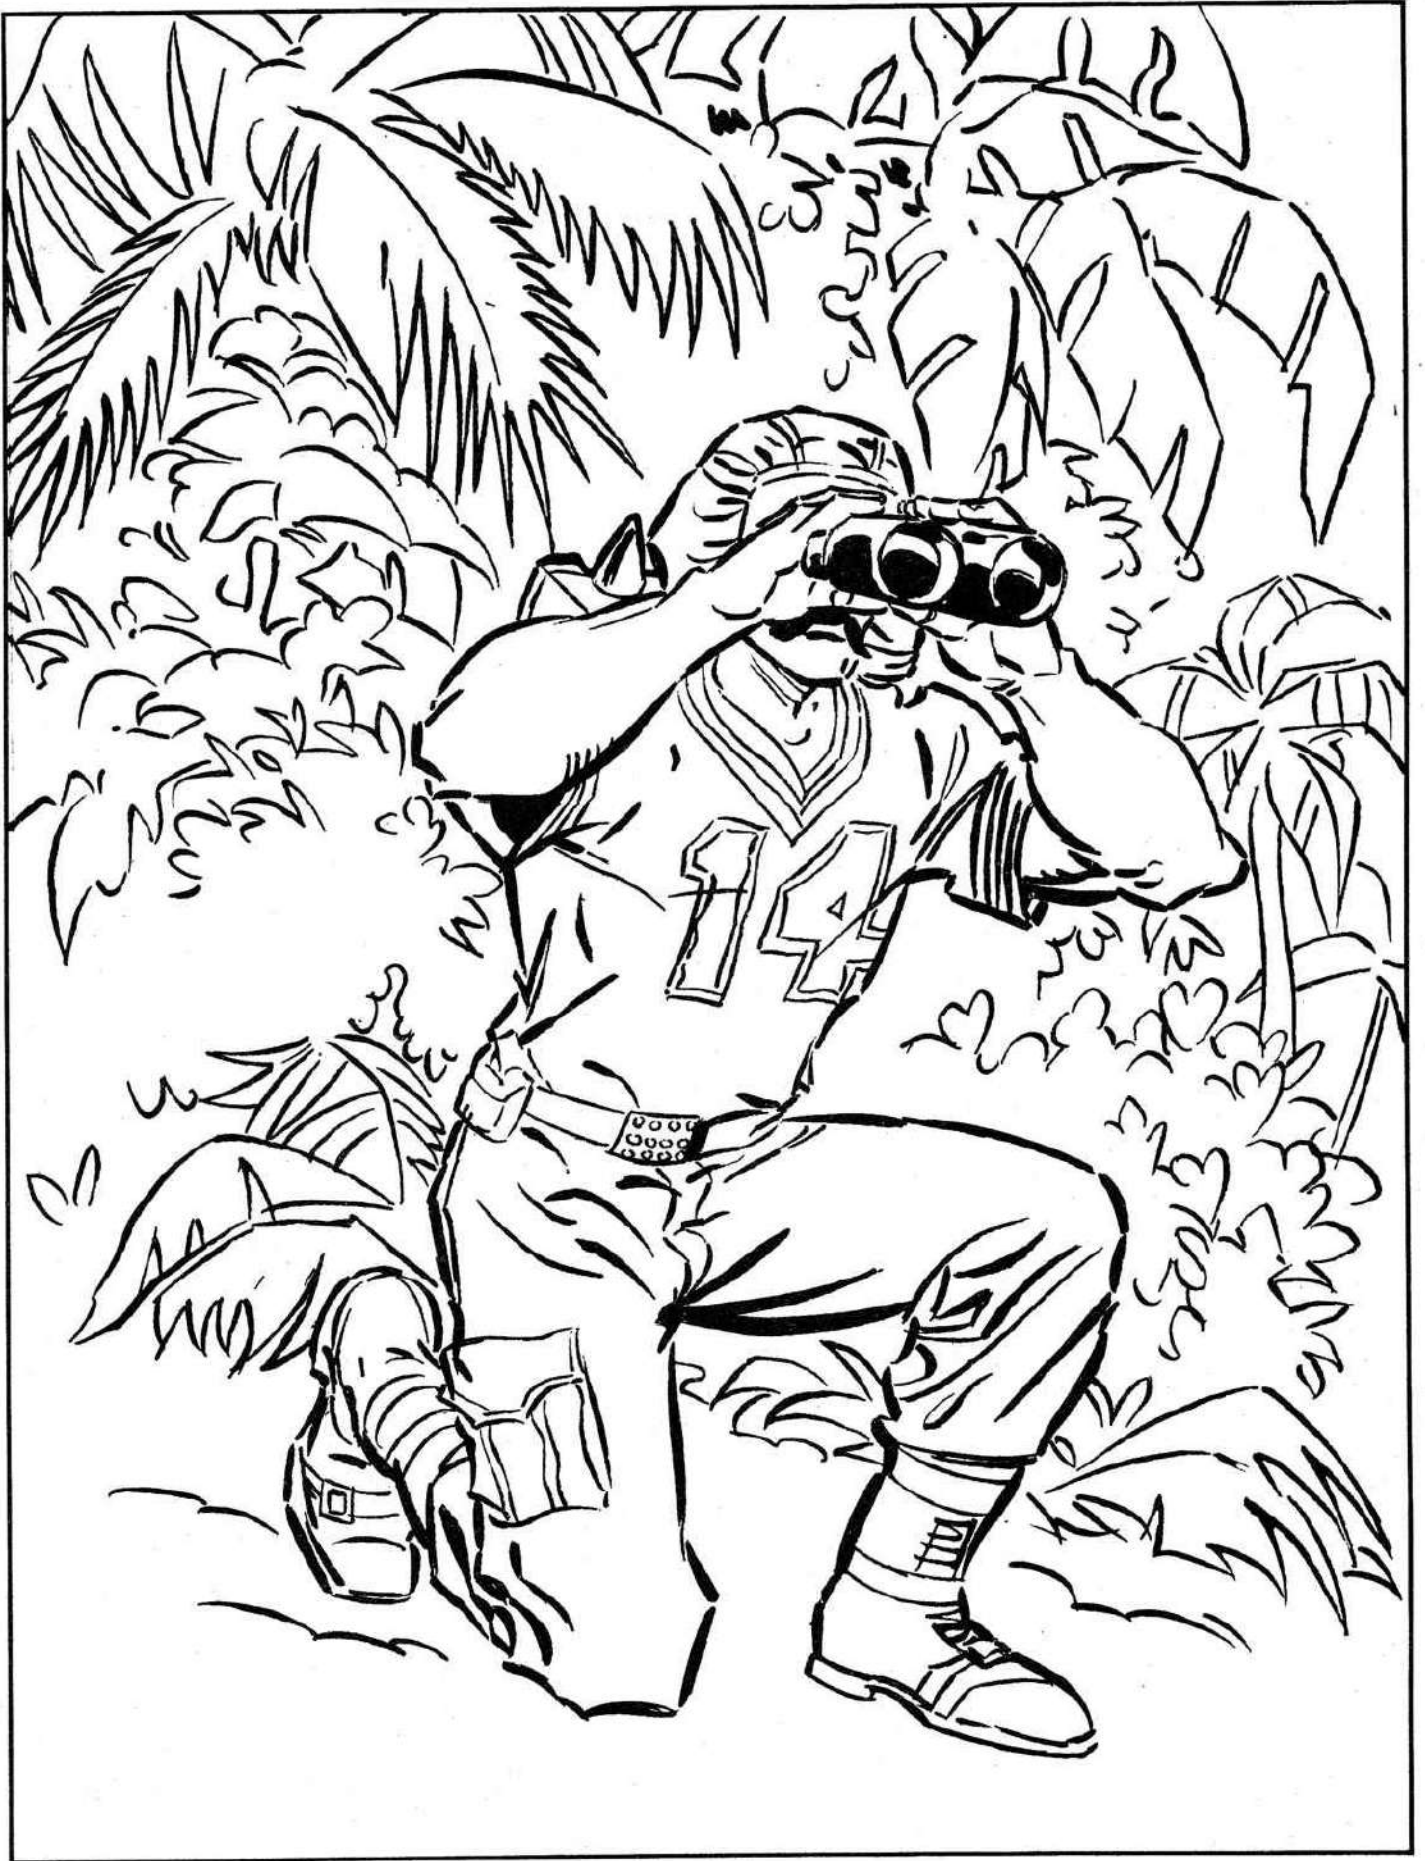

Shipwreck and Airtight land on the beach.

The Joe Team searches the island for signs of COBRA.

Bazooka sees something suspicious.

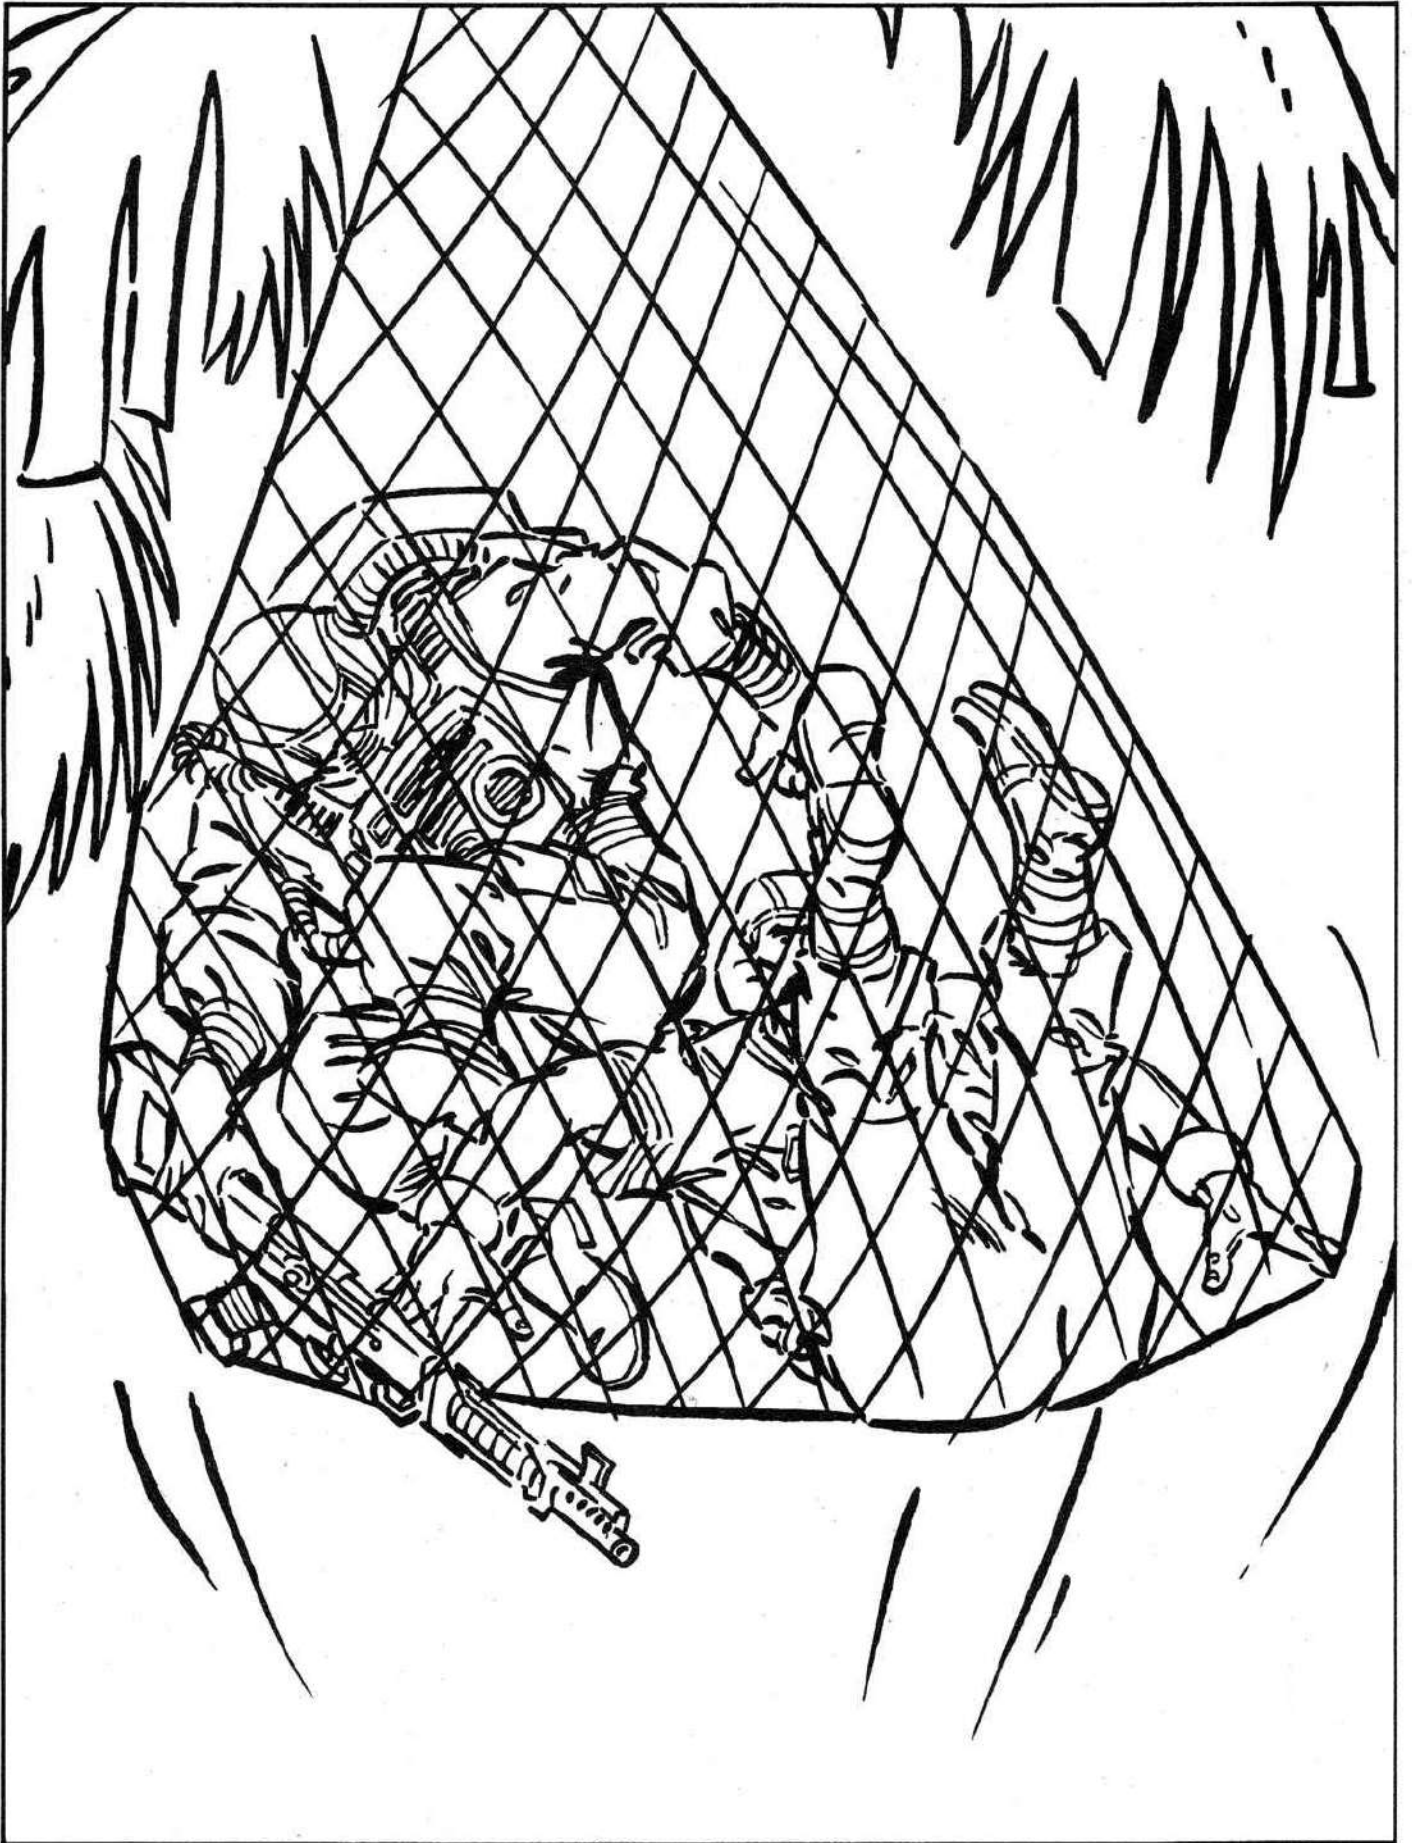

It's a team of Vipers!

Bazooka and Airtight sneak up for a closer look.

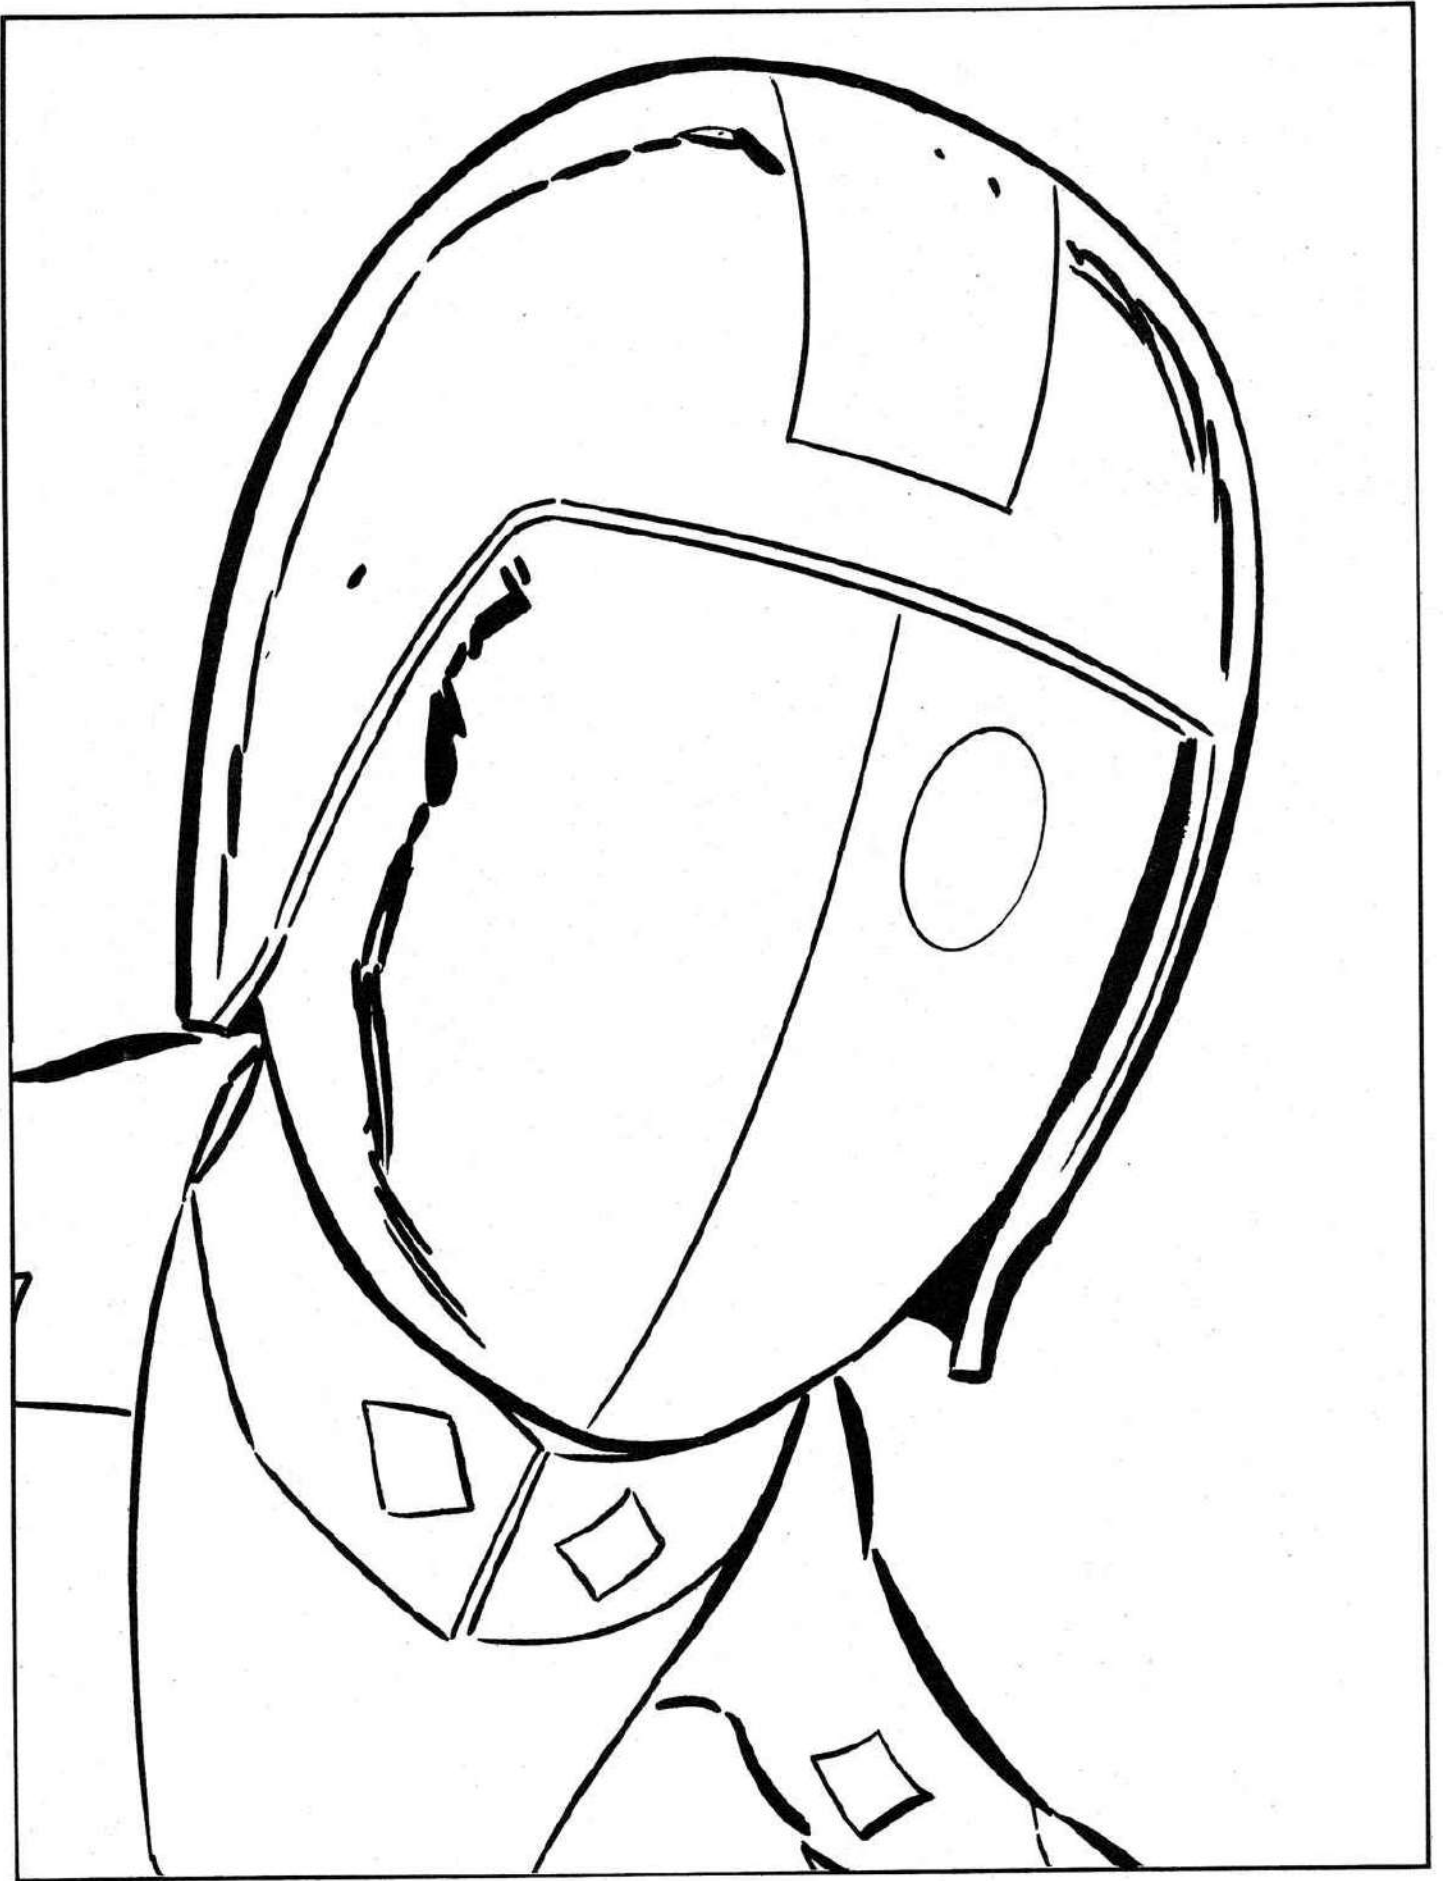

"Watch out!"

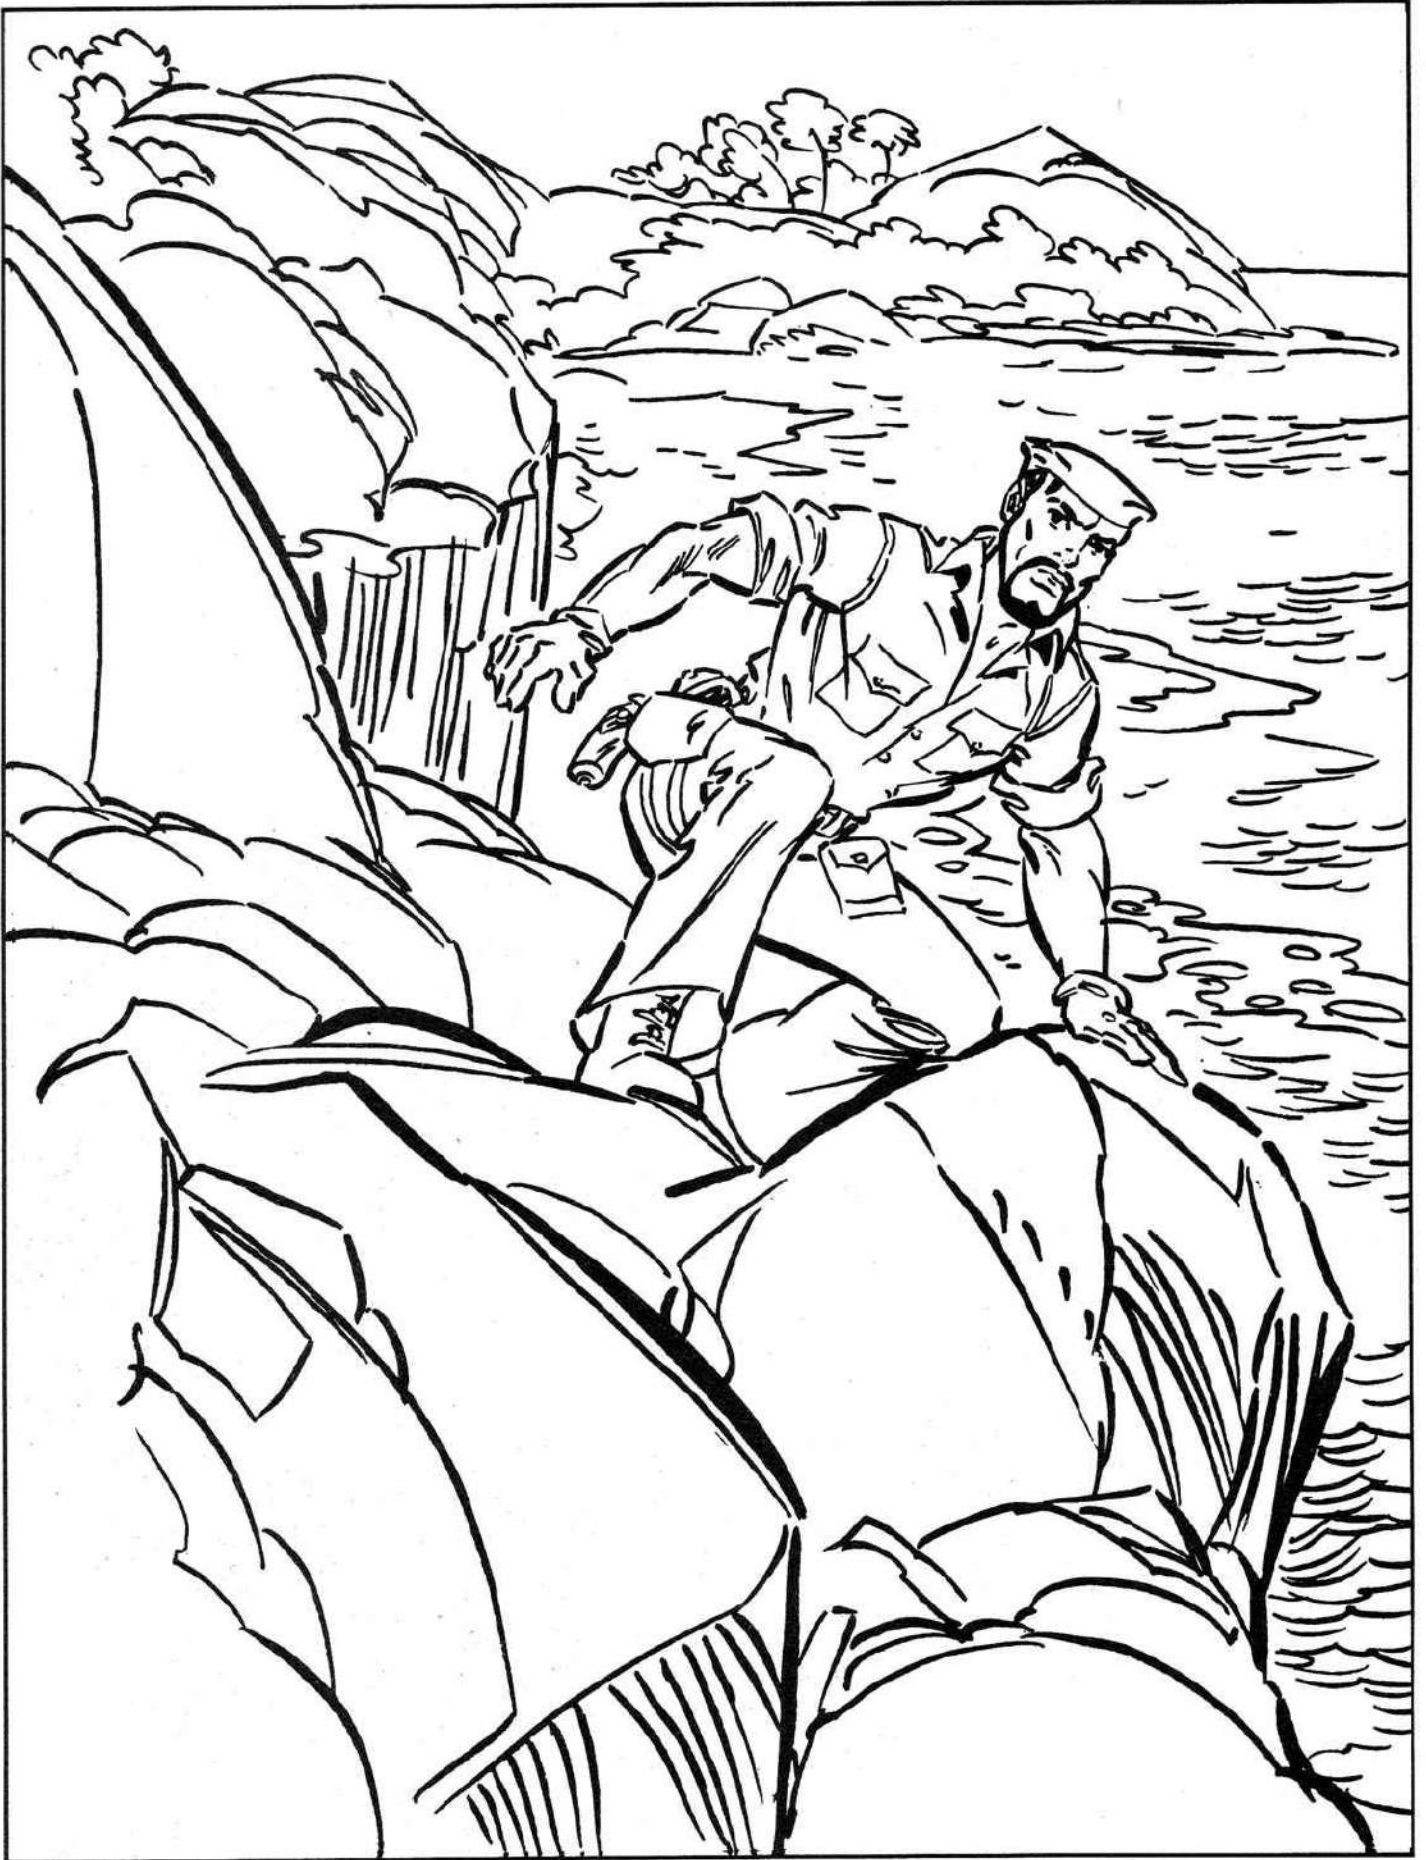

"Look what I've caught," says COBRA Commander.

"Take them to the secret base," he orders.

The others look for Bazooka and Airtight.

"Oh, no, it's Zarana!"

Zandar is here too!

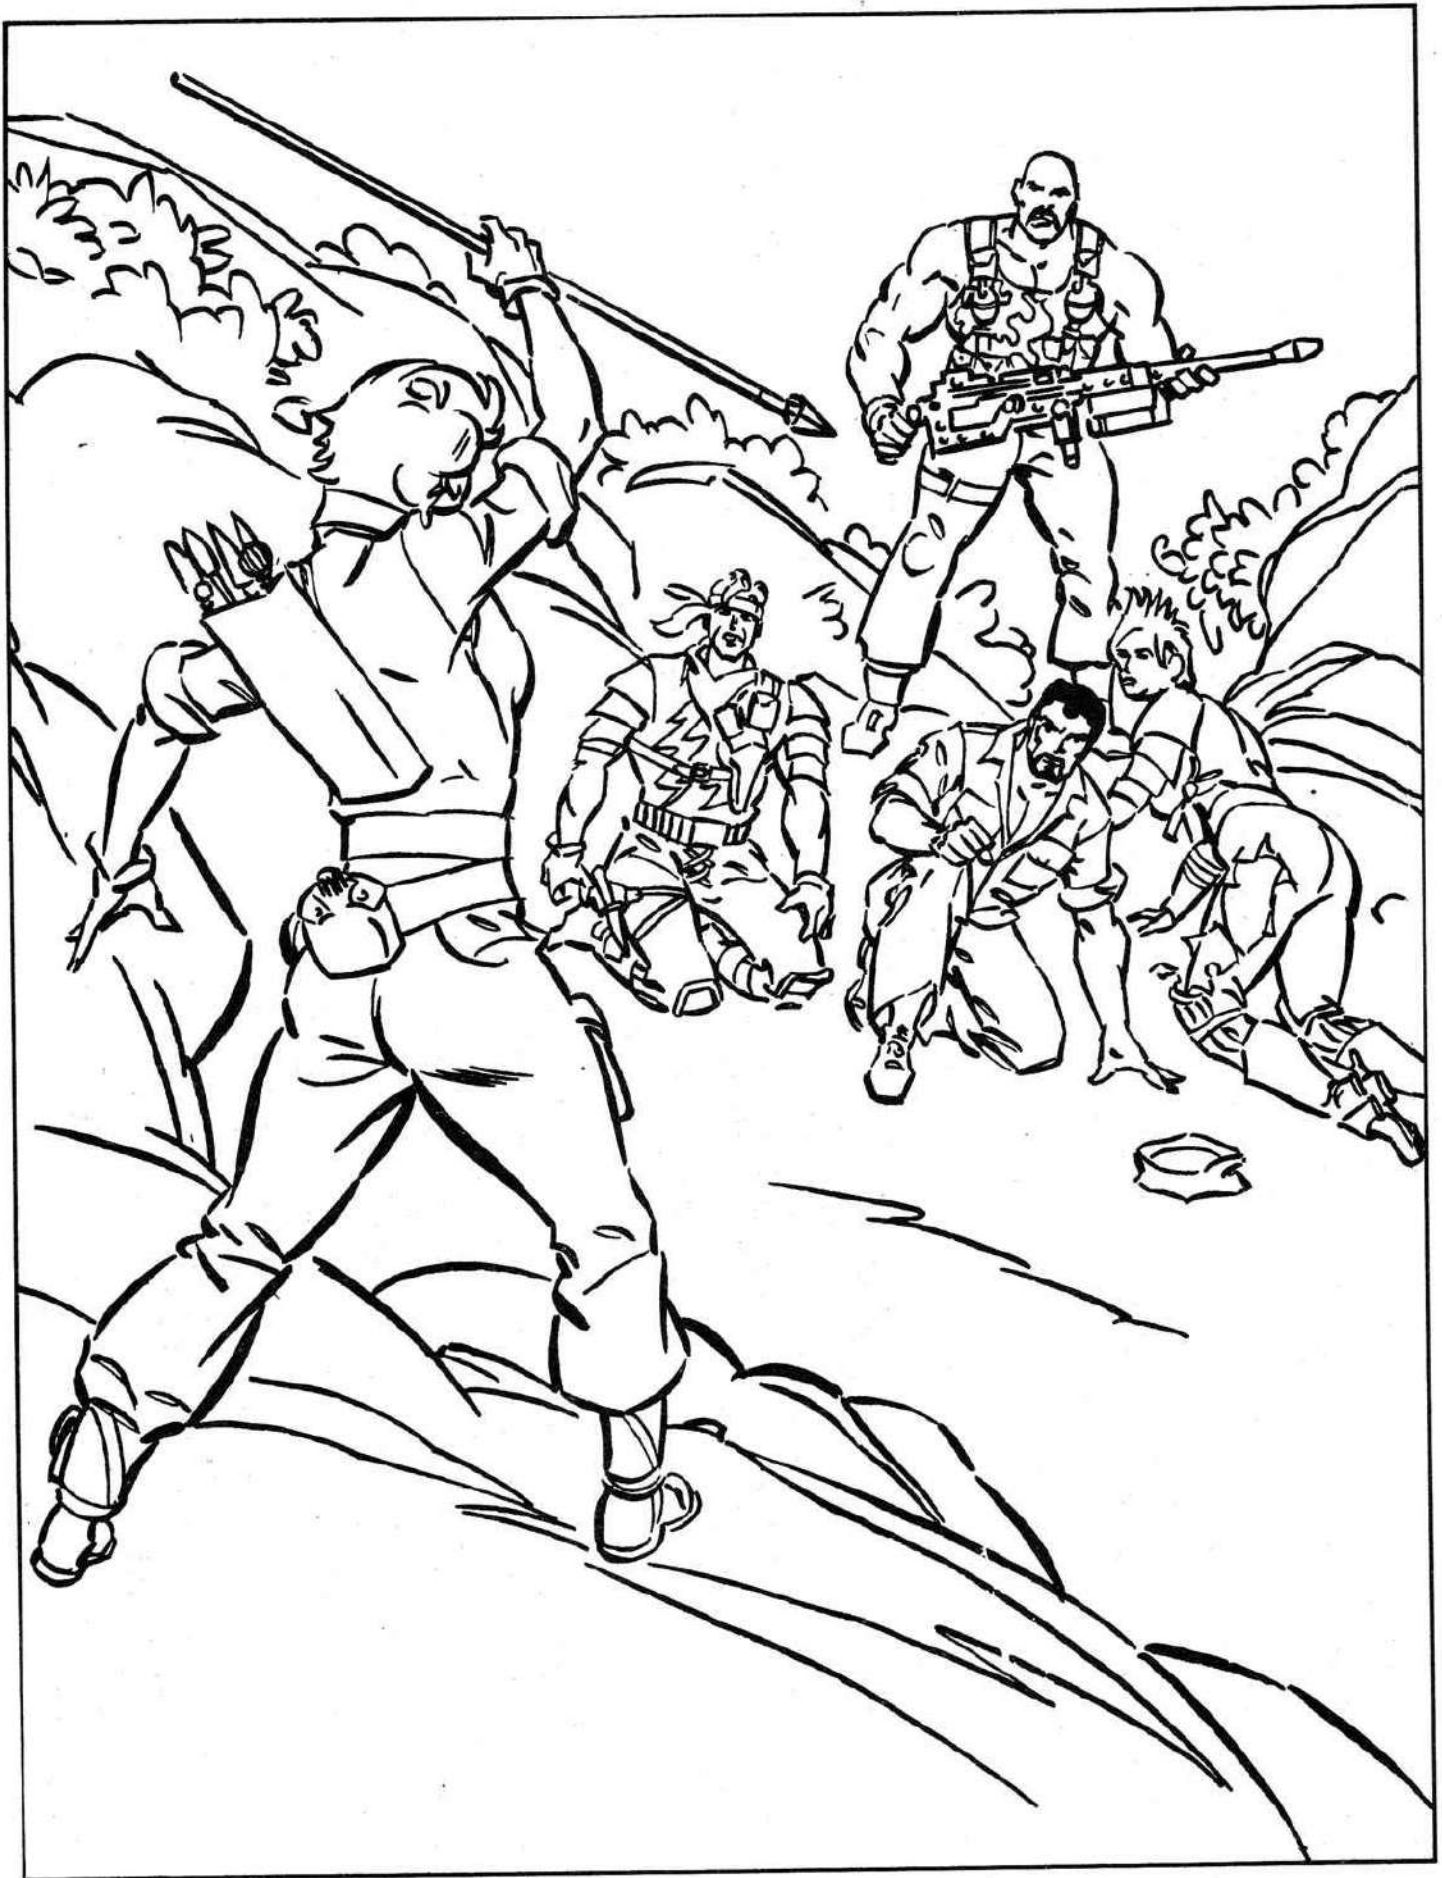

It's two to one against Shipwreck.

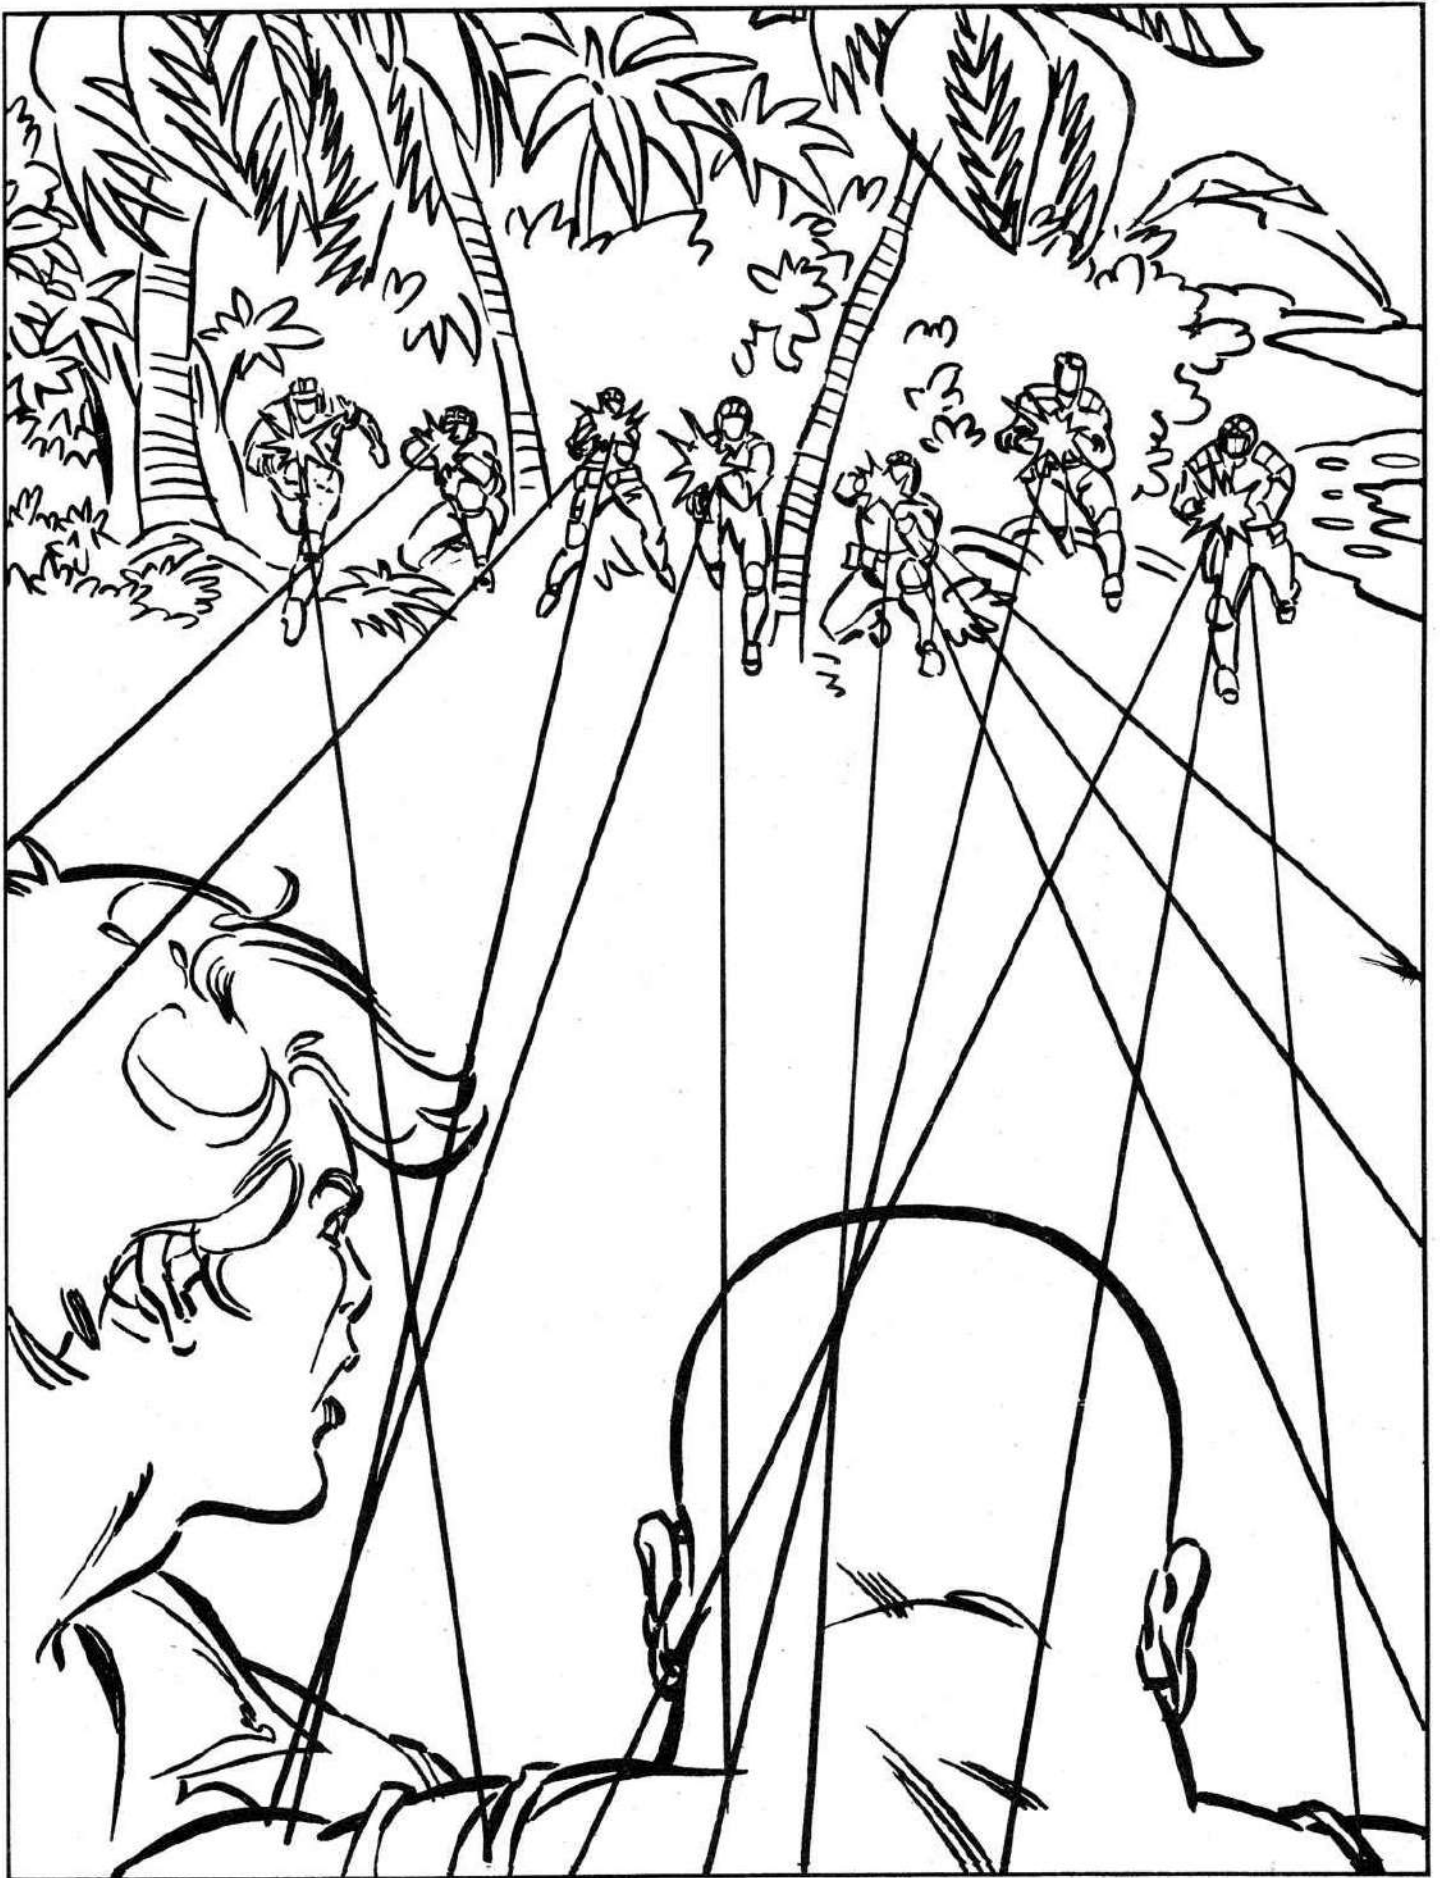

"Let him go!" shouts Roadblock.

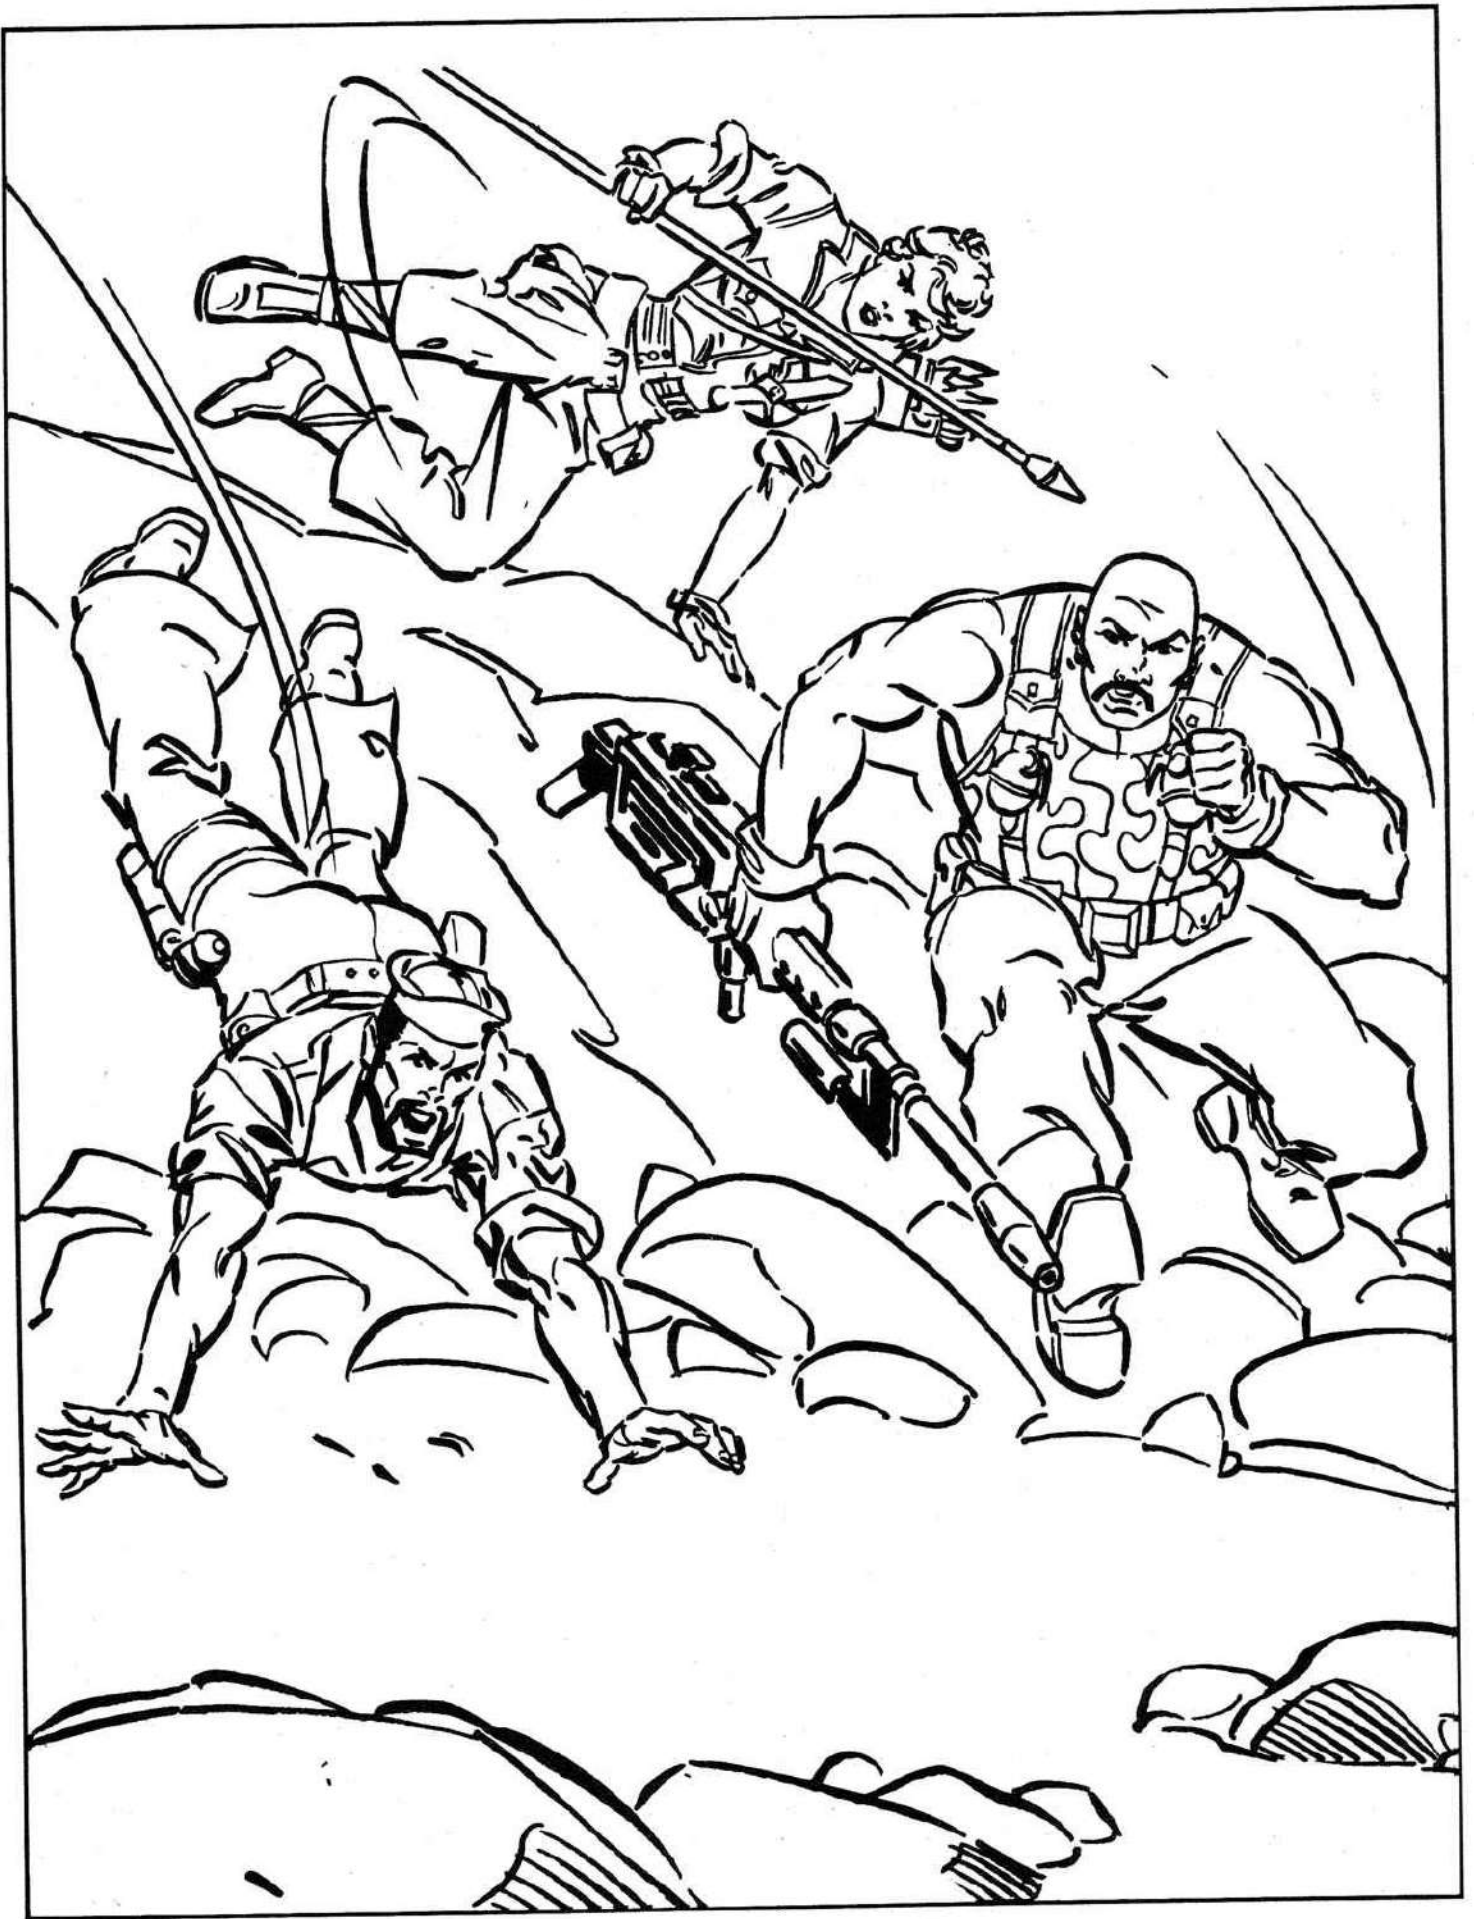

"Where is the secret base?" demands Lady Jaye.

COBRAs attack from the jungle!

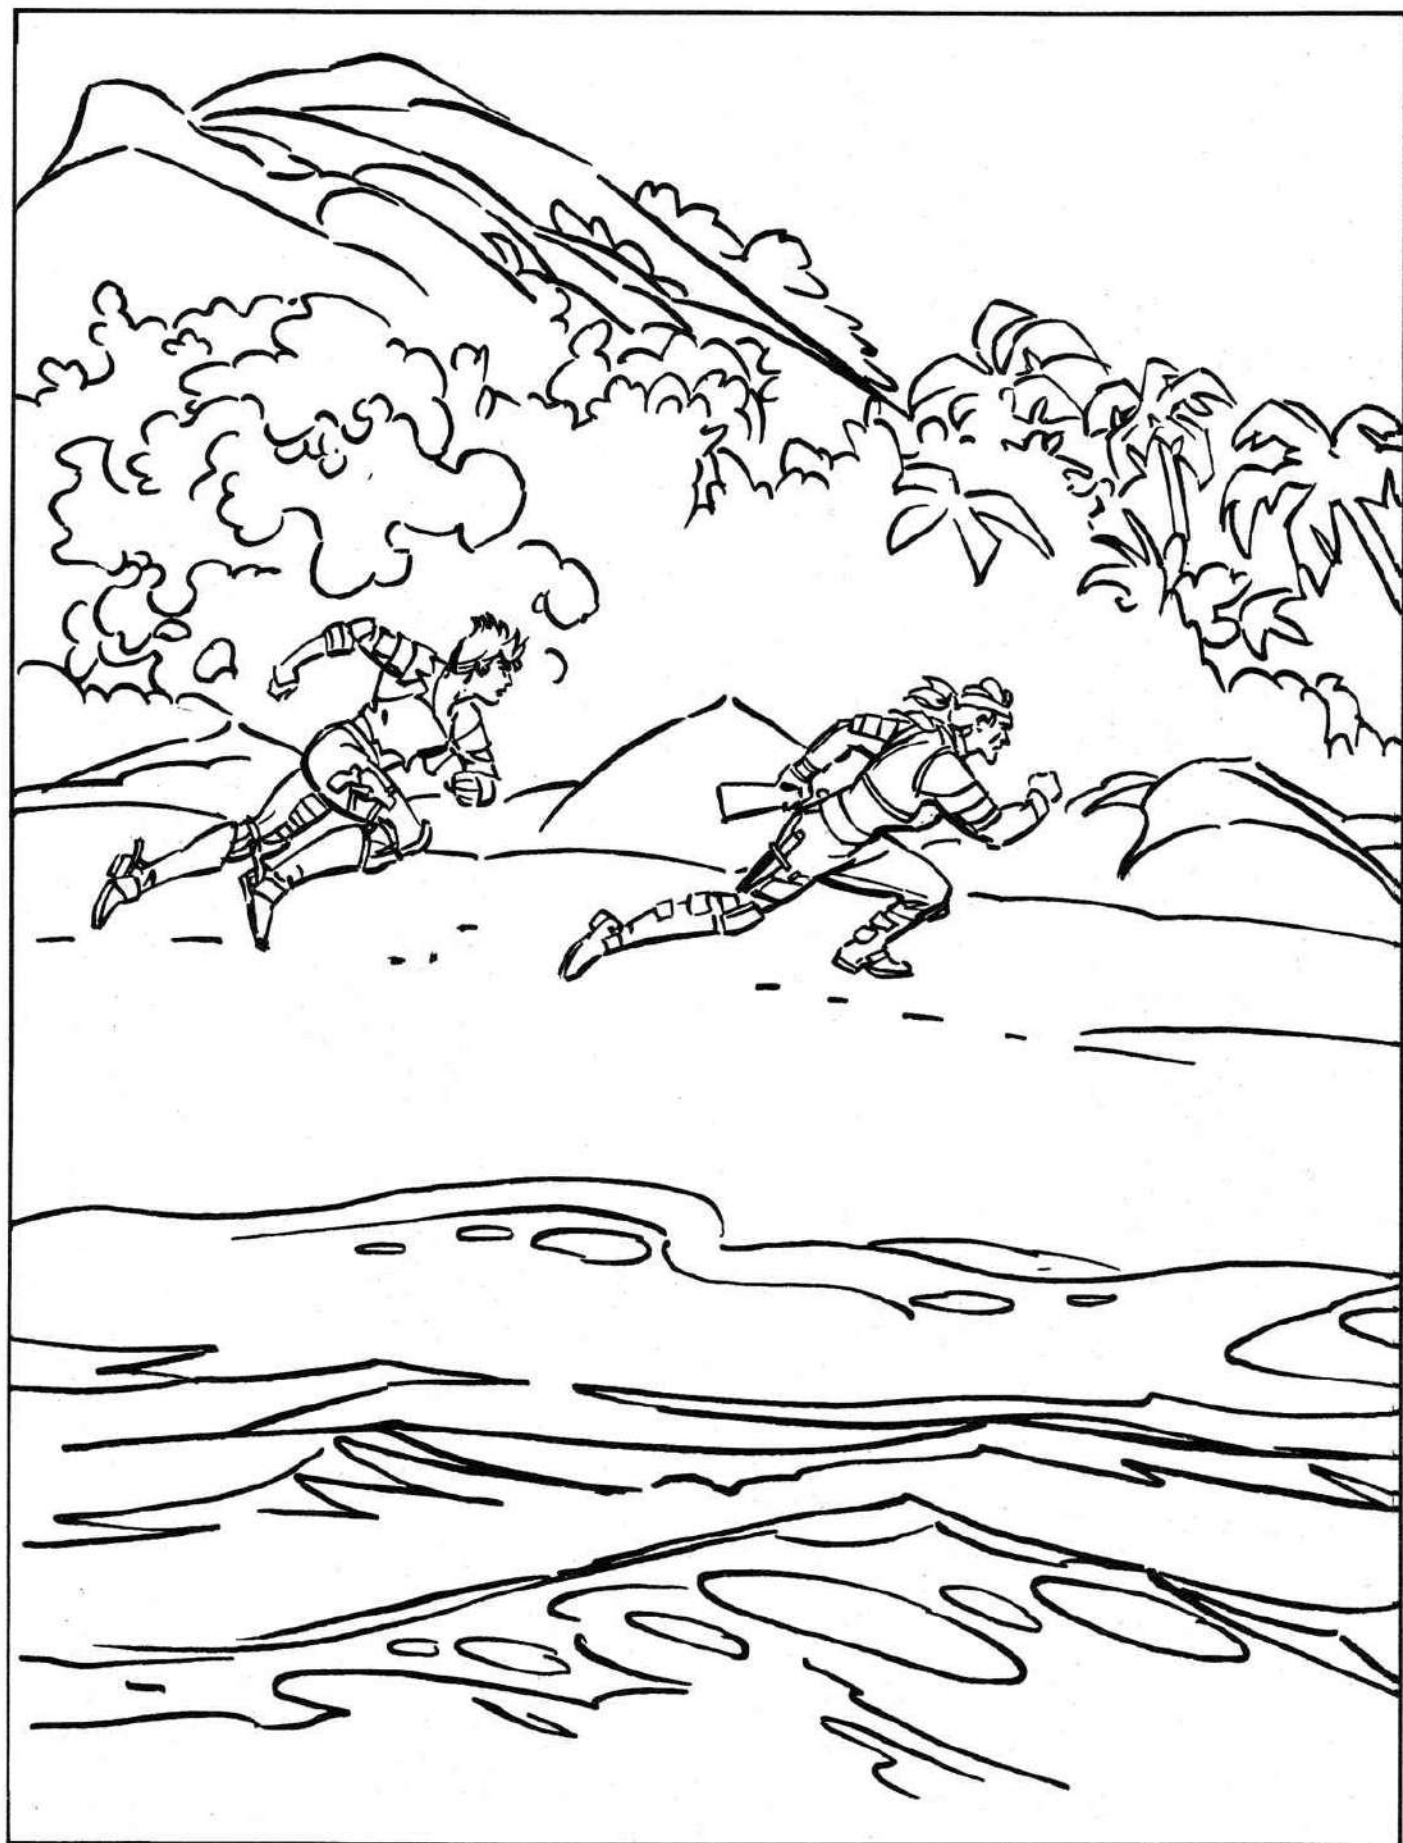

"It's Vipers! Get Down!"

G.I. Joe fights back.

Zarana and Zandar escape.

"They've gone into the jungle!"

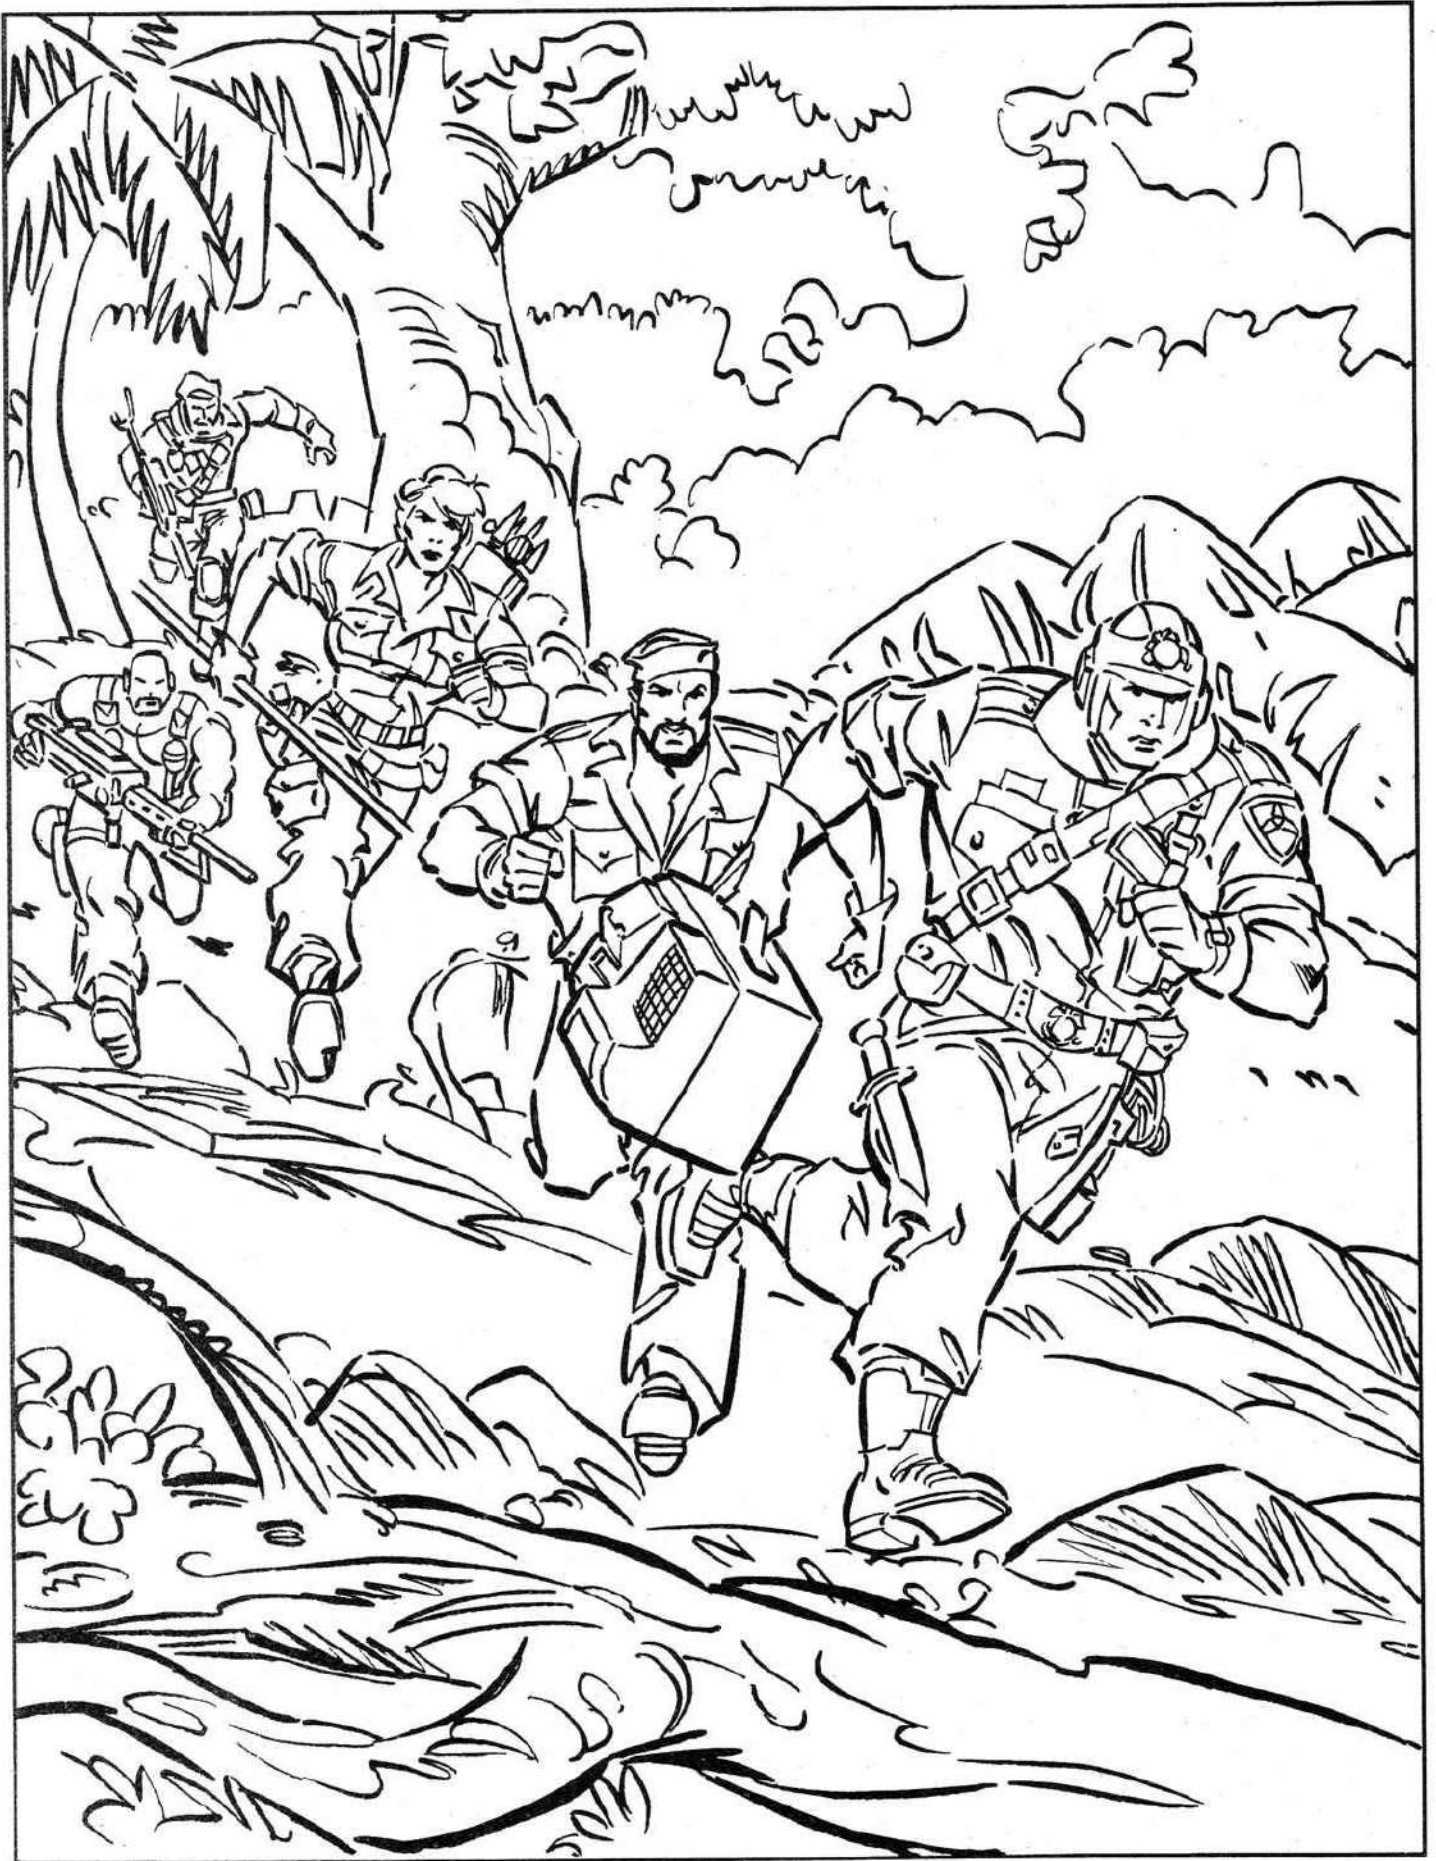

Dial-Tone and Mainframe have found something.

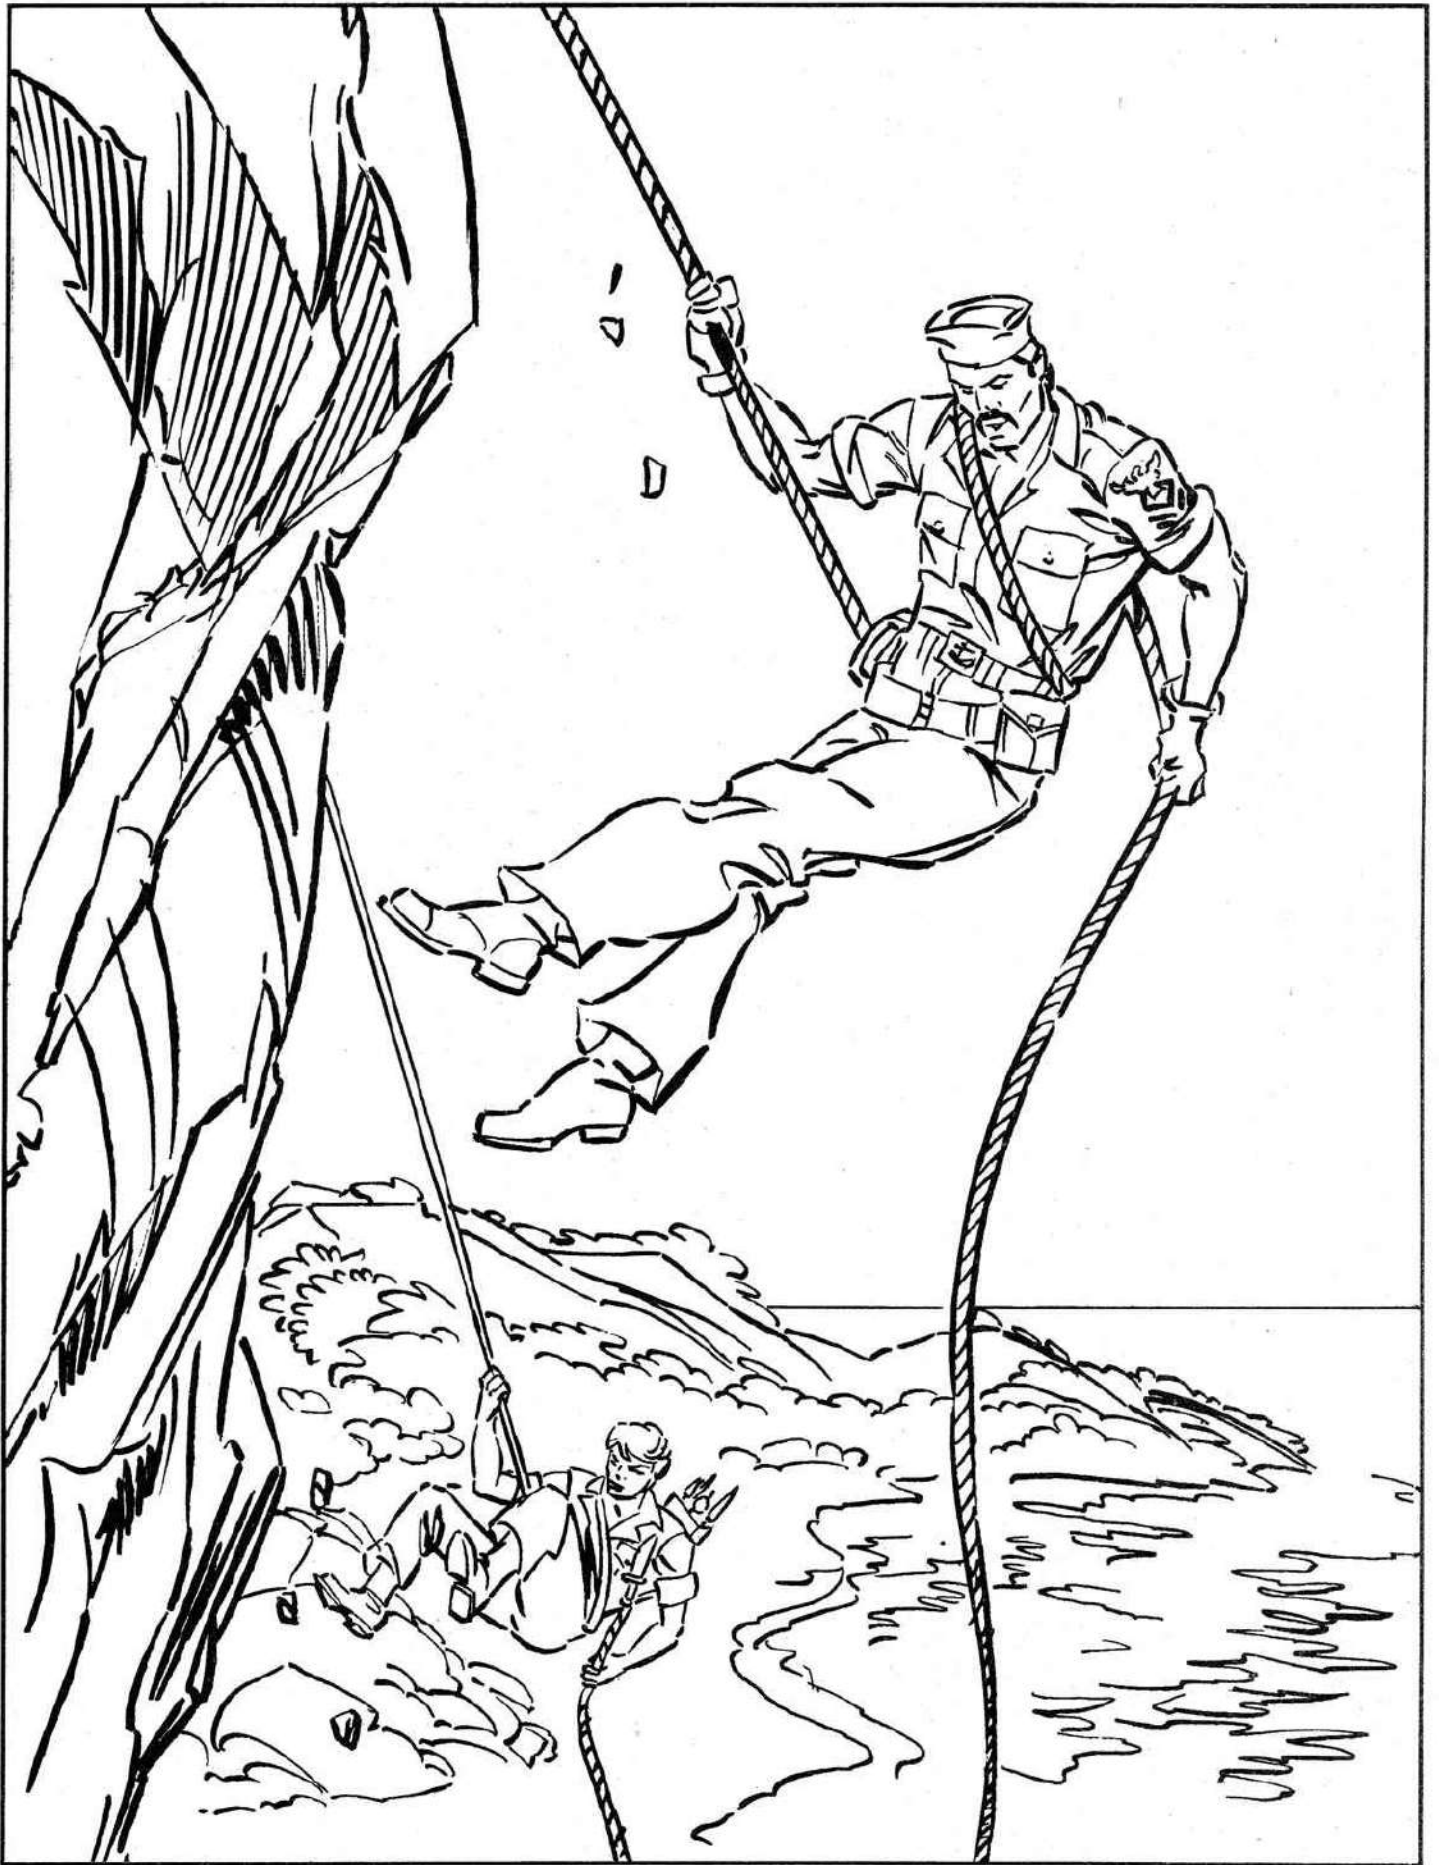

"I'm getting signals from the secret base," says Dial-Tone.

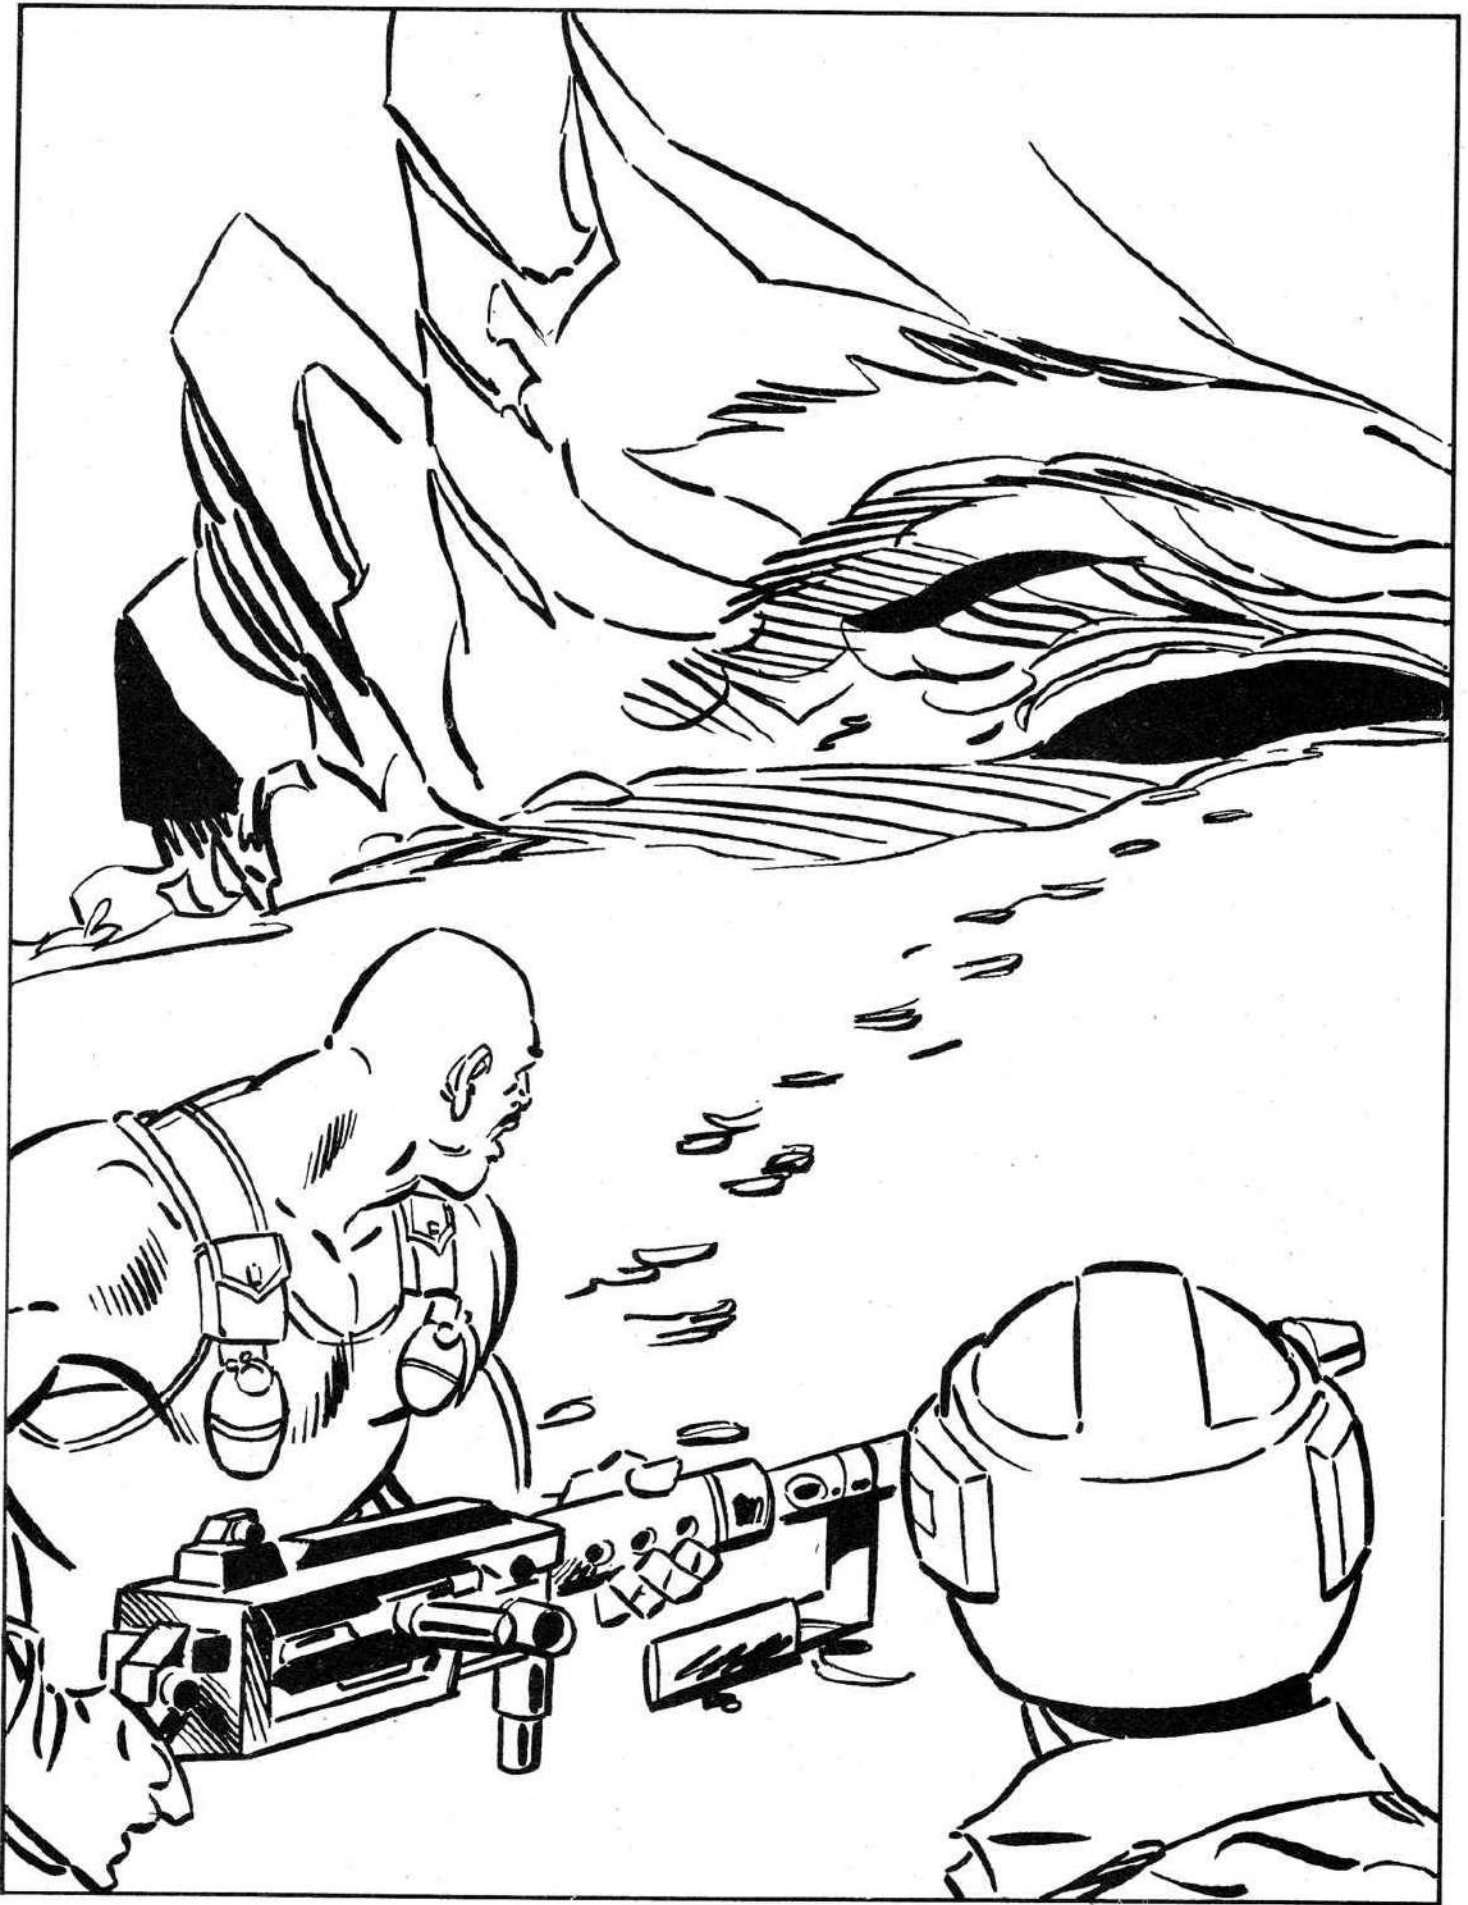

"Let's go find it!"

They follow the signals down a steep cliff.

Footprints lead to a cave in the cliff.

Roadblock goes in first.

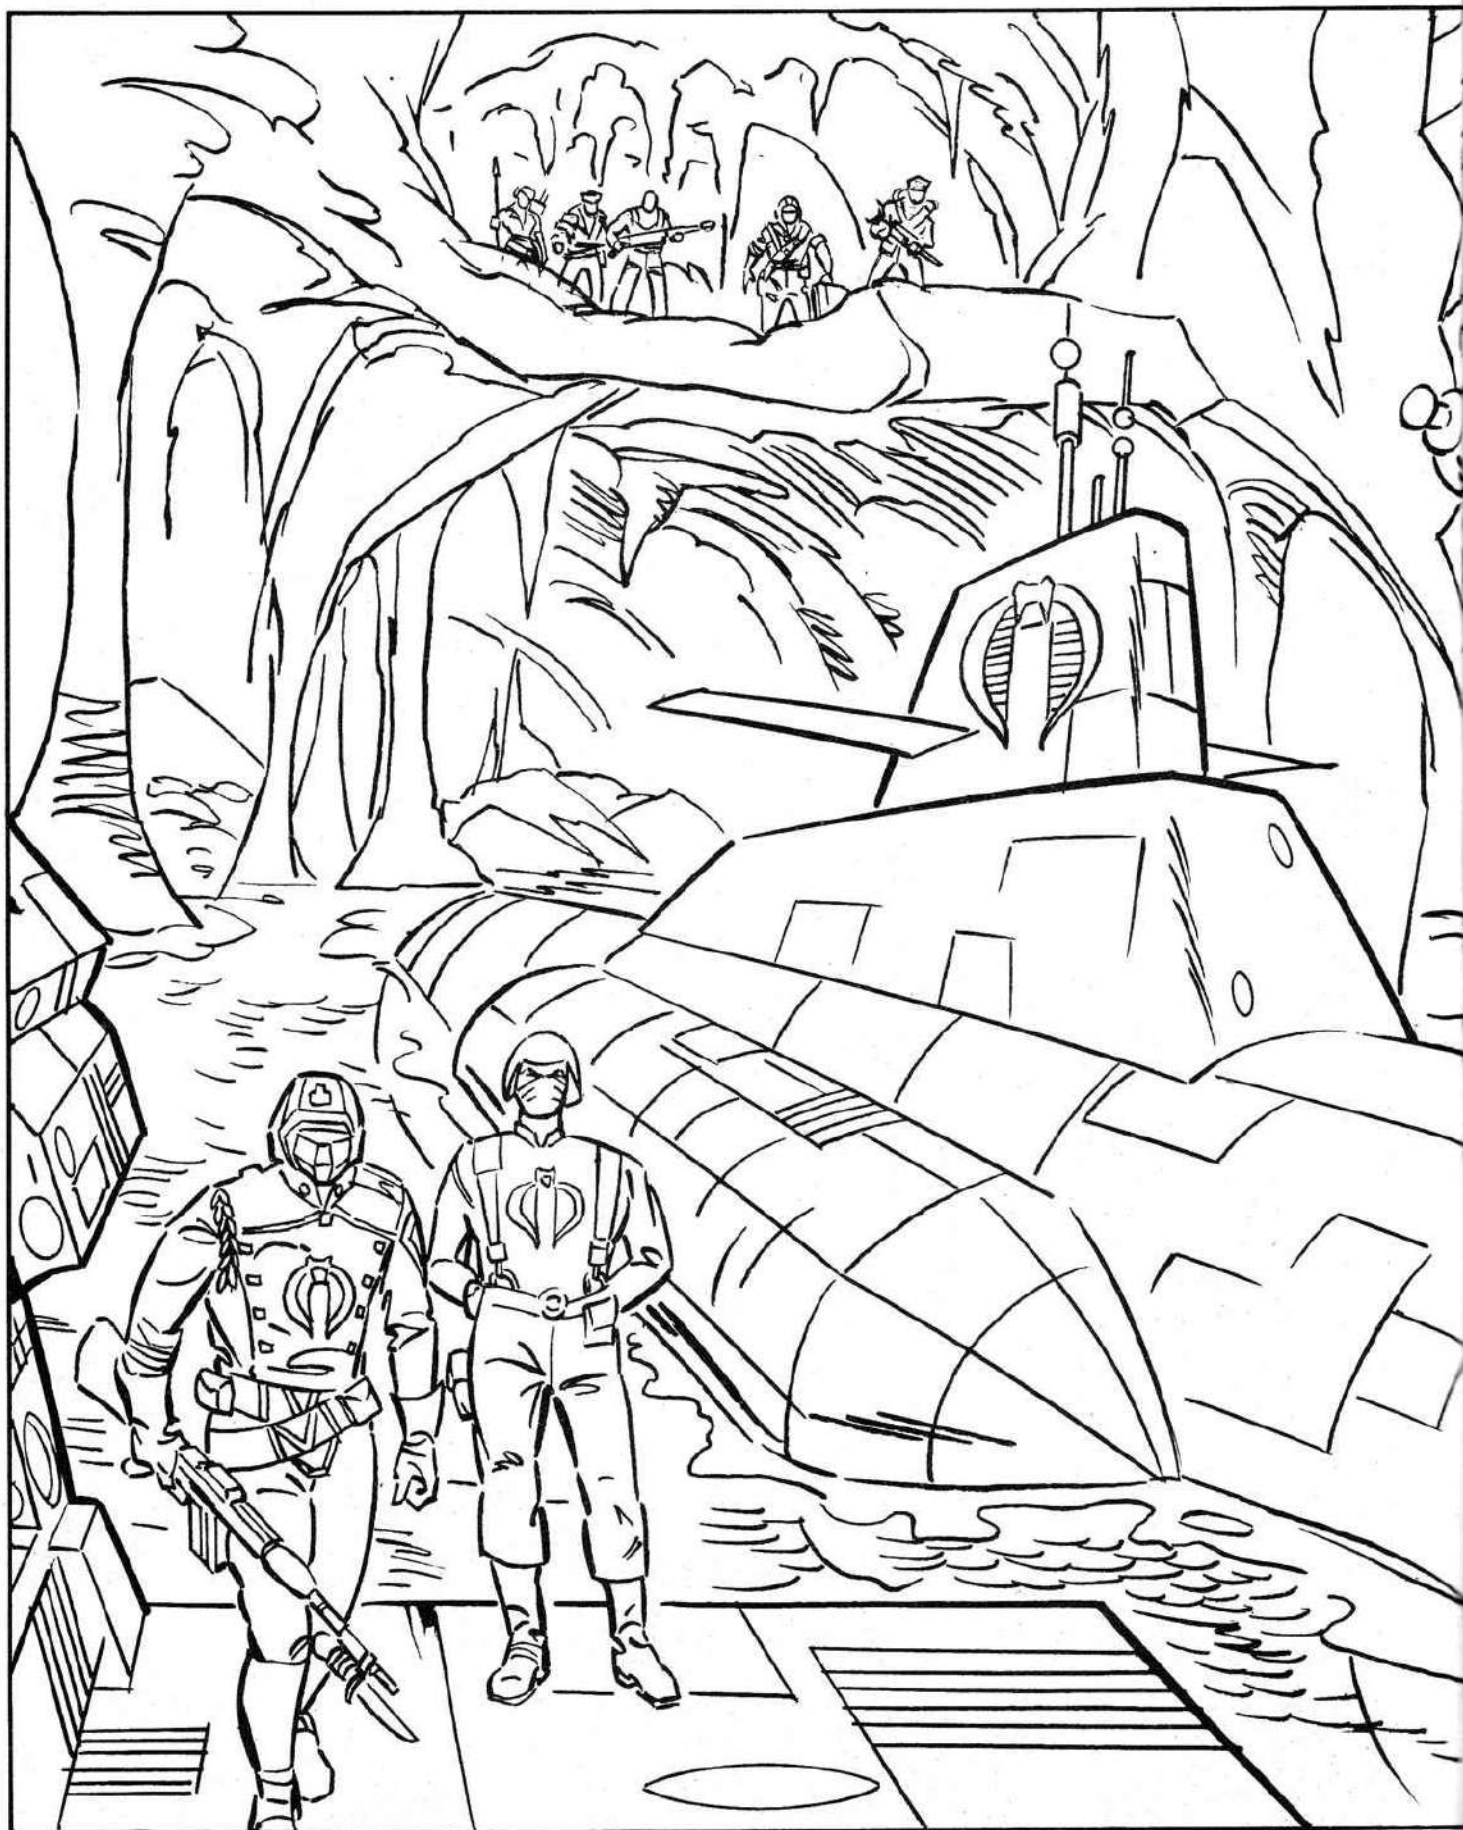

They surprise a COBRA guard!

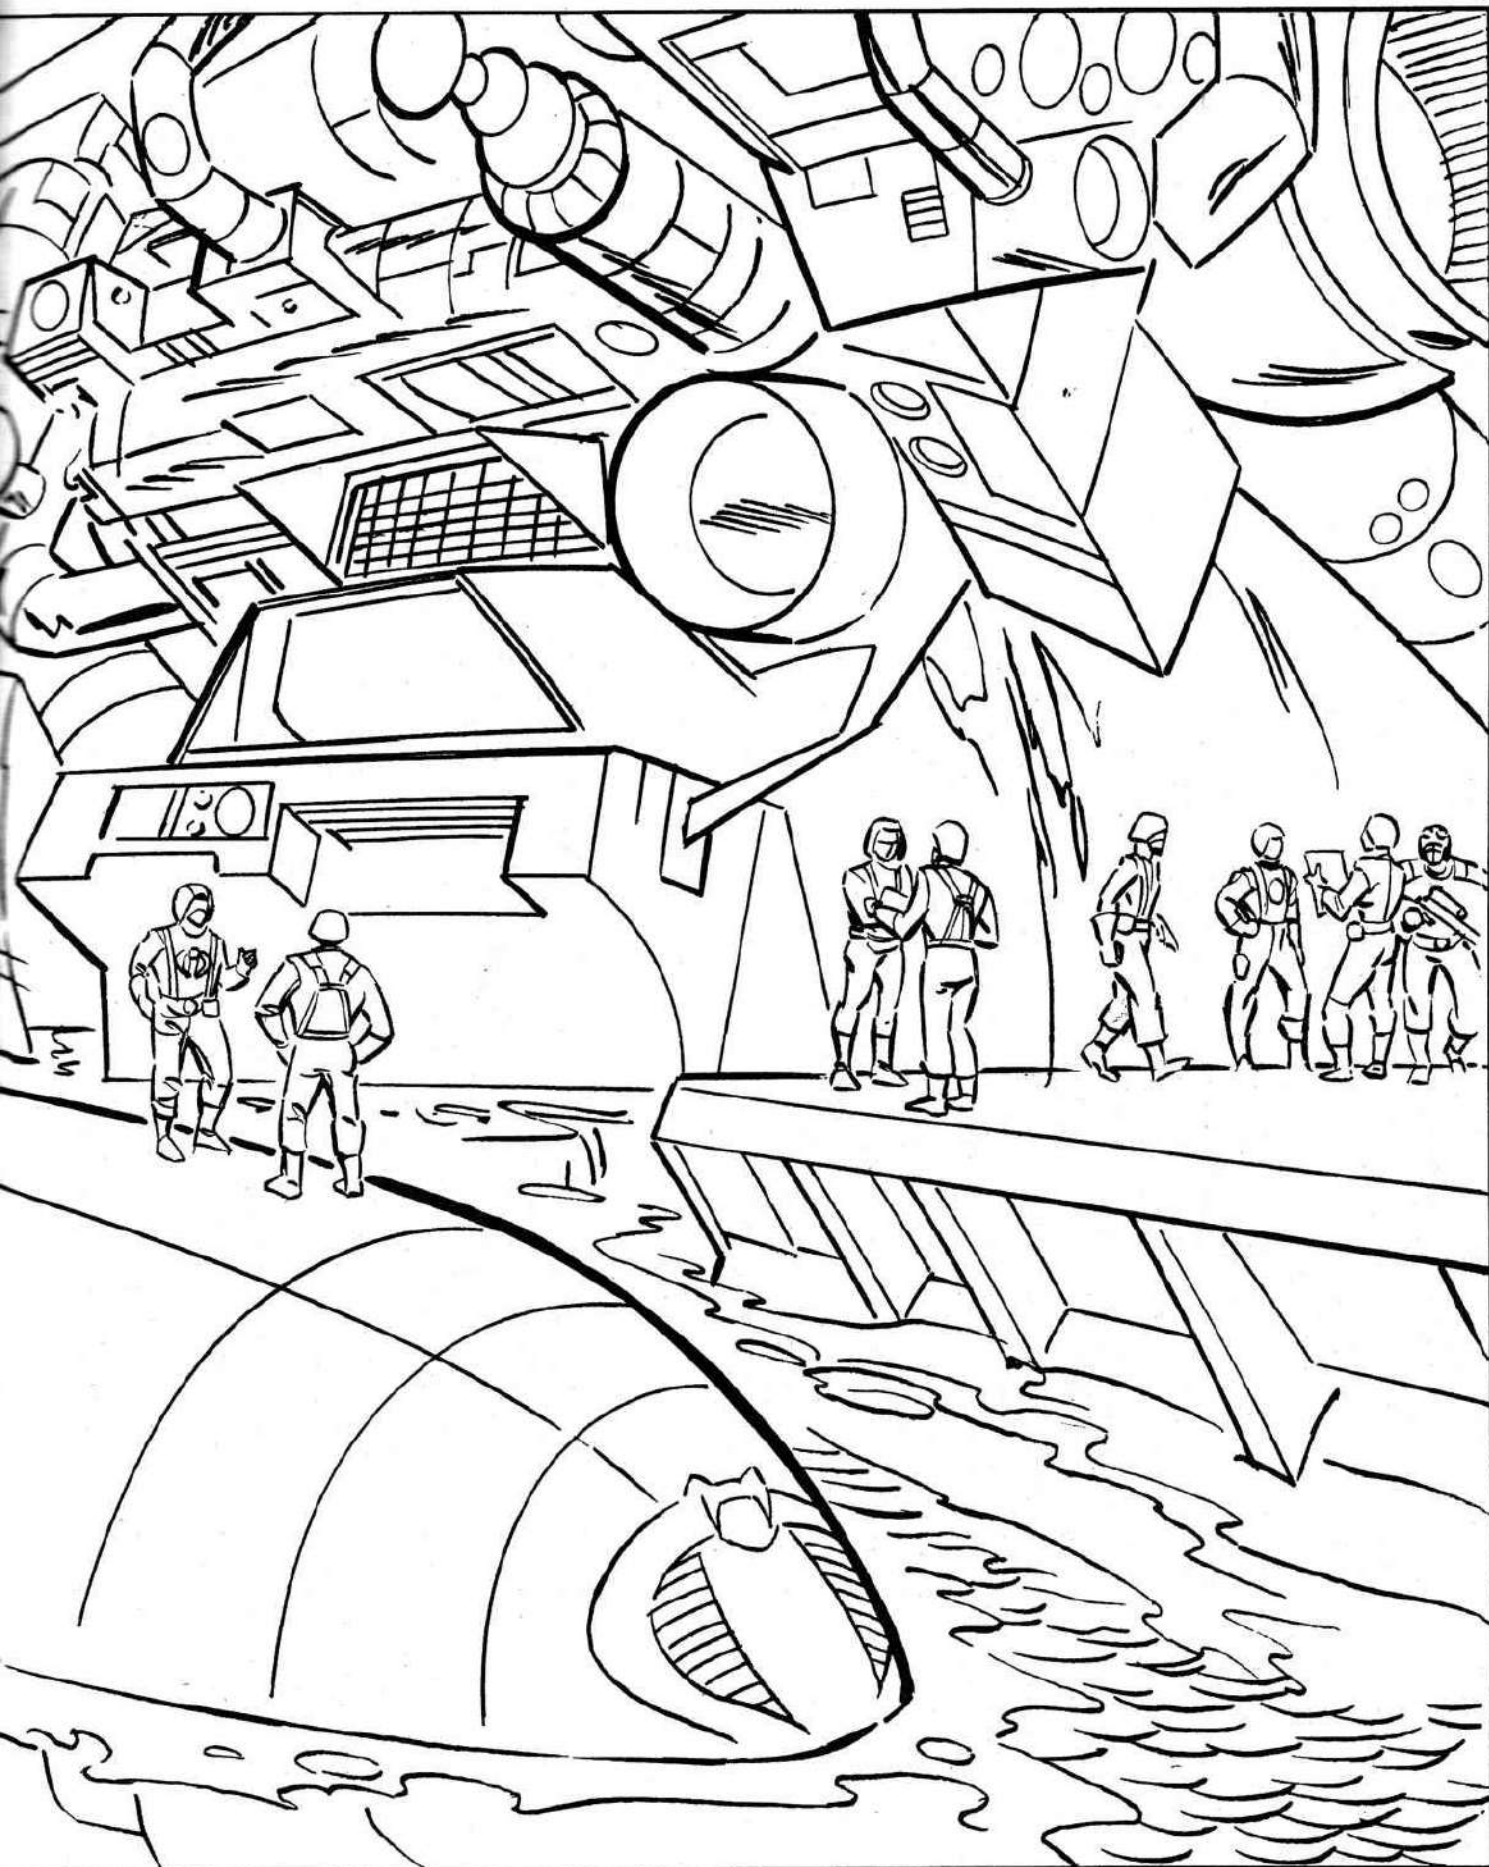

They move through a tunnel.

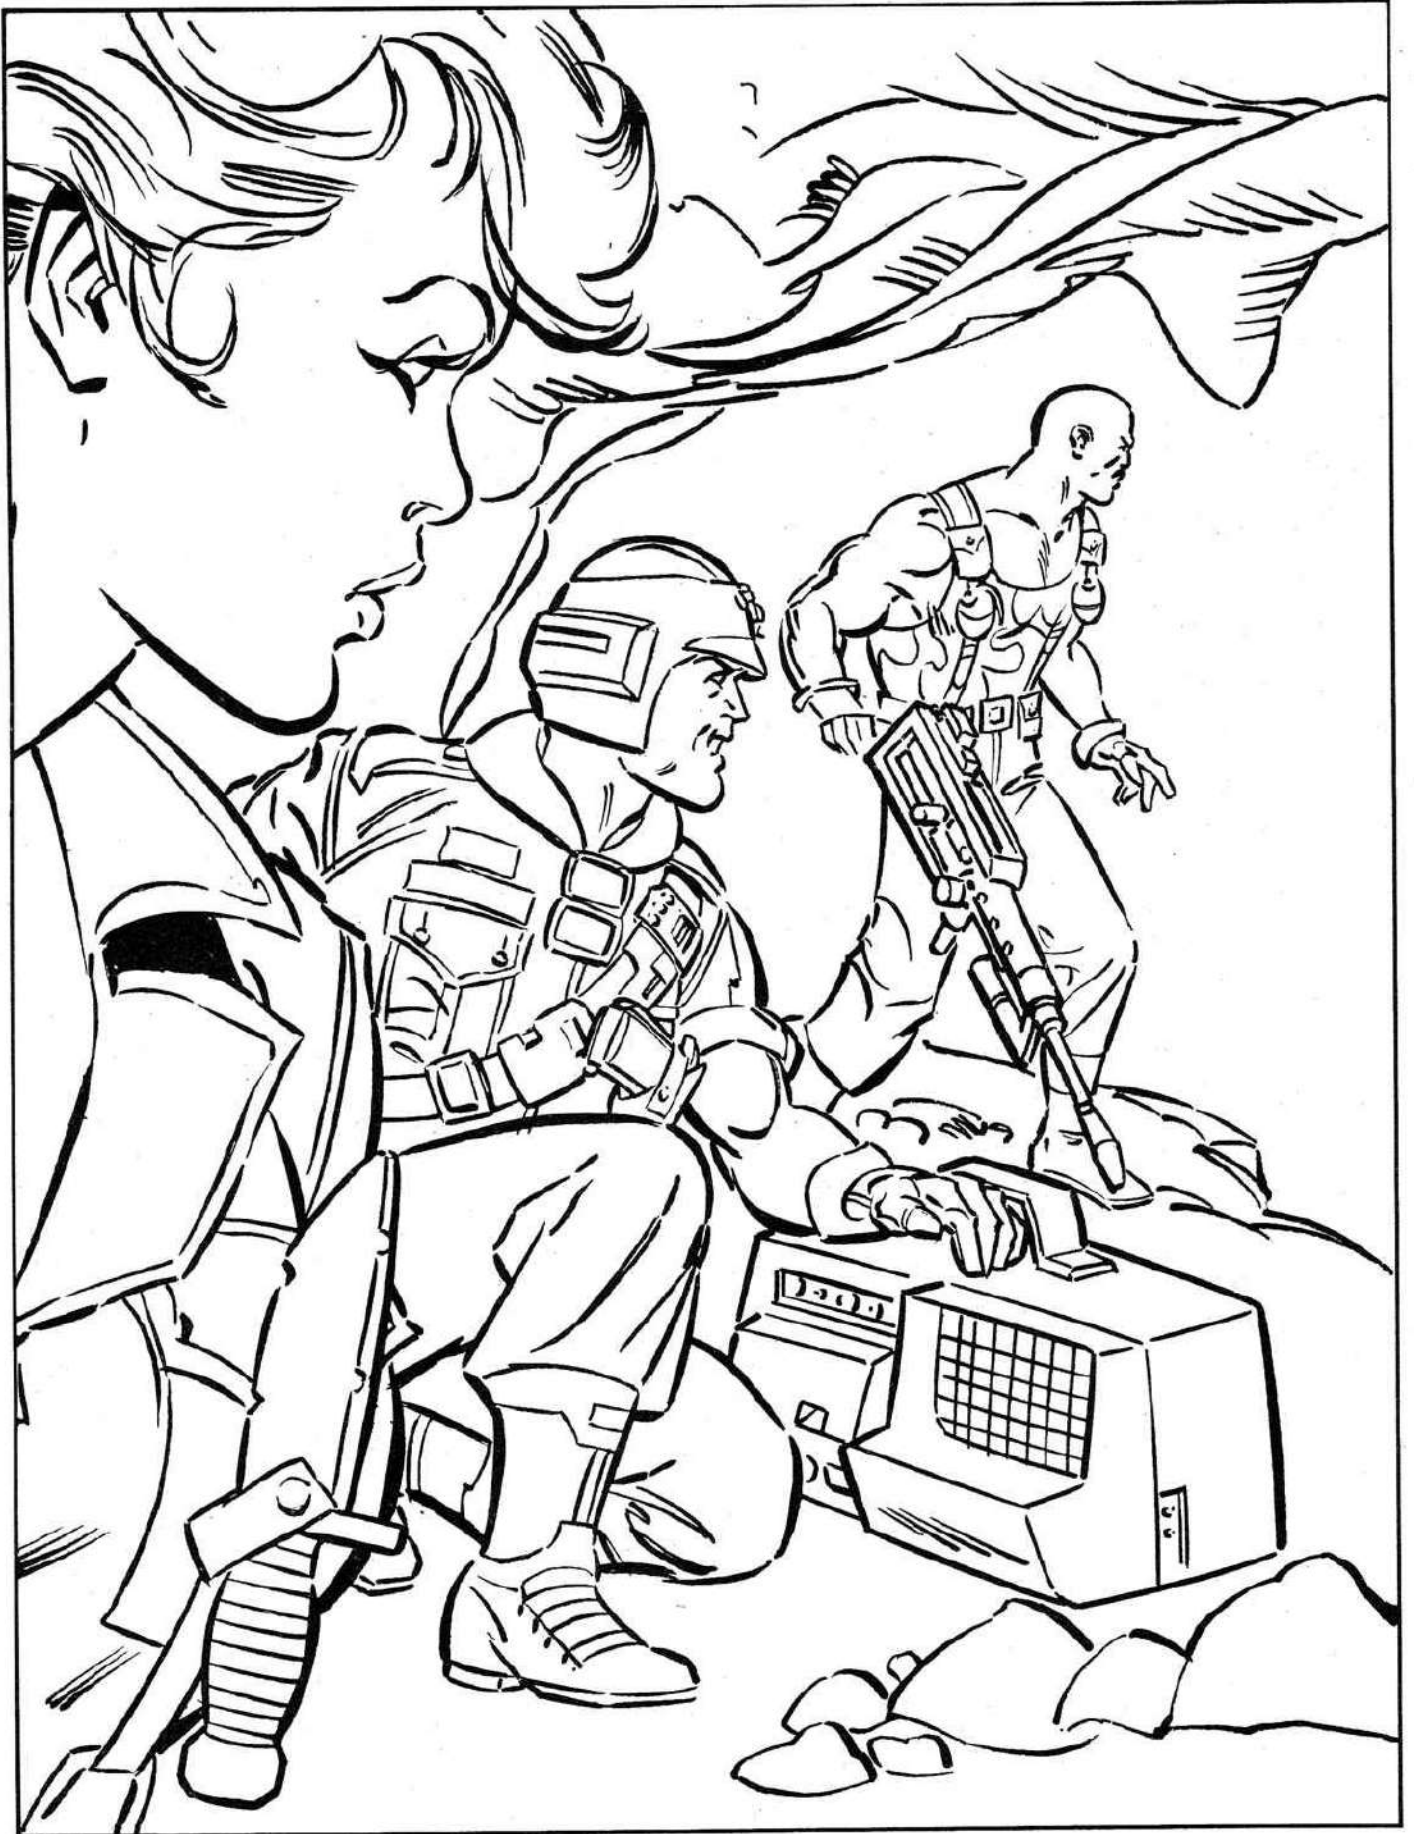

Here is COBRA's secret!

"A submarine base!" says Lady Jaye. "So that's what COBRA is up to!"

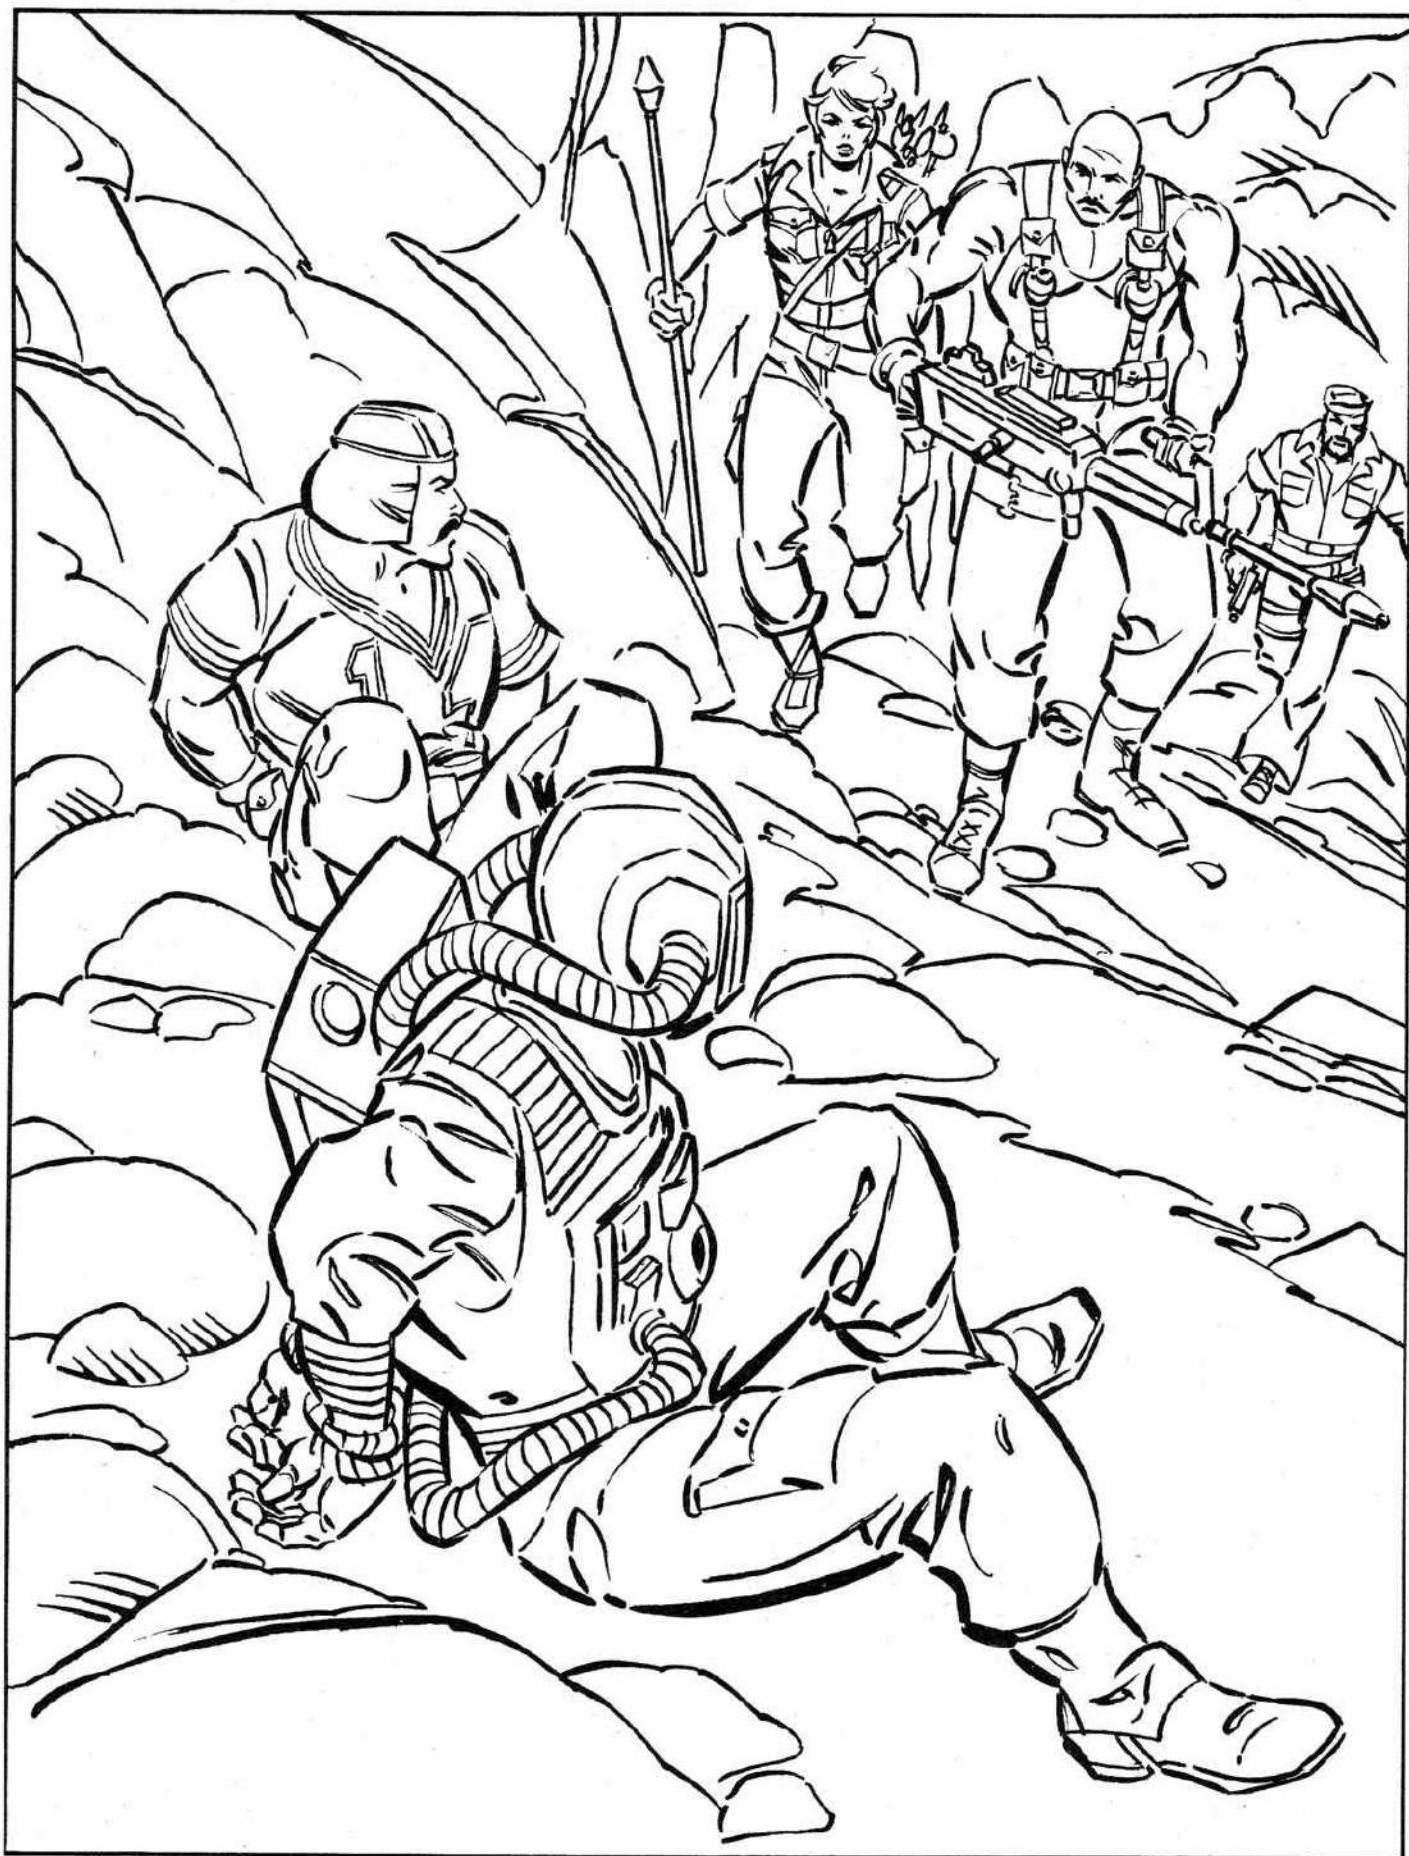

"I'll blow it up!" says Roadblock.

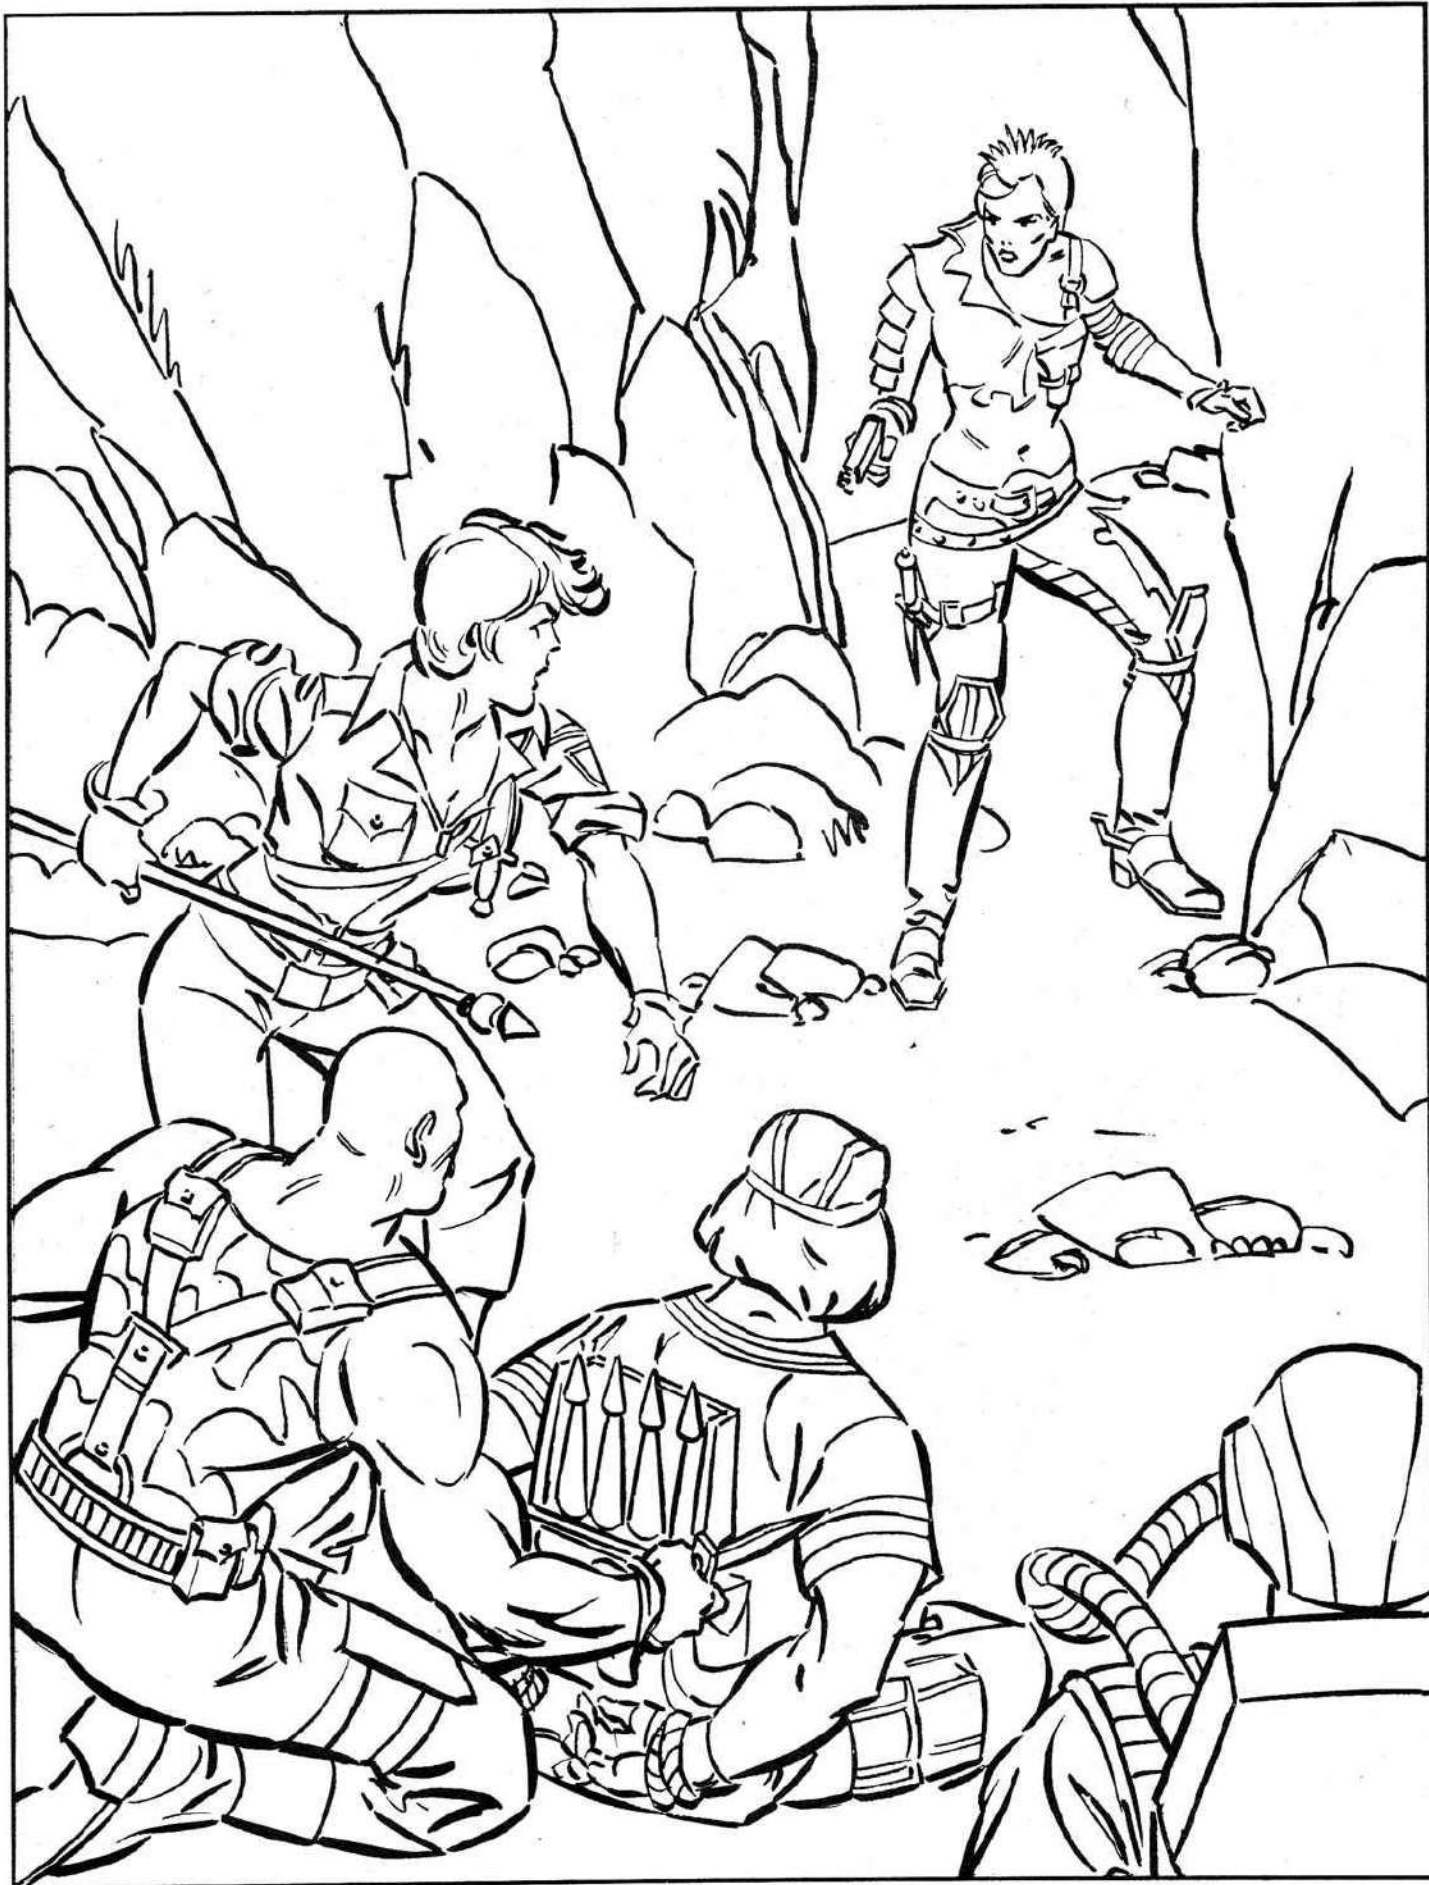

The others look for Airtight and Bazooka.

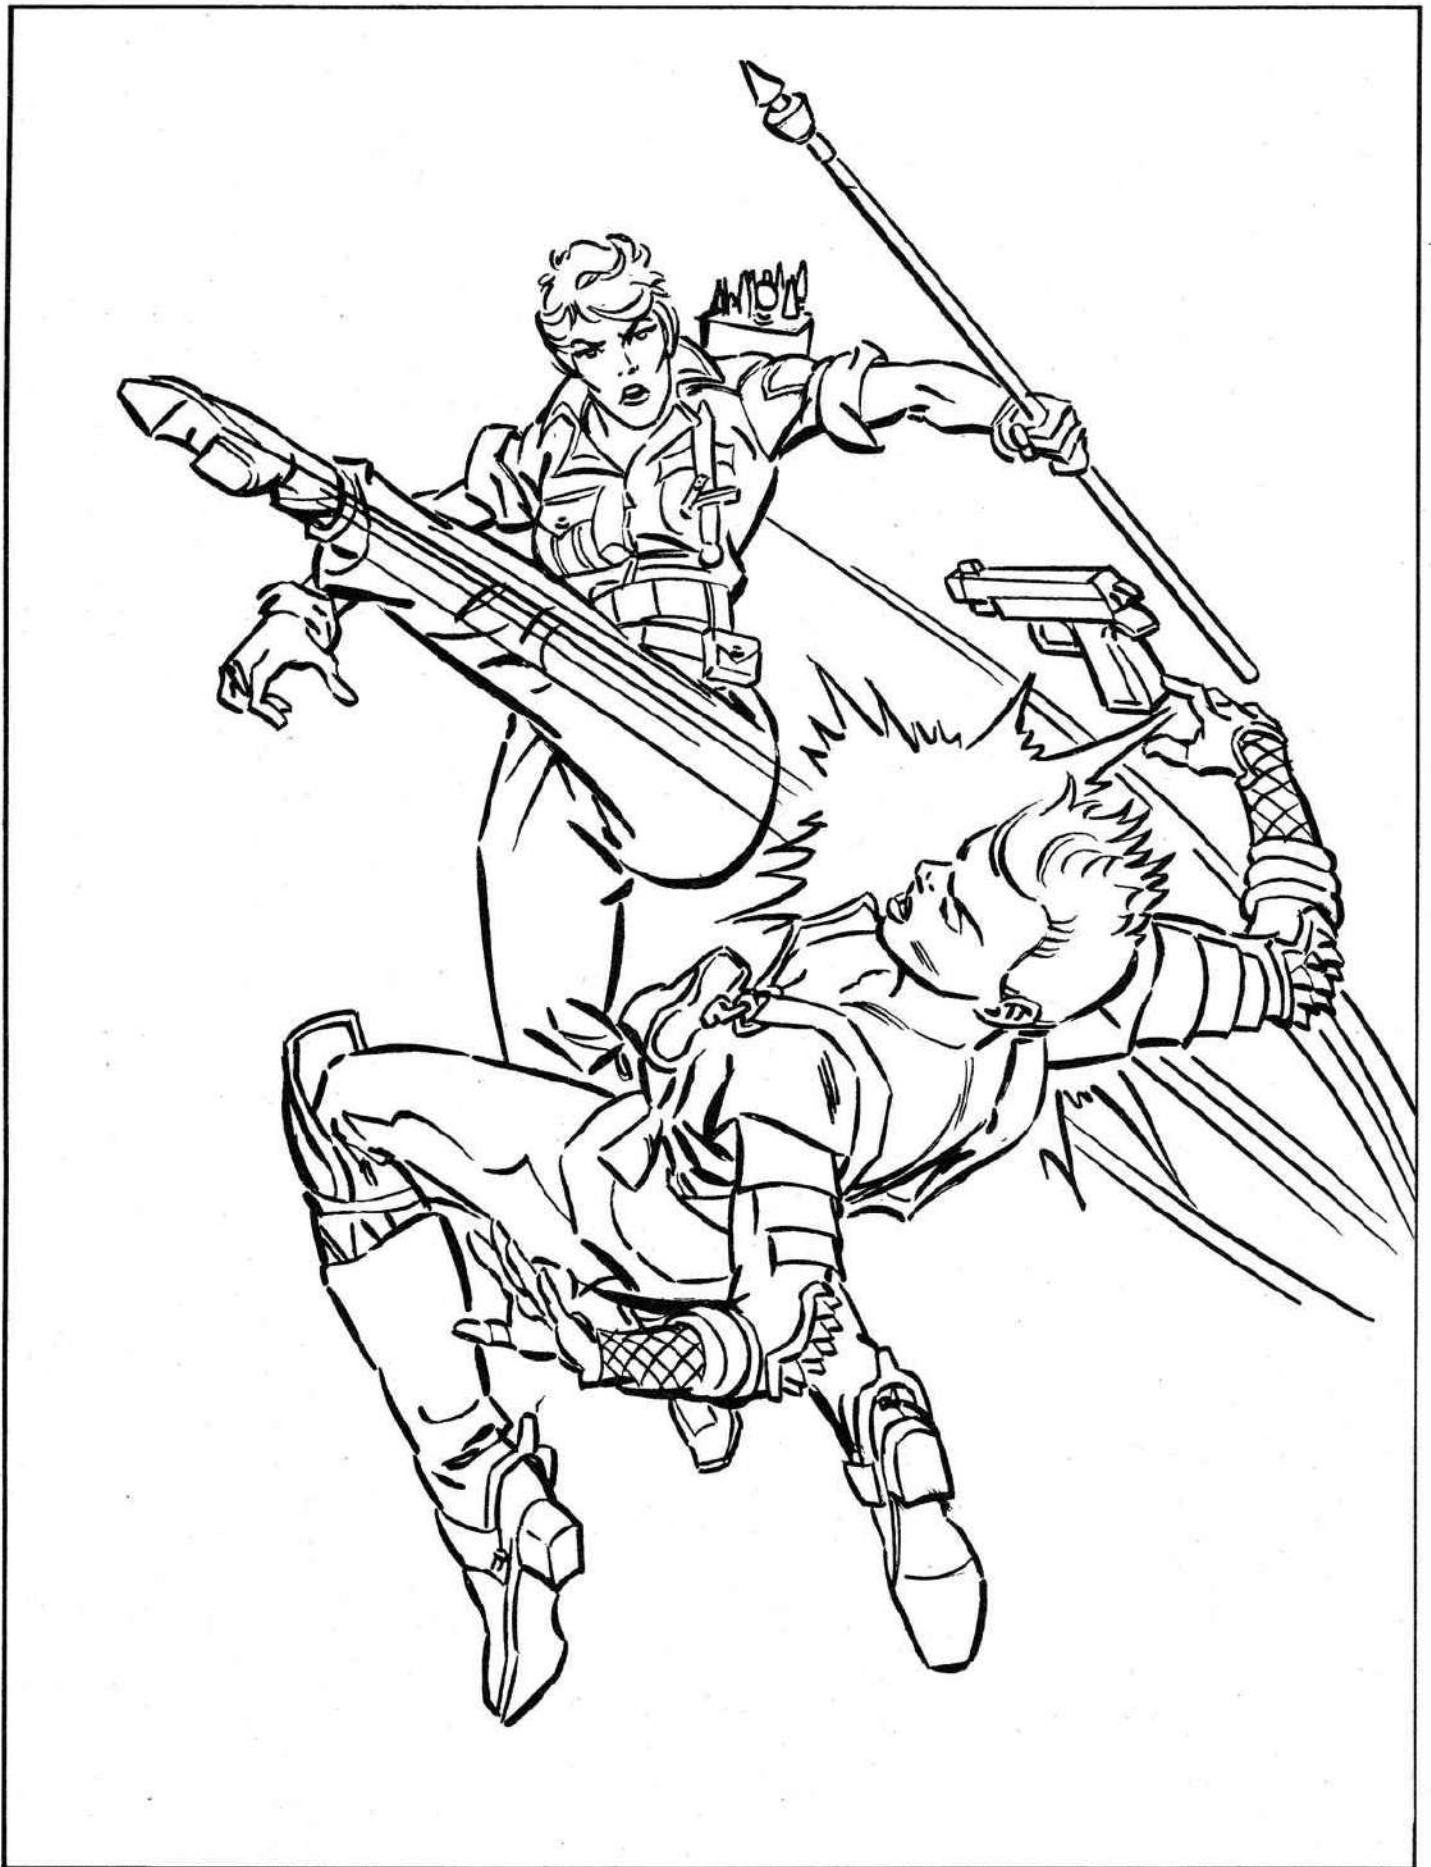

"It's about time you got here!"

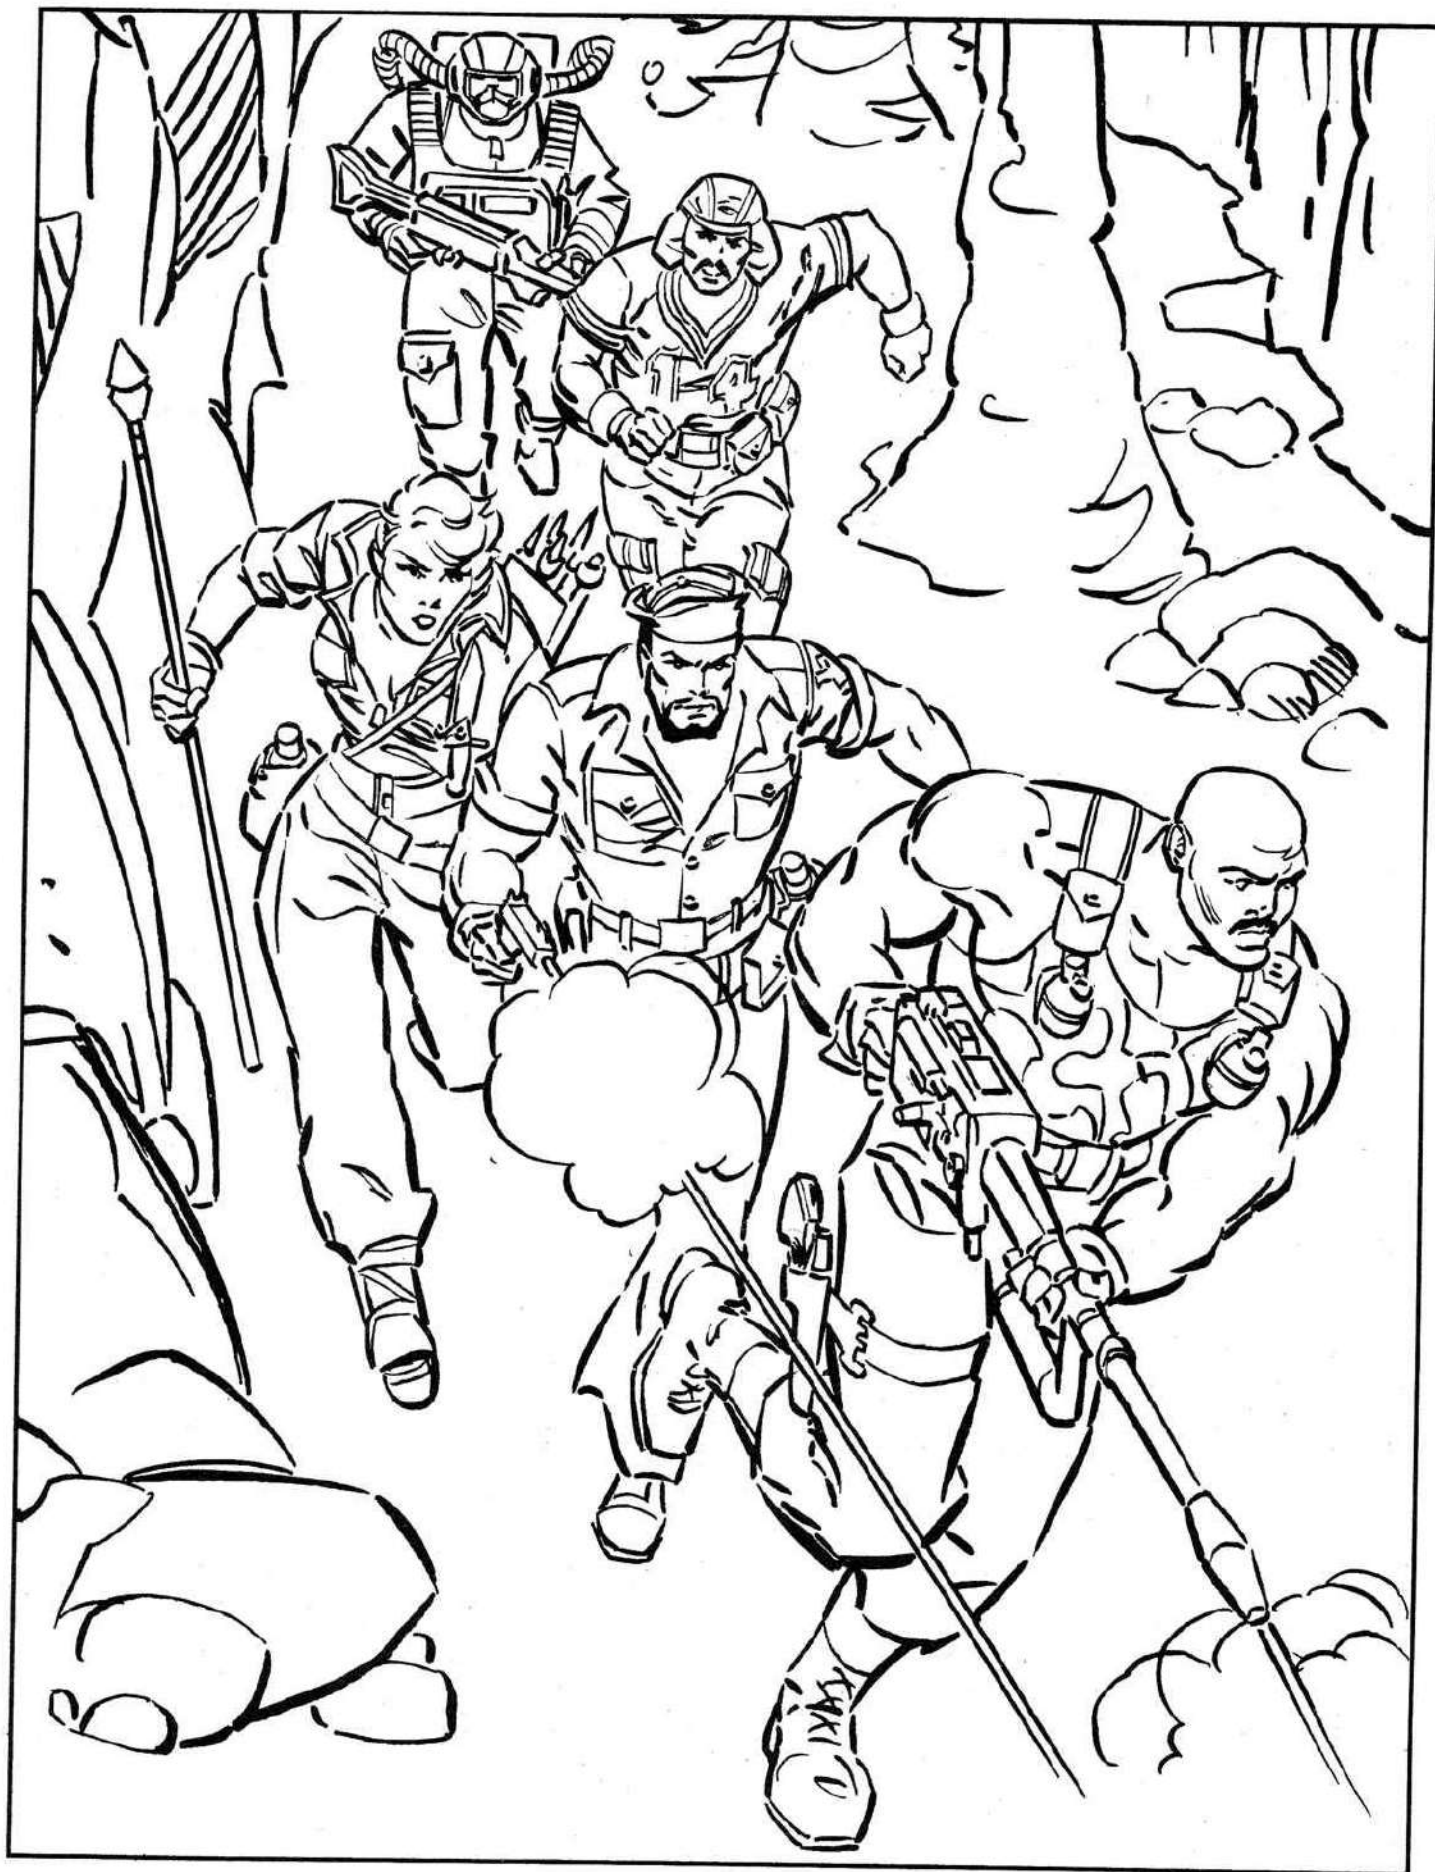

"Not so fast, G.I. Joe!"

Lady Jaye disarms the evil COBRA.

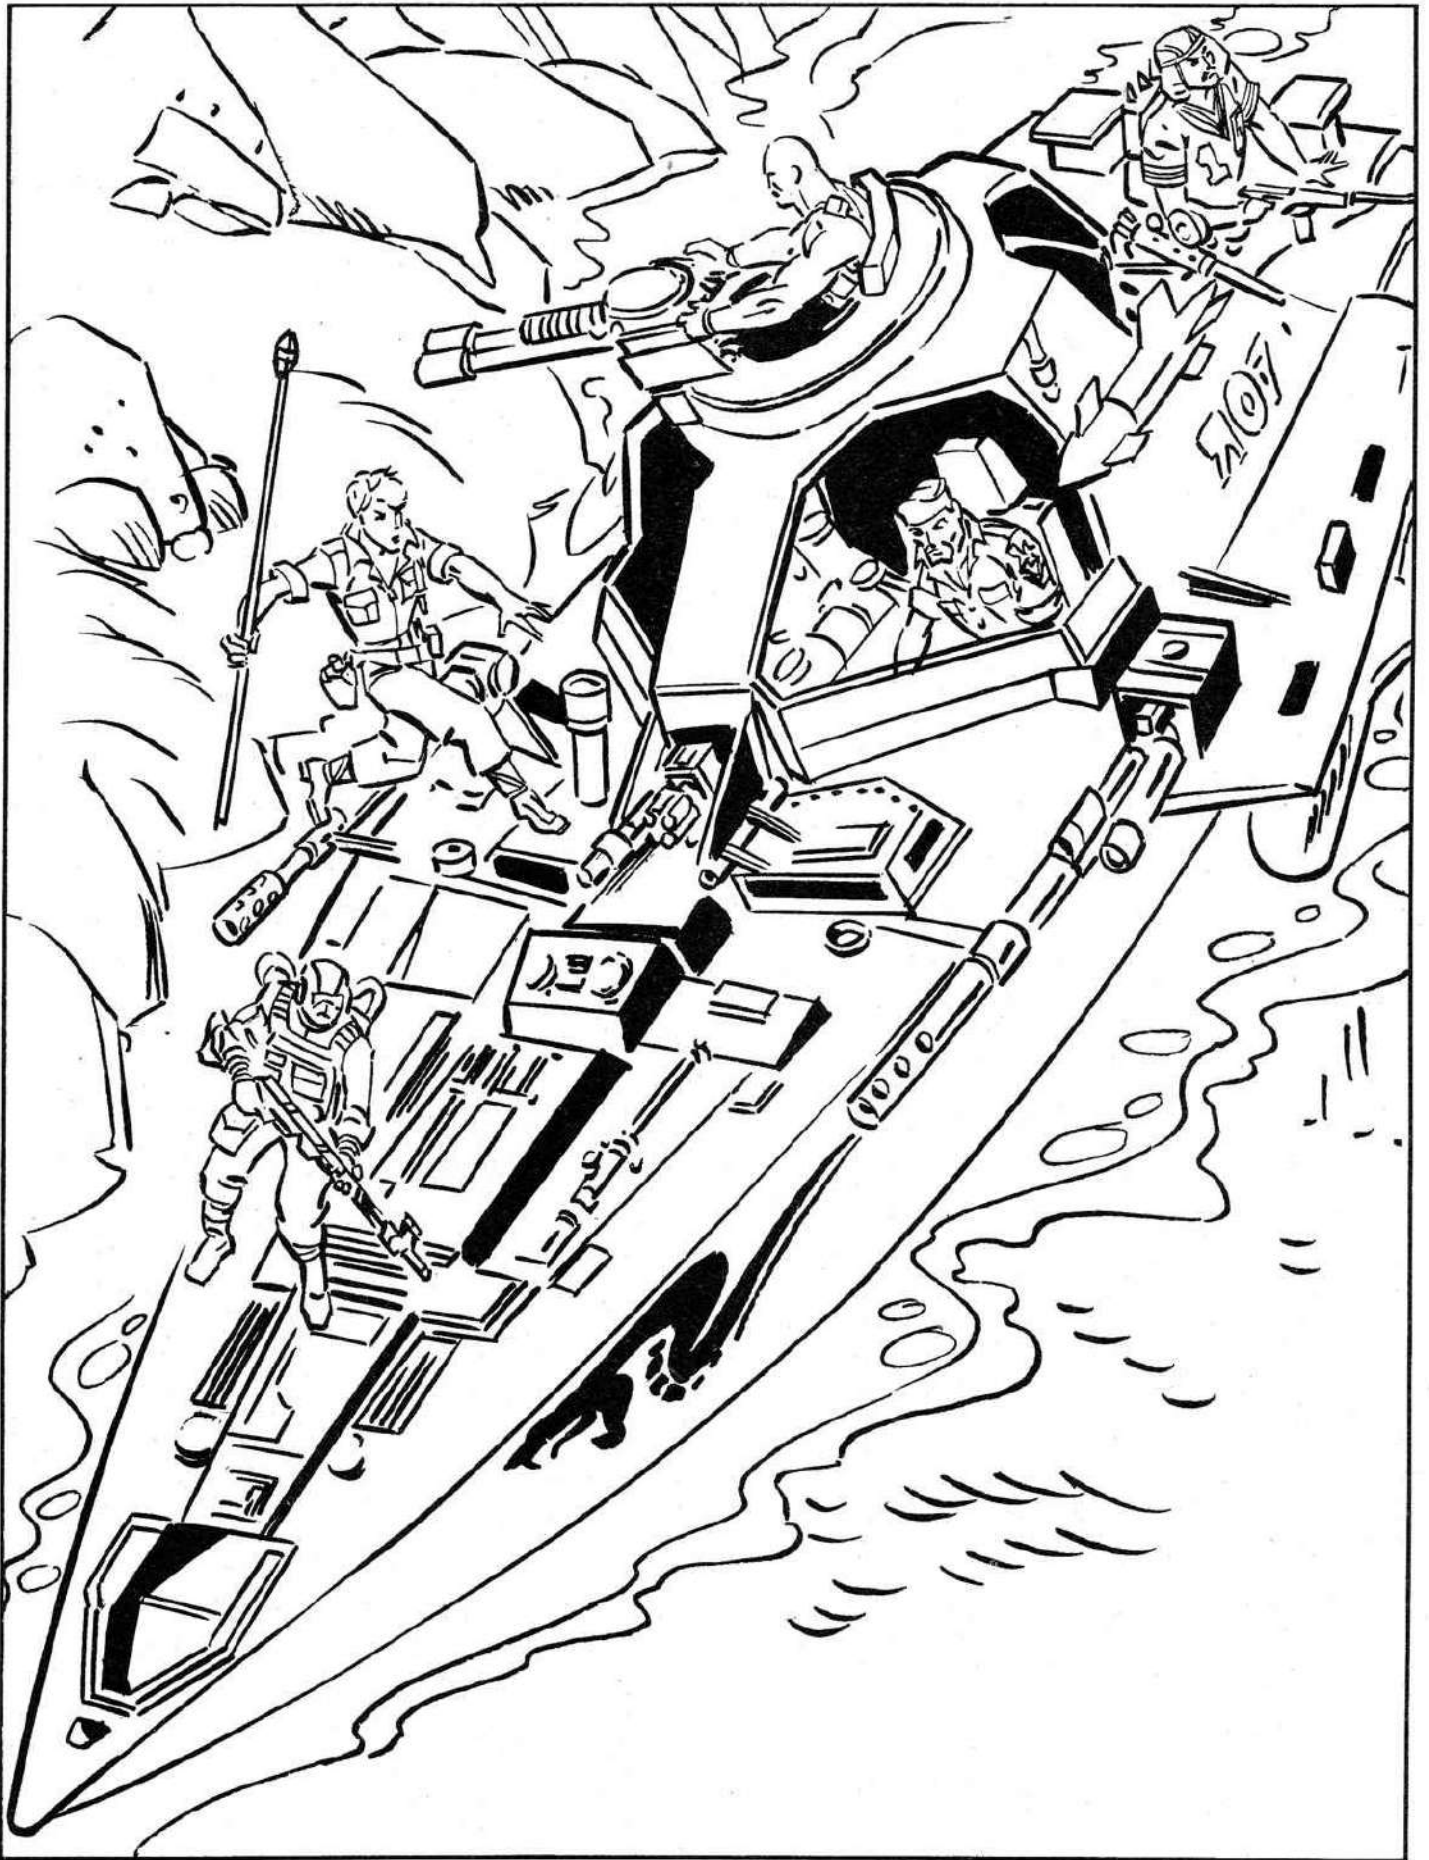

"We've got to get out of here!"

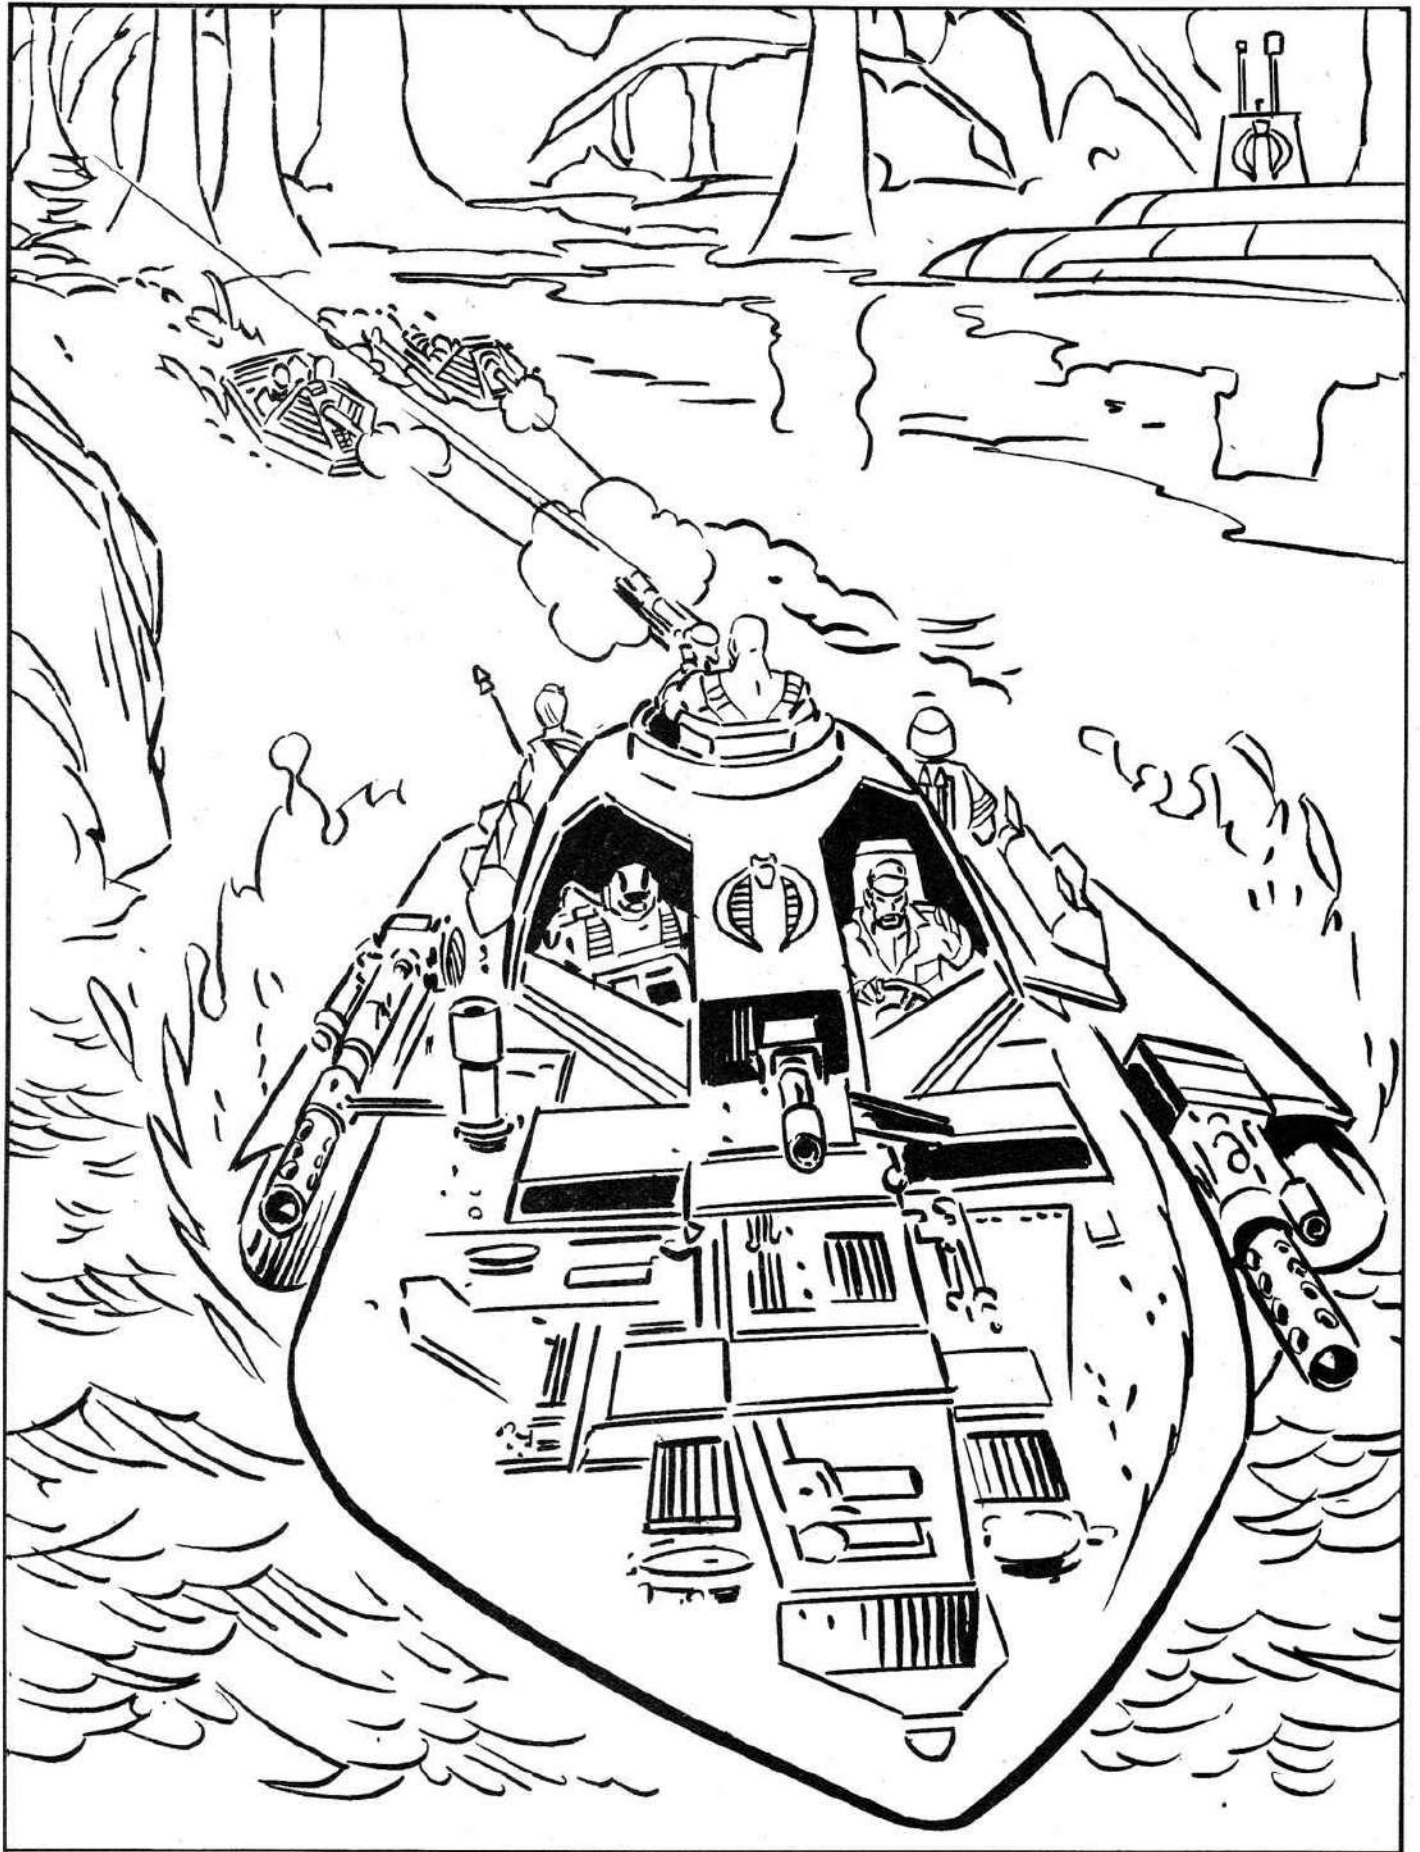

The fastest escape is by sea.

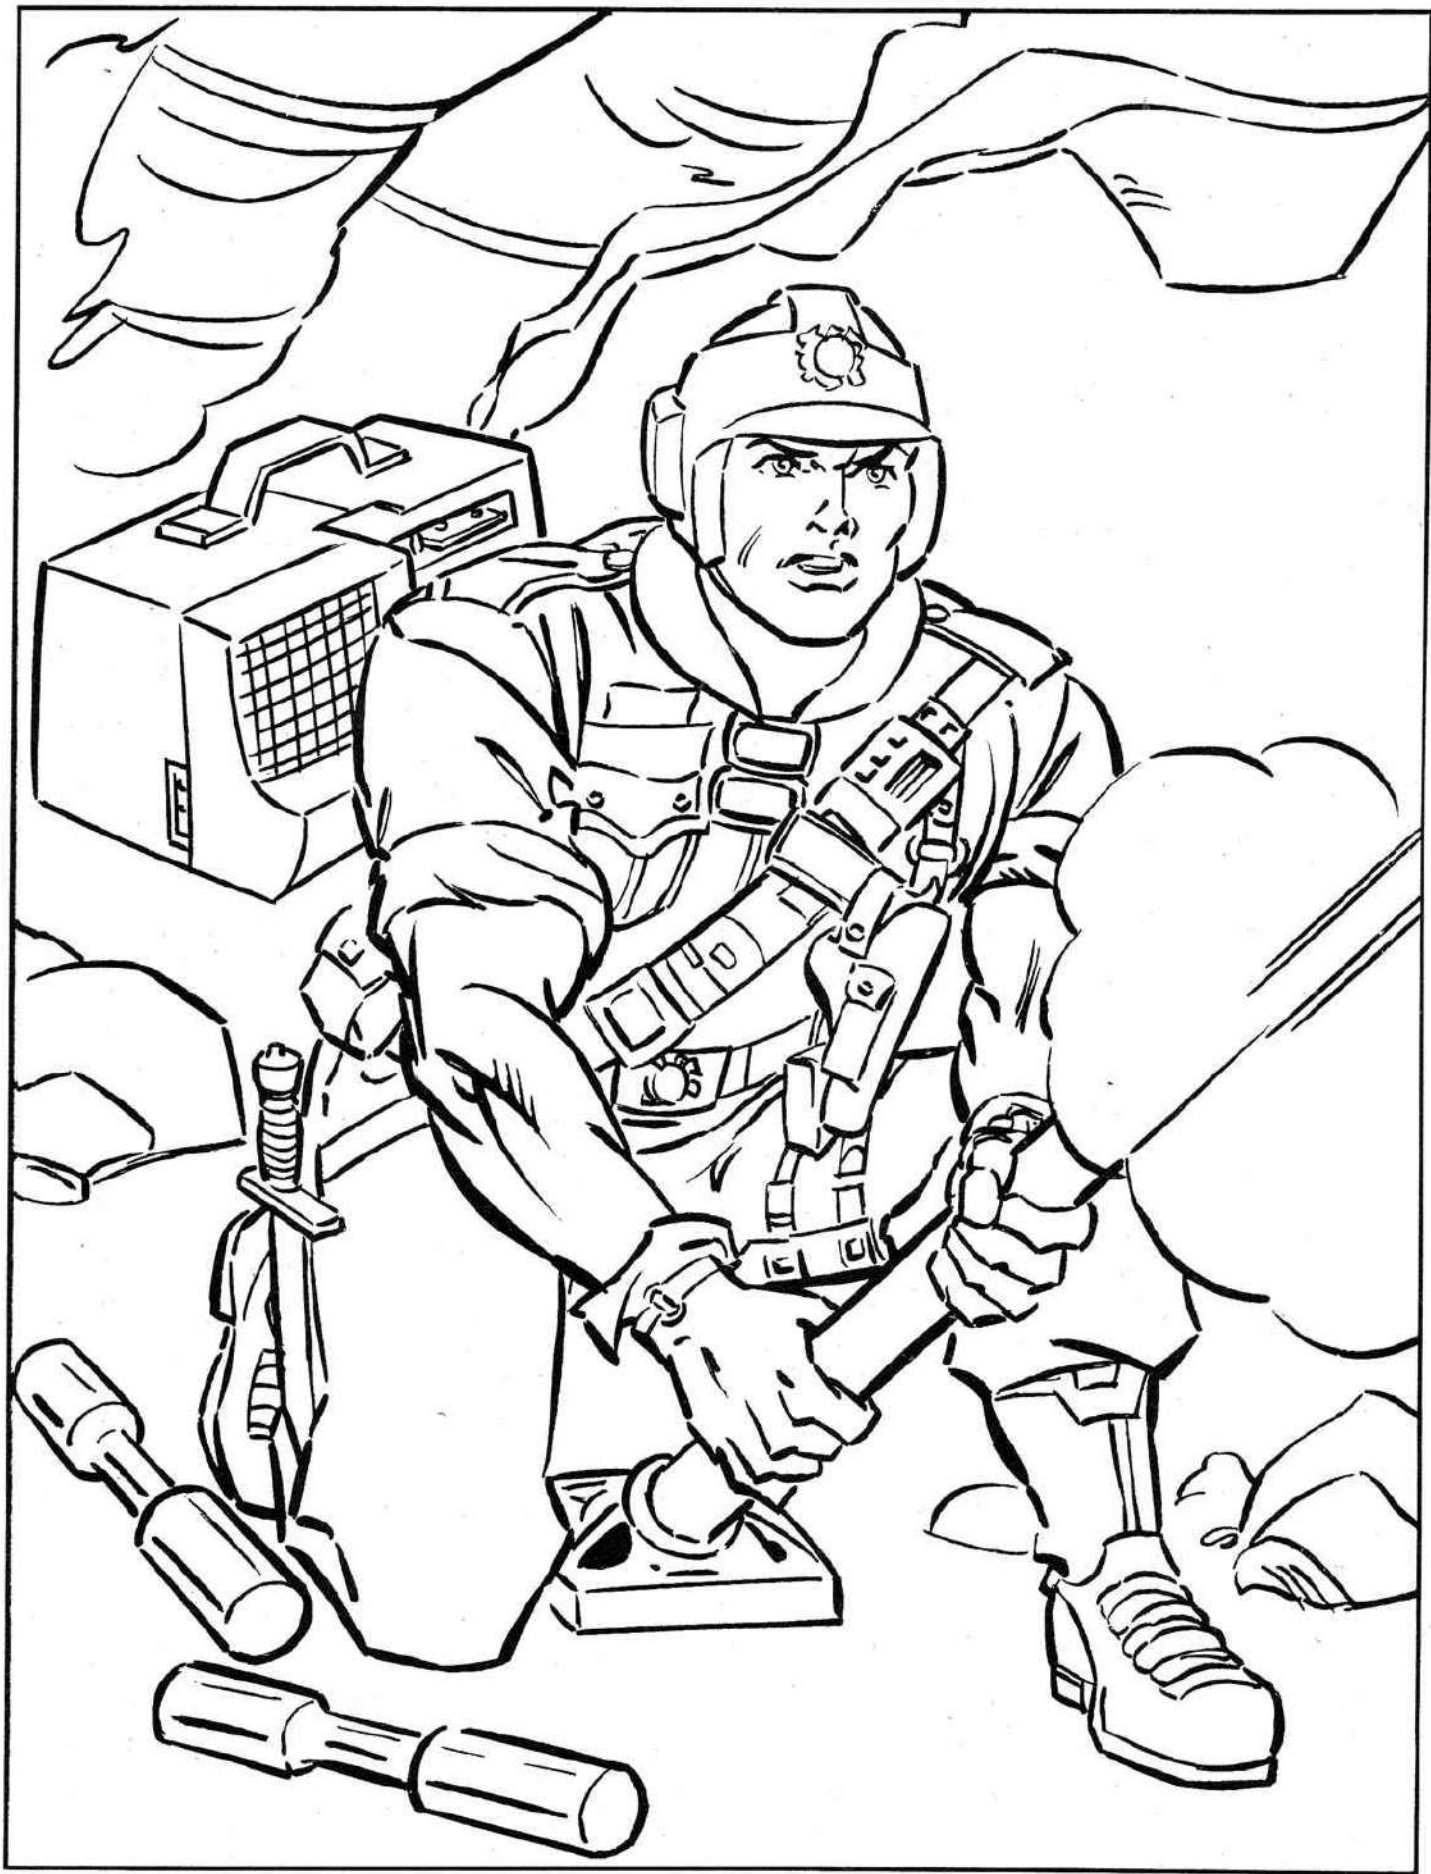

They jump into a COBRA Moray Hydrofoil.

COBRA Hydro-Sleds come after them!

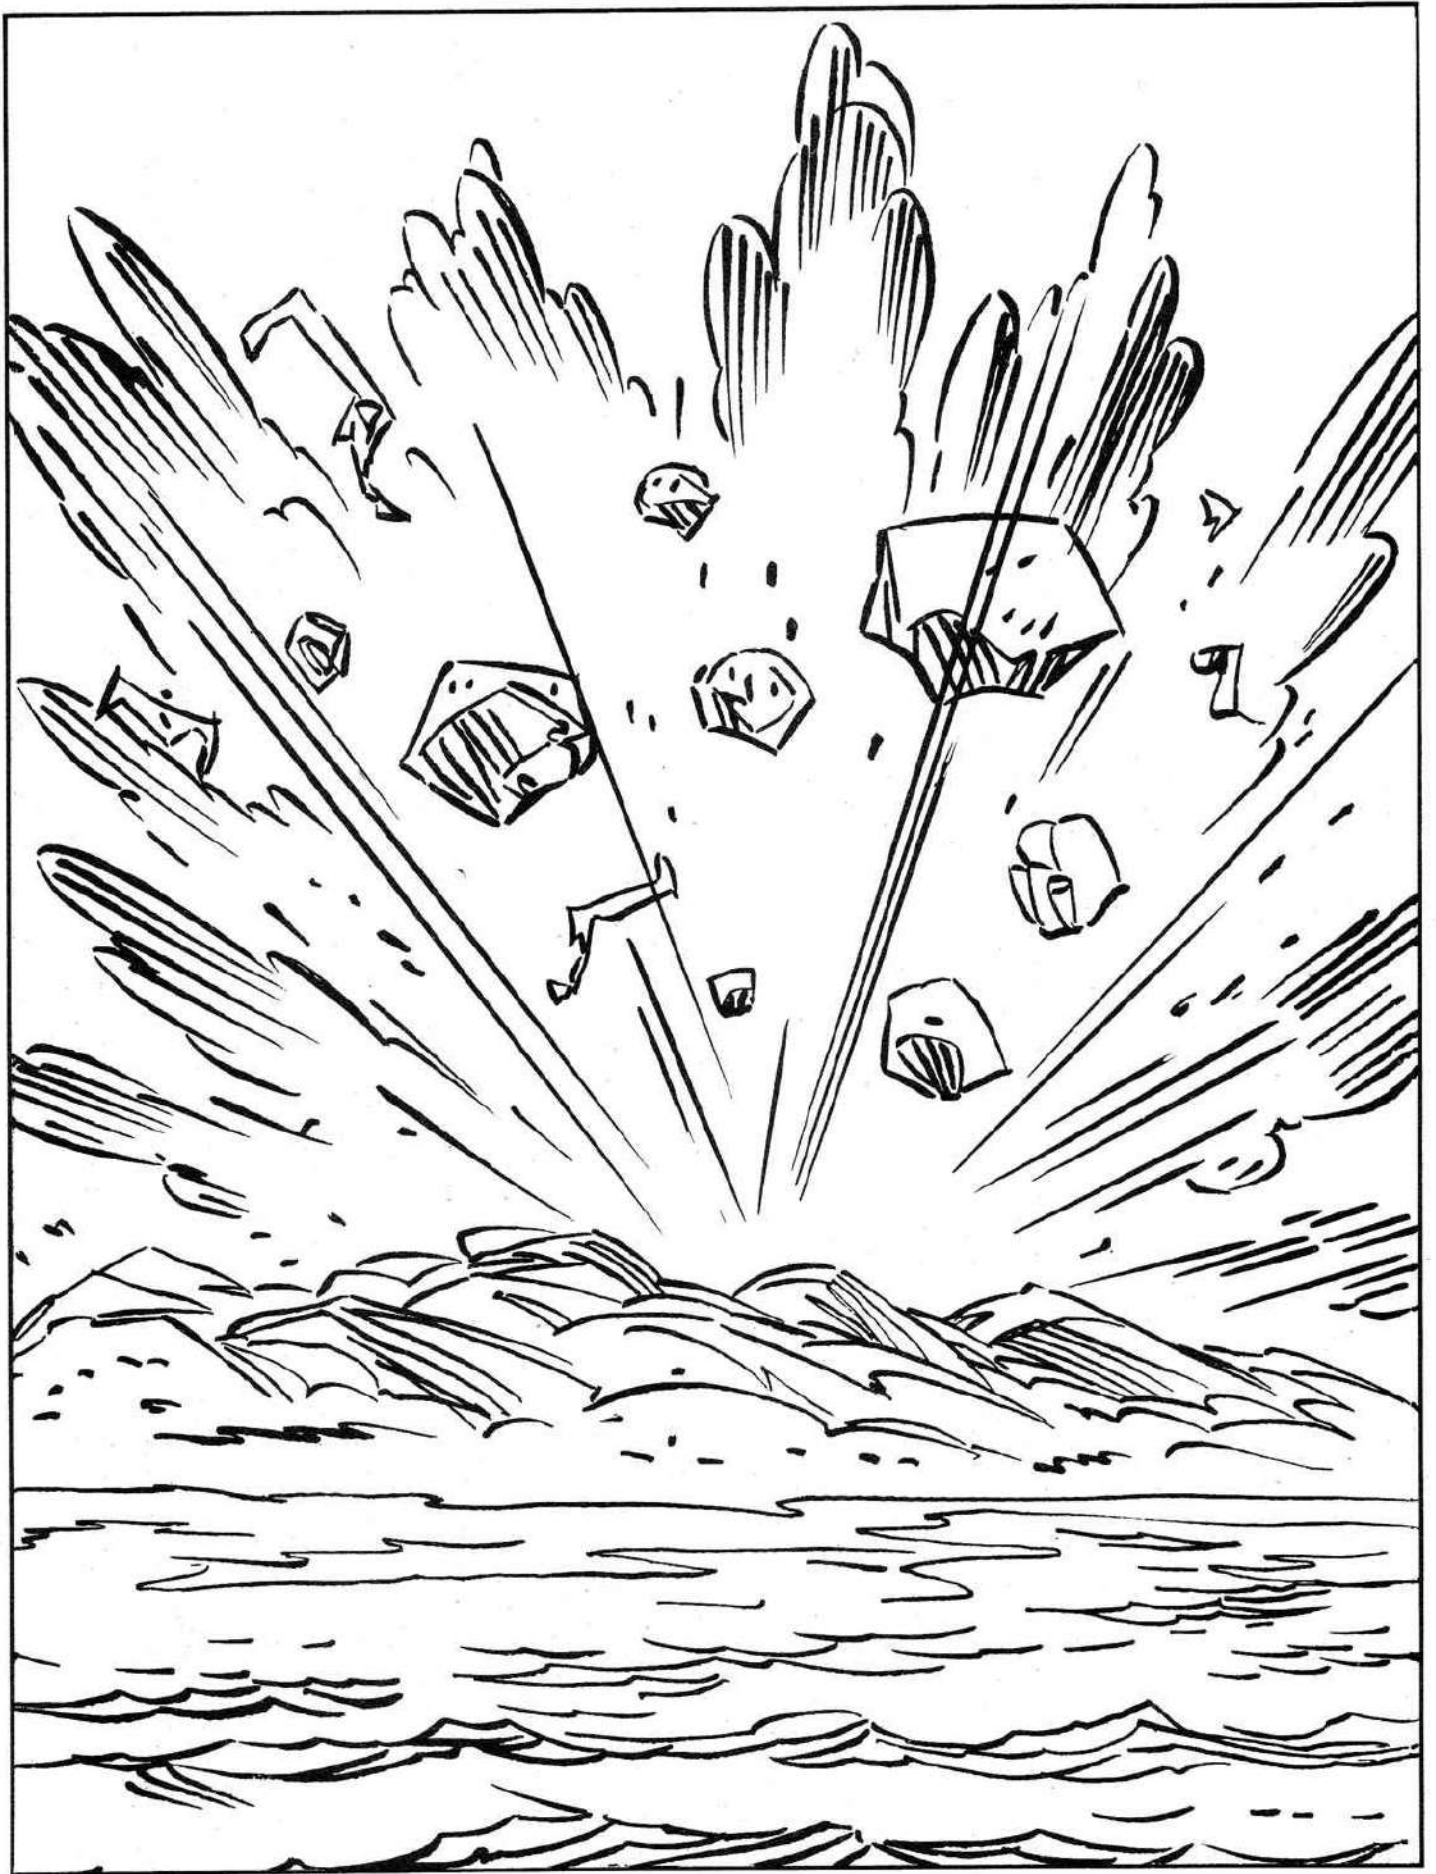

Mainframe fires a grenade launcher.

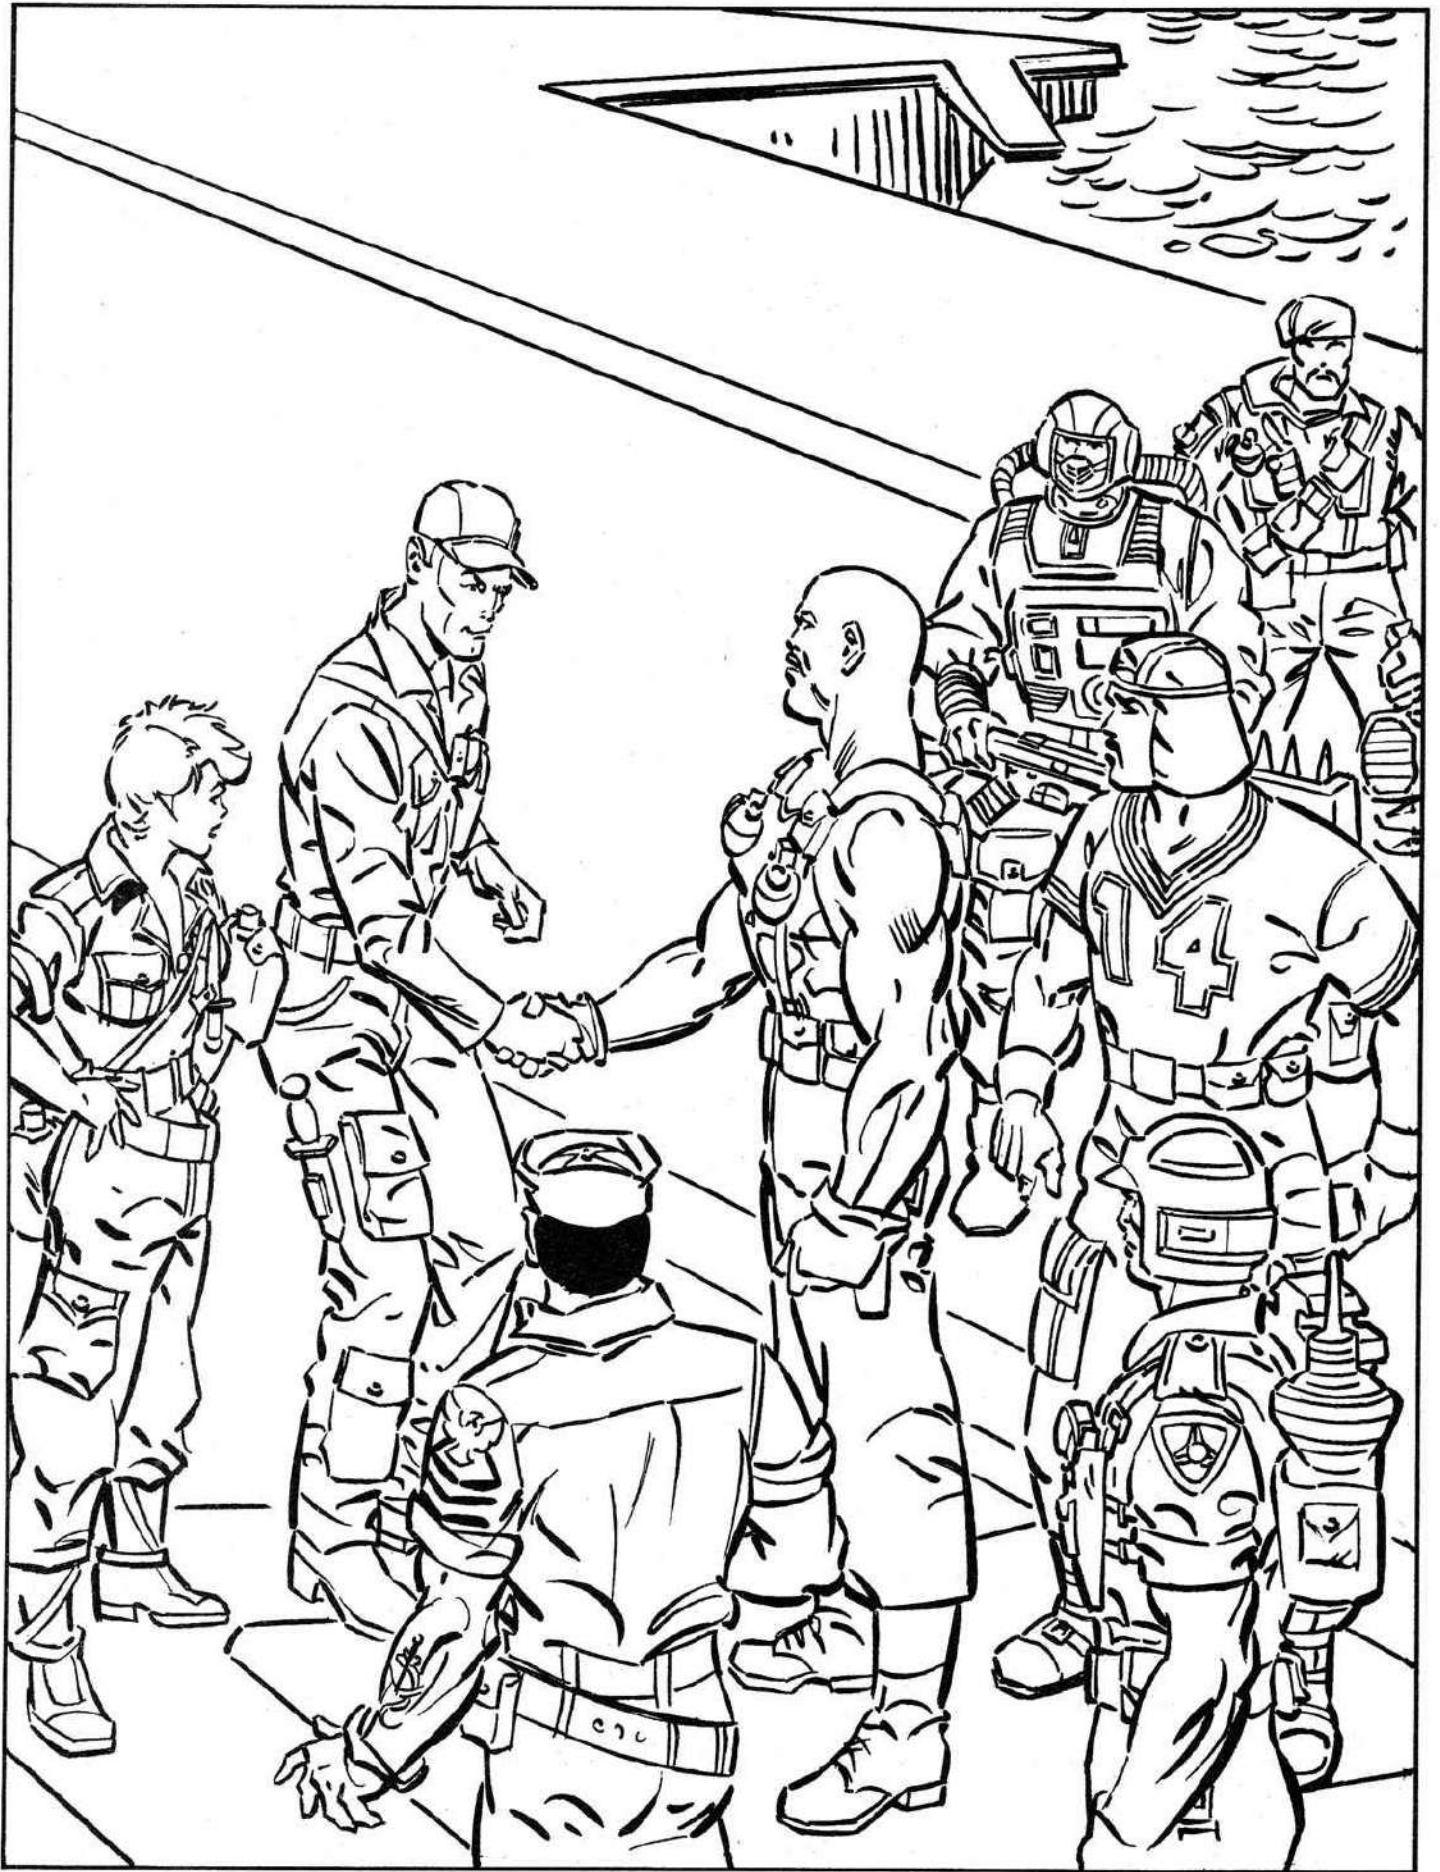

Suddenly, Roadblock's explosives go off!

Then the whole base blows up—and the Hydro-Sleds vanish!

"Good work, team!"
